Dear sir;--

Having read your article in Harpers Round Table, and not knowing where I could be as liable to obtain the information I want as from you, I have taken the liberty of writing to you and trust you will not consider it too great a presumption upon my part in doing so.

Of course you know all about the law by which enlisted men can secure commissions by passing certain examinations, but what I wish to know is how well does that law stand in the estimation of the veteran officers, and what are the chances of it's being repealed in the next ten years; and if it is repealed, what is the nature of the law which will in all probability be substituted for it?

You can doubtless readily see by the nature of my questions that I am thinking of enlisting.

Now you have had a large experience in the regular army and are therefore capable of advising me in this matter.

I am at present in the office of Garrison Bros. and have an excellent chance to learn a good business, but---

First: I have a natural inclination toward the life of a soldier. Again; I can say with all confidence that I have a physique which will stand the most trying ordeals through which a soldier has to go.

I also have a pretty fair education now with a studious disposition and I believe that if there is no change in the law I can in four or five years pass the examinations.

Now with the chance that I have in business, and the condition of the army at present would you advise me to leave this work and try by hard work and faithful attention to duty to raise above the ranks?

Any other information in regard to the army will be very acceptable.

Trusting to hear from you soon, I am

Dear Brother:-

I have your favor, enclosing a letter from the Attorney General's office, and thank you for all your help in the matter. It looks as though they were studying how not to do it.

I write particularly to ask whether you could not be with us on Sunday, January 5th., as you are to lecture at Dayton on Monday evening, the 6th., and could easily go down from here Monday morning. There is a public reason why we would be glad to have you in Chicago if you feel that you could do it. It is this: There is to be a great mass meeting for the purpose of memorializing the Marquis of Salisbury on Turkish and Armenian affairs to be held Sunday afternoon. A special request has been sent to you, I believe, but may not have reached you. There was one such call came to Glencoe, asking you to meet with the committee. There will be a number of speakers and they would be very glad to have you occupy ten or fifteen minutes at least.

Dear Brother:-

I have your favor, enclosing a letter from the attorney

General's office, and thank you for all your help in the matter.

It looks as though they were studying how not to do it.

I write particularly to ask whether you could not do with

us on Sunday, January 5th, as you are to lecture at Dayton on

Monday evening, the 6th, and could easily go down from here Monday

morning. There is a public reason why we would prefer to have you

in Chicago if you feel that you could do it. It is this: There is

to be a great mass meeting for the purpose of memorializing the

Legislature of Illinois on Turkish and Armenian affairs to be held

Sunday afternoon. A special request has been sent to you, I believe,

and may not have reached you. There was one other call came to

Glencoe, asking you to meet with the committee. There will be a

number of speakers and they would be very glad to have you occupy ten

or fifteen minutes at least.

The proposition which was telegraphed from Burlington to the

effect that the government would give an escort to the missionaries

and safely remove them from the country but if they remained there

-(2)-

they would remain at their own peril seems to me to have been most pusillanimous. I doubt if there is a single missionary in Armenia who would accept such conditions and forsake their work. It is like a soldier deserting his post in the face of the enemy. My classmate, Dr. Americus Fuller, you know is president of the college at Aintab. I know he would not be willing to desert his post and permit all the foundations, which have been in process of laying for twenty years or more, to be overthrown.

I heard a letter read at the Congregational Club from the Rev. Mr. Gates of Chicago, ^{now of Harpoot} who said that the Turkish soldiers proposed to him to leave and told him if he stayed that he would be killed. He replied to them then he would be killed, and I am confident this will be the spirit of all - men and women - and it seems to me ~~entirely~~ ^{utterly} disgraceful for our government to make such a proposition as it did.

I have written in my paper this week "O, for a Commodore Perry and an Andrew Jackson or a U. S. Grant, who could say to the Sultan "you will allow your soldiers to destroy American property at your peril, or to injure an American citizen, and you must stop the massacres and rioting in the vicinity of the American missions, or you will be held to answer for the consequences." Such a message as this, with one or two gun boats, sent to Alessandria or to

-(2)-

they would remain at least one month before we to have been most
intelligence. I doubt if there is a single missionary in America
who would accept such conditions and perhaps that work. It is like a
soldier deserting his post in the face of the enemy. My comments,
Mr. Alexander, you know in presence of the college at
Chicago. I know he would not be willing to desert his post and
permit all his possessions, which have been in process of laying for
years, to be destroyed.

I have a letter from the Congressional Club from the
Rev. Mr. James M. Chase, who says that the British soldiers
proposed to kill him and told him if he refused that he would be
killed. He refused to take them on terms of life and I am con-
vinced that this will be the spirit of all - men and women - and it seems
to me *absolutely* necessary for our government to make such a pro-
vision as it can.

