Gen'l O. O. Howard,
Washington, D. C.

Dear Sir:--

We have in preparation a book soon to be published, the outline of which you will find hereto attached. The idea of the work is to show the development of civilization along the various lines from ancient times clear down to the present. The various chapters are written by prominent men especially qualified for their particular chapter.

We have associated with the work many of the leading men of our land. We know of no one so well qualified to write chapter #9 "Soldiers", as yourself; besides the people of our country would appreciate the chapter from your pen, probably more than from any other man that could be secured. The chapter need not be very lengthy, say twenty-five hundred to three thousand words, showing the work of the soldier from the ancient crude plan of warfare down through the times and up to our present improved army equipments, together with a brief work about some of the great soldiers of the world, and especially of our own land, the service that they have rendered the country &c.

We of course expect to pay you for the article, and would be glad to receive it at your earliest convenience. The writer tried to meet you when you were in Springfield at the International Y. M. C. A. meetings. He heard your address, but was unable to meet you personally. The enclosed circular of our last book will show you the character of the persons identified with our books. We publish a line of books especially suited to the masses, retailing at a low price and meeting the needs of the average home. Our books are of an elevating character, and plan for the accomplishment of good. Please let us hear from you within a few days, and trust you will send us a favorable reply.

Yours very truly,

Gen O O Howard,

Dear Sir:

I feel glad to communicate to you of our success in regard to the purchase of our Church Organ that you so kindly helped us purchase. Perhaps I had better refresh your memory, in reference to the time and place, that you so kindly assisted us in signing my papers.
Sitting in a carriage in front of Britton house, at Manchester C. during the reunion, the total cost of our engagement was $60. I am a member of the M.E. Church and the Equal Rights League, therefore was a member of the 35th Ohio regiment. And I have heard him speak of you so much. I will now ask another favor of you, I want you to send me a present to remember you by one of your own selection. I will now close, hoping to hear from you soon.

Yours Very Truly,

My dear Sir:  

I wish to thank you for your kindness, and expression of sympathy. Your letter has given me fresh hope, and my prayers to our Father will come from a more contented heart.  

I write to my uncle on the 19th of last month, telling him of this great grief, and of the financial difficulty I was in, but have had no reply from him, and I
Fear that my letter may have miscarried, I have written to him again today. If you can spare the time, will it be asking too much of you to write a few lines, telling of my appeal to you? The dire necessity I am subject to?

I can not tell you how grateful I am to you — I can only say may God bless you.

My dear General Howard:

This is now nearly two years since you came to Mount Vernon and gave us a lift at the dedication of our church. You know better than I can tell you of the difficulties in the way of building up a Congregational Church in a new town. Thus far we have gone straight ahead though slowly. Now we want you again — as Mr. Reilly has written you for December 8th. We are to have a lecture with a prominent Congregationalist every evening. You can help me and help Congregationalism in our city — and help the cause of Christ if you can see your way clear to spending a Sabbath with us. If you cannot come on the 8th, please tell me whether you can come for any day during the 1-8th inclusive. I hope you can help our young church in this way.

Very cordially yours

L. F. Duell.

Friend Howard

I read your letter with regard to the monument. I have seen Letter Howard, the days he will do what he can to help carry out your wishes.

I think we can get teams to haul the stone from the depot to the hill. I send you a list of names of all the soldiers from Leeds that I know of you can select from it the names that you will to have on the tablets.

I wish you would write me how much the heaviest stone would weigh that you proposed to use.

Dear Sir,

In the same
mail with this, a letter, hurriedly given
me a week ago by Mr. Huyford Crawford
Supt. of McIntyre's, where I am
with him, which letter I have
detained until I could fix
definite dates for one reason
and for the other reason that
its influence with you might
not be lost.

Our purpose is this—On Dec 1st
next, our Pastor Rev. L. H. Bull will
open a series of meetings in our
little church here at the dedication of which I understand you assisted, the meetings will run through from Sunday, Dec 1st to Sunday, Dec 8th. Supposed, they will be successively addressed by well known Congregational Ministers, including D. Hayworth, D. Weldon, R. S. Lynne, H. A. Bost, D. Virginia. 

It is not a revival or a sensational occasion but a plan to draw public interest towards the good work as seen and done in the Congregational Church. We are a healthy little body of 88 members now and we wish to advance with the same healthy spirit to a larger and more extensive usefulness. These meetings every successive night addressed by some of the grandest men of our church we feel sure will arouse the very deepest interest and open the way for advancement in this growing community.
With this explanation will you generously consent to close this succession of meetings on Dec 8th.

We are aware that we ask much but our aim is a grand one and our anxiety is to have our church life put before the community by those whose life long loyalty to its principles will command instant attention and respect.

We only offer to pay all expenses for traveling and entertainment either at a hotel or if you would so consent to become my guest at my home which is only half a block from the church. I will promise you every comfort and convenience possible while appreciating such honor done me.

Very truly yours

Dear Sir:-

Your letter containing check for $500, made to the Treas. of Norwich University, was duly received, and turned over to him.

Dear General Howard:

Some weeks since I sent to you among other leaders of religious thought and work in the United States some little leaflets, presenting methods of Christian work and co-operation which we are now inaugurating in local alliances. I have received many very gratifying letters in response. These I desire to print at an early date; and as I place a high value on your opinion I very much dislike to omit it from the list.

I therefore write you a second time, not to persuade you, because I feel very confident that you already approve these plans, but simply to stir up your own mind by way of remembrance, judging that in the press of your duties the matter has escaped your attention.

If I may hope to hear from you at your earliest convenience, it will be very gratifying.

Yours faithfully,

Dear General Roat:

Good news, when I read your recent letter of recommendation for the United States of America and work in the United States, I was pleased to hear that you are interested in the position of an assistant in the office of the General Secretary. I have been looking for an opportunity to work in such a capacity, and I believe that my experience and qualifications make me a suitable candidate for the position.

I understand that you have received several letters of recommendation from various sources, and I am grateful to have been included among them. I look forward to the opportunity to meet with you in person to discuss my qualifications and the position further.

If you have any questions or need further information, please do not hesitate to contact me. I would be happy to provide any additional information that may be helpful.

Sincerely yours,

Major General Howard:

Dear Sir:

On behalf of the Lecture Committee of Cambridge, I write you to see if it is possible to make any arrangement with you to give me a lecture in the near future.

I hope that we may be able to do so. I can think of no one whom I think would call out so large a proportion of the soldier and church element on a short notice than yourself could do.

I remember very pleasantly your visit to Lindlof a few years ago, and how much we all enjoyed your sermon delivered on the Sabbath in the Park, and how one should enjoy so much to hear one of your dear lectures.

Will you please write me concerning time, etc., at your earliest convenience, and oblige very respectfully yours,
