Dear Mr. Tamm:  
I am enclosing a copy of the  
Circular letter which I have  
written to the various  
chambers of commerce in  
the state of Illinois. It  
is intended to call their  
attention to the fact  
that the State of Illinois  
has passed a bill  
which makes it illegal  
to discriminate against  
any person on account  
of his race or color.  
I hope you will  
be able to get  
it published in your  
newspaper and  
call the attention  
of your readers  
to the fact that  
the State of Illinois  
has taken a  
strong stand  
against discrimination.

My dear General

Knowing you were always interested in a noble life I have ventured to send you through my Publishers a Book I have just written in defense of the old Christian patriot Dr Marcus Whitman of Oregon.

I was a pioneer in Oregon when a boy, & was deeply impressed with the Christian patriotism & heroism of the men & women of that time.

Modern history has assailed their memory. I hope I have made a good defense, & that you will be interested in the history. It seems to me to be the duty of the sons to speak up in their defense - aiding in the endowment of Whitman College does not appreciate a noble life

With great regard  
Yours O. M. Whitman

Dear General:----

I take pleasure in adding a line on my own account to what Dr. Nixon has already written you in regard to his new book which we are just publishing. I am sure you will find the book both interesting and wholesome, and I do not believe you will have occasion to criticise it as you did our book on Grant and Lee. Dr. Nixon is surely authority on Whitman and early Oregon. I believe this book is a very valuable one, and will be interesting to both old and young. I think it is worthy of a place on the shelves of every School and Sabbath School Library, in the country simply as a book on christian patriotism. I trust you may see your way clear to give a warm endorsement to the work.

We have been so busy getting out the Whitman book that the "Grant and Lee" book has been a little delayed, and has not yet come from the press. When it does we shall take pleasure in sending you a copy.

Very sincerely yours,

*Robert W. Patton*

Dear General:

I take pleasure in affixing a copy of my own account to  
that Dr. Mixon has already written you in regard of his new book  
which we are the last to publish. I am sure you will find this book  
of great interest and value, and I do not feel bad about it. I have  
occasional opportunity to see the book on exhibition and fees.  
Dr. Mixon is already antipodal to Mr. Williams and others October.  
I believe this book is a very acceptable one, and will be interesting  
to every school and society in this country. I think it is worth  
the trouble to see it in some form. I trust you may see him  
when you are in town. We have need to plan getting out this  
new year to give a wide circulation of the work.

THE Congregationalists are enthusiastic over a movement started at their recent missionary convention in Saratoga by Gen. O. O. Howard. The General wrote to the Convention proposing that an effort be made to raise \$140,000 to remove the Home Missionary debt. He suggested that fourteen hundred \$100 pledges be obtained for the purpose, and led off with a pledge of \$100 for himself. General Howard also promised to devote much of his time during the coming year to raising this fund.

Gen. O. O. Howard:

Dear Friend.

I sent you recently  
a catalogue of our school that  
you may see the progress we  
are making. The attendance in  
the higher departments was  
larger last year than ever  
before.

The debt of the American Missionary Association is a menace  
to us. The appropriation to  
Straight has been reduced this  
year. This means a curtailment  
of our work unless we have  
special gifts.

I hope sometime, when in

It is hard to say what the exact cause of the  
injury was but it is evident that it was  
caused by a fall from a height of about  
10 feet and the blow struck the head  
and caused a fracture of the skull.  
The man was unconscious for a short time  
but soon recovered and was able to speak  
and move his limbs. He was taken to the  
nearest hospital where he was treated  
and is now recovering well.

General:

Your old comrades know that  
you would do justice, though the heavens  
should fail, and therefore, I have the honor  
to request a line or two on the following  
subject. A local paper has published  
the remarkable statement that "more than  
half our Navy and two-thirds of our  
Army are Romanized." On behalf of the  
Catholic veterans on this island, I beg of  
you to affirm or deny the injurious  
statement above noted. Your retirement  
from active service will, perhaps, permit  
you to comply with our confiding request.
