Ol' Beekman St.
New York
July, 1929.

Dear Frank Howard,

I received yours of 10th ult. Mr. Miller called
and brought me a report he
received from Mr. Meyerholz,
but I take it as a chance that
it was not what you wanted to
frame and write an article for.
I have asked Mr. Meyerholz to
Call and see me, when I
will get some incidents
from him which will be
interesting to write about,
and will send them to you.
Have you any idea as what
time you will be in New York.

I have not been very well lately, therefore have not been able to get around to see, but hope to do so next week. Saw Mr. and Mrs. Miller on Wednesday evening. They with some other friends spent the evening with us at my home. I will hurry up matters as fast as possible once advised.

With kind regards to your wife and family, I am

Very truly and sincerely,

Chris B. Shepherd

My Dear Sir and Brother: I notice
by the program of the Lancaster team,
that you are to speak at that place
Aug. 7th. I write to ask whether it
would be possible for you to sit
over at Columbus the day and
give an address on some sub-
ject that would be in harmony
with a summer evangelistic
campaign which the Young Men's
Fellow Society of the city are carry-
ing on, located in a tent capable
of about 2,000 people.

If you can arrange to give us
an address either going to Lancaster on
returning, we will announce you.
Thoroughly and secure the attendance of the soldiers as much as possible. If it is possible for you to come I hope you will not say no. Please answer soon saying that you will send for your vehicle. Awaiting your favor, I am yours truly.

My dear Gen'l Howard;

We are today in receipt of the first installment of the subscription cards with your letter attached, from the printer, and I at once forward you twenty-five copies. We have sent out all that have come to hand and shall put the entire number into circulation just as soon as we can get them from the printer.

We have also had prepared a certificate of membership like the one inclosed, and have ventured to assume that you would give us your signature as President upon it. We do not want this matter of signing to be burdensome to you and will forward them whenever you wish, that you may do so at your leisure. We have felt that your signature would be a strong inducement in securing subscriptions, and trust that we have not presumed upon your willingness in this matter.

Sincerely yours,

Washington Choate.

My dear Gen. Howard:

We are greatly in receipt of the Your [unreadable]... of the expectation of news with your letter enclosed with the present. May I once more say you are very welcome? We have sent out all the paper we have and hope to have any more promptly the minute number enters station, not as soon as we can get them from the printer.

We should also have prepared a certificate of membership, but like the one referred to in your last favor, to excuse that you yourself give us your signature as president, we do not want. It is a matter of making a promise to you, and you will forward it to me whenever you will. But you may go on to your letter.

We have not time to get your signature, and more time we have not promised when sending your particulars, and more time we have not promised when.

Your influence in this matter.

Sincerely yours,

my dear General,

I read your Form Magazine Articles. The last one is on the landing at the Aug 9th of March 1847. The Indian story might amuse you. The article in the Stilly Journal (in red) is on Col. Hamilton & Col. McIlvain's history of the Indian war — soon after you left yesterday. I had an attack which didn't come to bed & brought the cat to me. I believe this.
Morning but not...
