Major General O. O. Howard

Dear Comrade having written you last
winter about an Historical Picture and War
relic of Both Union & Confederate Armies on the
James and Front of Petersburg Va the work of my
hands during my service as a soldier in the
Army of the Potomac. But only since last Spring
have I offered this for sale to aid me I am as
I told you then sorely afflicted with Gravel
and Chronic inflammation of Bladder and
also ruptured. am poor only getting a Pension
under act of June 27 1890 have a family General
you wrote me that you had so many places
to give that you felt that you had to stop I
have all our Generals on my list except 2 or 3.
now I sold them at \$5. But since then have
reduced the same to \$3. I am anxious to have
Every General upon my list and pray for you
to send your order if you are not pleased
with the Picture then you need not remit
the \$3. I am sure you will cherish this as nothing
of this kind has yet been offered my comrades
General I am a soldier for the Heavenly Land
as well as I was for my Country and I also ask
your prayers our Pastor told me of you having
spoken for Christ at some place I forget and he
said He was so much pleased to hear the words
of that one Armed Soldier and General. I am
happy to have your name on my list and I assure you
I have made no money out of what I sold
up to time but believe if I could get it into
communities others will see it and want it
wishing you well I will close for this time
I pay for sending and no one need pay for
it until they see it and are satisfied I send
none C. O. D. I am honest and trying to show you
something that our Generals profited in real
as things looked in 1864 & 1865 it is Photographed

Dear Sir: Your favor of the 17th in reply to my letter to Genl Howard is at hand.

I want to have a personal interview with Genl Howard in regard to the matters of which my letter treated and I should like to locate him in New York when he returns, which you say will be the 23^d. Will you please write me if you know when Genl Howard will reach N. Y. and where he will stop there. Does he go directly to Fall River from there or does he go to Burlington first?

Dear Sir:-

Mr. Plumley has doubtless informed you of all that has been done in regard to purchase of land. We expect the business, so far as purchases already made are concerned, to be completed right away. In addition to that we have raised something over \$300.00 in this town to complete the room for Electrical Engineering. I have received from Mr. F. T. Austin a plan of the proposed drill hall, and I am having some photographs made of it, so that they can be used whenever desired in sending to parties who are interested in its erection. I think that the plan will please you. He has not given me the estimated cost, but I have written for it. Gen. Dodge has written me promising to pay \$500.00 toward the professorship of Electrical Engineering for this coming year. I should be glad to see you in relation to several matters of interest connected with the University. I may be in Burlington some day this week, and should you be there, I should be glad to call on you for a short time. As far as I can judge, everything seems to be going on in a satisfactory manner. Arrangements are nearly completed for next years work. I will furnish you with copies of the photographs of the proposed drill

I should be glad to have you write any suggestions that occur to you. There is one thing that I would like to see done this fall. I think that we ought to have furnaces put into Dodge Hall; it would be a much better and more economical way of heating the building than is now done. I suppose it would cost about \$400.00 to do it. We should also put electric lights into the buildings. I don't just know where to look for the money to do this work now, as we could not ask Gen. Dodge for anything more at present. If you can suggest a way of securing the funds necessary to do this, I will do all that I can to see that it carried out.

Dear General:-

I send you a blue print of the University grounds as promised yesterday. I have indicated by red marks and crosses the grounds now owned by the University. The corner lot of McGrath we have not bought, as explained to you.

In this plan the drill hall is down on the plot of land owned by Cushman. I think that under the changed conditions it would be somewhere on the N. U. parade. You can see by the plot where my house is, and on the North end of my lot is the point indicated for the proposed presidents house. The University has not as yet bought this lot, but as I told you, I will sell should they wish to.

Quite an interesting incident has come to my notice regarding Col. Pope. Fred T. Austin, now of Brockton, Mass., and the architect of the drill hall, about 1882 lived at Hancock. He was then fourteen years old. He wrote to Col. Pope asking permission to make a bicycle, saying that he was not able to buy one and wish^{ed} to use it in going to school, which was quite a distance away. Col. Pope wrote him giving him full permission to make the wheel, and also sent him some of the material at a much less price than he expected. Col. Pope asked him to write him if he succeeded in making the wheel, which he did. Perhaps it would not be too much to say that this permission to make the bicycle has been the

Gen. O. O. Howard,

Dear Sir:-

I send you today under separate cover a few blueprints containing plans for the University suggested by yourself. We now own the land or parcels marked Johnson, V. U. Parade, Barker, Dale (west of Central St.) and Joslyn. We ought to have the parcel marked McGrath for this would make us practically clear from Central St. to the Railroad. I think we will get it but the Irishman asks too much. He will come down eventually. I should have sent them long ago but I have been at the Seaside and on my journey I lost a roll of them which

I had ready to mail to you. I hope you will excuse the delay.

We all feel very much encouraged by what you have done for us and our Alumni are writing us and expressing their pleasure at your connection with the University. Mr. C. E. Tilton of Tilton N. H. is a new discovery to me. He was a Cadet in 1845, is now a millionaire, and has done something for Tilton Seminary but is now out of humor with them. Perhaps he might help us. I think he would.

Yours Sincerely

John B. Johnson, Professor.

Boston, Sept. 6 1895

Genl J. J. Howard:

My dear General:

I may possibly want to use your good offices in connection with the Hamblatt Will Case in which I am interested and of which I think I once told you something.

Mrs Lambeth, a child of mine left \$1000 to the Hampton Institute near Forten, Missouri and left some money to me. Her will proceeds to contest the will and ^{last December} settled with all as I then supposed for \$15000 giving \$6000 to each share and became the quitclaim owner of their interest. ^{The will was then dropped}

Later on a new set of heirs turned up representing a dead brother & claiming a share. ^{They filed a petition to break the will} My counsel

Robert M. Morse Esq. offers to pay them \$4000 the same to be rapped among the legatees. This settlement as you see is $\frac{2}{3}$ better than the one I made with the 3 other shares and is one which the legatees should jump at.

Up to date the legatees, fifteen in number have consented to the settlement except 3, of whom the Hampton Institute is one.

The agreement which they are asked to sign is to rebate 30% of their legacy to retire these

new claimants & prevent a fight which
involves all they get under the will. 94.

Judge Putnam representing Bowdoin College
Judge of the U.S. Circuit Court has approved
the attempt as also the representatives of
six or seven Boston Institutions so that
there is no question about its being a good
thing. Unless they all sign some are bound by the
agreement. These heirs are demanding a settlement
of me & the matter hinges on the action of
the three Institutions of which Hampton is one.
Further delay not only jeopardizes their interests
but also all the others.

Now I believe you are a Trustee of the
Hampton Institute or are in touch with
those who are. Unless I hear from them shortly
I shall go down to N.Y. & see what the delay
means and I should like to have you
write them a note for me to take along
to say that you know me and that I can be
relied upon to advise what is for their
interests. If you are a Trustee will
you let me know about it and also when
is the quickest time they can take action
in this matter. Very sincerely & Respectfully
Edw. D. Auburn

Gen. A. A. Howard,

Dear Sir:-

Prof. Brill is out of town and I therefore will say, in response to your favor of Sept 2nd, that the matter was overlooked by the gentleman who had it in charge & will remind them of it today and I do not doubt that it will be attended to at once. I enclose a letter received in our mail which will explain itself. Yours Very Sincerely
J. B. Johnson.
