Dear sir and Comrade:-

I take pleasure in calling attention to the enclosed Report of Wm. Sanborn Post. The members take a pardonable pride in its presentation to friends and Comrades because of their interest in the welfare of Chaplain Conden, now of the House of Rep. at Washington.

Referring to my Reform Card, I am reminded of your statement at the State S. S. Convention at Grand Rapids, in regard to the use of Tobacco: That there came a time during your active service in the War for the Union, when you was convinced that it was wrong to longer indulge in this vice. Your statement was decisive; that you quit it instantly; that results had been gratifying, your health greatly improved, and on no account could you be induced to renew the habit.

Permit me to congratulate you upon the stand thus taken, and your prominent presentation of the subject. At your convenience I shall be glad to receive further light on the progress of this Reform.

Trusting that success will also crown your efforts to advance Republican principles, I am,

Respectfully, your obedient servant

Dear Sir and Governor:

I take pleasure in extending attention to the
important parts of the Michigan Post. The number of the
periodicals sent in its publication to friends and countries
because of their interest in the welfare of Michigan. I
am of the House of Rep. at Washington.
Referring to my former work, I am reminded of your
statement of the fact that I was elected at Battle Creek in
1891 to the use of tobacco. That this was a true thing
and active service in the war for the time when you was
Governor that it was wrong to charge anything in this
your statement was untrue; that you paid it monthly
and would not be paying your health and strength
and in an account with you I was interested to know
the fact.
I am sure to be gratified you when the fact has
been put before your honorable jurisdiction of the subject. It
is my intention to call to place to receive further help
the progress of the cause.
Trusting that success will attend every year
of the cause. I believe in the progress of the cause
and hope your efforts will be successful.

TERMS AND CONDITIONS.

To guard against mistakes or delays, the sender of a message should order *it REPEATED*; that is, telegraphed back to the originating office for comparison. For this, one half the regular rate is charged in addition. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

Correctness in the transmission of messages to any point on the lines of the Company can be **INSURED** by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company will not be liable for damages or statutory penalties in a case where the claim is not presented in writing within sixty days after the message is filed with the company for transmission.

This is an **UNREPEATED** Message and is delivered by request of the sender under the conditions named above. Errors can be guarded against only by repeating a message back to the sending station for comparison.

No employee of this Company is authorized to vary the foregoing.

New York, October 22 1896

My dear General:

I have been wanting to write to you for some time and tell you all about Camp Mission work. However, realizing how hard it would be for a letter to reach you while on your Campaign in the North West I delayed from time to time.

I send you with this a report of the work accomplished at Camp Mission last year. As there is always a marked difference between the number of professed conversions and the number of real conversions, there that give good proof of the faith that is in them; I did not tabulate them. We did not have less than 40 professions during the year quite a large percentage of these I know to be standing loyally for Christ. Some of them have left the City and are at work elsewhere and I receive letters from them that encourage me very much. The tabulated report I send you of the work done, tells a story quite as eloquent as reports from much larger and more pretentious places. Only those who are in the work, who are active in all our meetings can realize what work we are doing and what a blessing the work is to many. Those who only come in - look at us a few times, or look at us from a distance cannot form the slightest idea of our work. The work itself is peculiar. The conditions surrounding us make it so - the character of those who form the body of active workers intensify

rather than modify its peculiarities. The Habero population
around us is increasing. The tenements around us are full
of them. The immoral classes are also increasing. The
poor are less active. Notwithstanding all this our
work has told effectively - and the outlook is very encouraging.
During the months from July 15 to Sept 15. We closed our
Sunday morning service. That was the only time of rest
I could take. As I was working harder than last year
I felt it necessary to take some rest. - You will see that
at this time we provided for outings for our poor and
our children. We did much more in this line, than any
previous summer. We have no missionary visitor. While
Miss Krueger was visiting her work took on strongly in the
attendance at Sunday School and also increased the efficiency
of the sewing school. We miss her work very much and I
wish we might secure a permanent visitor.

Our Sunday service are very encouraging. Sunday morning
service is increasing in numbers and at night we have been
quite well filled of late. Our Prayer meetings are good the
spiritual interest is stronger than it has been since I came
here.

I have organized a Young Men's Club. our first meeting
8 were present at the next 11. all young men who
have come to us during the past 6 months. We call
it the Young Men's Mutual Improvement Club.

Our financial condition is the only discouraging feature
and I am afraid little can be done in this line until
we have a board of trustees that can command some
outside aid. - Our people themselves are straining themselves

to do their very best. In June we were \$185- behind. today our arrearage is \$210 00. - you will see we have held our own quite well. But, the City - has recently repaired Chrystie Street raised the Curbings and we have orders to raise the side walk to a level with it. The least cost for this will be \$25-. The fire underwriters have found our heating apparatus defective and we have to change it, it will cost from \$40- to \$50-. The basement needs repairing and provision must be made for coal and coal this winter through the grace of the Coal combine cost \$1- more than last year. I wish this miserable agitation of the silver question had never been raised - and now I wish it was over - I think the scare was entirely uncalled for and for the suffering it has caused God will call some men to account. I do hope that after the election confidence will be restored and your confident prediction of good times back from in New Haven be fully realized -

You must be tired of your long Campaign and will want a season of rest and quiet when it is all over; I trust that your reward will be fully commensurate with the sacrifice and outlay of vital force you have made. If I were the elected President I would know just how far and to whom I would go for my selection for Secretary of War.

You will see by my new address that we have moved up town. The doctor insisted on this for Mrs. Milers health. She has not been very strong this summer, but is slowly improving. It takes me

little longer to reach Chrysler Street and cost some
more car fare, but I think the healthfulness of the
location compensates for this.

You will see, Dear General, from this
that our work - the work itself looks exceedingly
hopeful. That the Lord has and is blessing us
in it - and we hope and pray that He may in
some way provide the needed munitions of war.

May the Dear Martin keep bless you
and keep you and make you strong and use you
for many years.

Yours in this name
Henry F. Miller