I have written in my paper this week 'O, for a Columbia
Berry and an Arthur Jackson or a J. J. Grant, who could say to the
British "you will allow your soldiers to destroy American property
your shells, or to injure an American citizen, and you will give
us a chance to fight in the vicinity of the nation's capital."
I would like to have a sheet for the Congress. I don't know
how to do it, with one of the last years, some in Massachusetts.

Dardanelles would stop the whole business and Salisbury would be ashamed not to co-operate with us. There would be no jealousy of the U. S. and it could take the lead in this matter if we merely had some one at the head who had the backbone.

Please give my heartiest New Year's greeting to each and every member of your family.

Very sincerely yours,

C. H. Howson

P. S. There came to you, addressed at Glencoe, a letter, enclosing a five dollar subscription from Mr. Jos. T. Plummer. I thought it best to open it, thinking it might be something I could attend to. He was present and heard you speak and, as he is a member of the Society of Friends, undoubtedly the Home Missionary Society would not have received this five dollars except for your little address. I thought it would please you, as you can forward it to headquarters. I think it would be rather nice if you saw fit to send a line of acknowledgment, as he is a pleasant neighbor of ours and the son of Jonathan Plummer, who was, for many years, a kind neighbor of Aunt Martha Strickland at Richmond.

Dear Sir and Brother:

Wm. H. ...
You are a good Congregationalist and are
good to Congregationalists. Perhaps you know of the
Forest Ave. Congregational Church, formerly the First Cong'l

Church of Morrisania, but you may not know present particulars.
I would not burden you with a long story, but simply state that
in moving the church a debt was incurred which has been quite
troublesome, and in order to help the situation a parsonage is
being erected, the income from which will be sufficient to about
pay the interest on our mortgage, a part of the money to pay for
the parsonage to come from sale of property at the old location.
We planned to have the parsonage cost \$3,000., but find that it
will be necessary to spend a few hundred dollars more. Our
church was but recently built, and the people ~~will probably~~
think that they have done about all they can in the way of special
effort.

In order to provide for this few hundred dollars
above \$3,000., I have thought that you might be induced to come
and give us one of your most excellent lectures, making a charge
that we could pay and at the same time clear a nice sum. Of course
it would be entirely out of the question for us, a Home Missionary

Church, above the River here (168th St. and Forest Ave) to pay
the regular price of your lecture, which we understand to be
\$200.

Could you not at some time, convenient to your-
self, give us the benefit of a lecture, we paying your expenses
say? Is this asking too much? Any favor which

you can do will be highly appreciated.

Dear General:-

I want to thank you for your kind remittance of \$15.- in aid of the work of the Committee for 1895, for which I take pleasure in inclosing the receipt of our treasurer. While I regret that circumstances made necessary the reduction from \$25.- I can assure you we most heartily appreciate the help that you have given us. We hope that the coming year may be a very pleasant and prosperous one to you, and possibly at its close, we may have a return, not only to the amount you have before given us, but possibly a doubling up of it. I am sure that you would be very glad if you could do this next year.

I think that I sent you our documents for 1895 - the Year Book, little college report and railroad report, and the report of the Springfield Convention. But lest I may not have done so, I will say that if at any time we may have any documents that you can use, we shall be very glad to furnish you with them. I send you one of our little lists and want to call your attention to the last two books upon it, both of which are exceedingly valuable, and the last one particularly so. It is a book worth not less than \$2.50, although we send it postage paid for \$1.50. It is the most valuable Association book ever published. We have also a very pretty photo lithograph of the Convention taken at Windsor Castle. I have received your letter of the 27th inst. enclosing your check for \$27.05, for which please accept my thanks.

The definite dates for January are ~~Dayton~~ January 6, Dayton, Ohio; January 15, Iowa City, Iowa; January 25 and 26, Providence, R. I. Others are under consideration.

Another letter from the Iowa Chautauqua Assembly states that they will hold dates open a little longer. Probably July 22 and 23 will suit them best. You will remember that we talked about this when you were here and you said that you would try to determine soon whether you cared for the summer engagements. If you should wish to go to only a limited number of Assemblies, I might correspond with the largest and those that are most conveniently located.

CHICAGO, Dec. 31, 1898.

General O. O. Howard,
Burlington, Vt.

Dear General:-

I have received your letter of the 27th inst. enclosing
your check for \$27.05, for which please accept my thanks.

The definite dates for January are January 6,

Dayton, Ohio; January 15, Iowa City, Iowa; January 25 and 26,

Providence, R. I. Others are under consideration.

Another letter from the Iowa Centennial Assembly states

that they will hold dates open a little longer. Probably July

22 and 23 will suit them best. You will remember that we talked

about this when you were here and you said that you would try to

determine soon whether you cared for the summer engagements.

If you should wish to go to only a limited number of Assemblies,

I might correspond with the largest and those that are most con-

veniently located.

Yours truly,

Cyrus Kehr
