Maj.-Gen. O. O. Howard, U.S.A.,

My dear General:-

I have the honor to enclose you herewith copies of suggested matter for inscription tablets to be placed on 11th Corps monument on Orchard Knob. These tablets, as you know, are to be of bronze, 5' by 4' 1" wide. The material, giving description of the movements of the Corps, was prepared by me, after a study of the official records.

That these inscriptions, when approved and adopted, shall give in a concise form a correct and intelligent comprehension of the movements of the Corps during the three days of the battle, I beg to invite and urge your full criticism upon them and will appreciate any changes, additions or corrections that may occur to you. I have intentionally drawn the inscriptions to the amount of matter that can be placed on each tablet, so that if any additions are suggested, you will kindly note what shall be displaced.

With great respect,  
I am, very truly yours,

In reply to your letter of August 13th, just received, would say that we still have the article on General Lee, which you kindly wrote at the solicitation of our former editor. We have been holding it for a fitting opportunity to publish it, but owing to its not being necessary to bring it out at any particular time, it has had to wait the appearance of more timely articles in the Lee series. Our general rule is to pay for articles upon their publication, but in a special case like this we shall, of course, be glad to make an exception. Our business manager, however, is now away so that we cannot send the check for it immediately, but upon his return your letter will be presented to him and he will no doubt fix the matter up.

It has been a long time since I wrote you last. We have had bad luck since I wrote to you, our house caught fire and burned nearly every thing we had, and it will take all the money Papa has left to build a house. I got every thing I had burned too, and I want to go to school, it is about twenty miles away, and Papa can't let me have the money to buy a bicycle as soon there, and I told papa I did not know what to do about it, and he told me to write to you and tell you I wanted a bicycle and that he was a ~~Doctor~~

Hon. Henry Hall,

Tribune Building, New York City.

Dear Mr. Hall;--

We are all working for the old flag these days, for our home and one hundred cents on a dollar money; the standard bearers are McKinley and Hobart.

Our good friend and that gallant soldier, Maj. Gen'l Oliver O. Howard, now a resident of Burlington, has done yeoman's service in the cause in stumping the State of Vermont. He has made arrangements with the people of Maine to go there and speak before their state election, commencing in Ellsworth about the 25th of August. General Howard is a Maine man and left it for the army. It has occurred to me that one of the best things to do to start him in with the Maine work in good shape is to publish his talks or such a part of them as may be beneficial. I send you slips from the Burlington Free Press of July 13th, giving an account of his speech at a rally here; also that of an interview with him, in the Free Press of the 15th, but the speech that he delivered at Newport on August 14th is the best one of all, and is given you in full. I believe if it could be noticed in the

Hon. Mark Hanna,

My dear Sir: I learn that the Nat. Rep. Committee will probably avail themselves of the services of Gen. O. O. Howard, now a resident of our City, as a speaker in the present presidential campaign.

You will pardon a suggestion from me; I think his services in this behalf will be very useful and that he ought to be employed in this work as much as possible. Some who don't know him, may think that because he is on the "retired list", he is too old for such service, but I have seen and known much of him during the past year since he has been a resident of our City, and I can say that he is now, at the age of 65 years, both physically and mentally active and vigorous and shows no signs whatever of the infirmities of old age.

He made an off-hand political speech in our City a few days ago, and he spoke with all the force and fire of a young man and aroused great enthusiasm; his speech was full of "telling points" and he "hit nails on the head" right along. *His speaking is the kind that will make votes.*

Of course he will be influential with the old soldiers, and he has an earnest, honest, Abraham Lincoln way of talking that will be very effective with the "plain people". He can not fail to be a useful man on the "stump" in the campaign.

I think that his services could not be used to better our advantage than in our State and Maine until after State elections in

Gen. C. C. Howard.

Dear Cousin

Your favor  
of the 13<sup>th</sup> recd. The letters  
referred to are at Leeds Vt.  
and I presume Mr. Lothrop's  
business cares have prevented  
him, (this being the haying time  
from attending to them, - the  
haying is about over and he  
doubtless will be able to turn  
his mind to something else.  
I have recently returned from  
a visit to my son's & daughters  
in Iowa, being prevented  
from a longer stay by the  
excessive heat in the Mo. Val,  
although 5 or 6 degrees less here  
it is far less oppressive. -  
My oldest son's <sup>address</sup> is Fletcher Howard  
Des Moines, Iowa. Capitol Building

or  
or his  
his residence  
722 Seventh St.

My youngest son's address is  
S. C. Howard Onawa Iowa  
my daughter's husband is  
James C. Pike Onawa Ia.

I was told while in Iowa  
that you was a Free Silver  
man. - I had no authority to  
deny it, yet I did not believe  
it, except by international  
agreement, } which the inter-  
view published in the Burling-  
ton Paper confirmed. -

Thanks for the Paper. -

We should be glad to see you  
here, and you need not fear  
G. W. Lane, as habits then incipient  
are confirmed in him of  
intemperance, and he is  
harmless. - I have thought, and  
others have spoken of it, that  
it is due to you to have a

dedication of the monument  
at some time when you  
could be present.

I saw Judson today and  
showed him your kind  
letter, he said Therefor  
was very comfortable and  
did some light work.

Doubtless you perceive that  
I write with difficulty, the  
trouble is in my eyes, and  
I can read or write but  
little and I must close.

Kindest regards to yourself  
and family.

Little Howard
