July. 19th 95.

Dear Genl Howard.

I received yours of
10th ult. Mr Miller called
and brought me a report he
received from Mr Meyerholz,
but I saw at a glance that
it was not what you wanted to
frame and write an article from.
I have asked our Meyerholz to
call and see me, when I
will get some incidents
from him which will be
interesting to write about,
and will send them to you.
Have you any idea as what

time you will be in New
York!

I have not been very
well lately, therefore have not
been able to get around to
C. M.; but hope to do so
next week, Saw Mr & Mrs

Millers on Wednesday Evening. They
with some other friends, spent
the evening with us at my home.
I will hurry up matters as far
as possible and advise you.

With kind regards to your
wife and family I am

Very truly and sincerely
yours

Chas. H. Shepard

Washington, D. C.

My Dear Sir and Brother:

I notice by the program of the Lancaster Assembly that you are to speak at that place Aug. 7th. I write to ask whether it would be possible for you to stop over at Columbus one day and give an address on some subject that would be in harmony with a summer evangelistic campaign which the young peoples societies of the city are carrying on in a tent capable of seating about 2000 people.

If you can arrange to give us an address either going to Lancaster, or returning, we will announce you

thoroughly and secure the attendance
of the soldiers as much as possible.
If it is possible for you to come,
I hope you will not say "No".
Please answer soon saying what
you would expect for your services.
Awaiting your favor, I am
Hearty Yours,
Henry Stauffer.

My dear Gen'l Howard;

We are to-day in receipt of the first instalment of the subscription cards with your letter attached, from the printer, and I at once forward you twenty-five copies. We have sent out all that have come to hand and shall put the entire number into circulation just as soon as we can get them from the printer.

We have also had prepared a certificate of membership like the one inclosed, and have ventured to assume that you would give us your signature as President upon it. We do not want this matter of signing to be burdensome to you and will forward them whenever you wish, that you may do so at your leisure. We have felt that your signature would be a strong inducement in securing subscriptions, and trust that we have not presumed upon your willingness in this matter.

Sincerely yours,

Washington Choate.
