My dear General:

I suppose you received
from the Arena Publishing Co.,
Boston, a copy of my
epic poem, The March to
the Rear, and, now that
the Campaign of politics
is over, I hope you have
also found time to read it.

I write to ask (if
you find it meritorious
to warrant it) - if you
will not write something
of the poem that can

firmly fixed in our mind that this is "a great poem". I quote these to let you know what some others think of the poem, simply.

My effort has been to try and do honor to the comrades who made one of the greatest campaigns of all history.

If you think I have done it well, it would afford me unbounded pleasure, and be an advantage to me, to have you publicly say so - because no living man did more to make that march great than you did.

I hope to see you at our army of the Tennessee reunion on the 18 at St Louis - and I purpose having the book on sale there.

Yours very sincerely

My Dear General:

BOSTON, Nov 11 1896

I have been very anxious to hear from you since your last famous campaign was over. I suppose you are taking a well earned rest. You must have been pretty well worn out with it all. I followed your movements in the west with a great deal of interest. Well we won a glorious victory, and it seems to me that a great deal of credit is due to the work which you and the "other" Generals did.

I made a number of speeches here in Mass. and was credited with effective work. I engaged in one debate with Geo. Fred Williams at Haverhill before 6 or 7000 laboring men and I do not think that I came out second best. I also got the Scandinavian vote in northern

and address a large gathering
of Scandinavians in Boston.
Had I been physically equal to
it I should have spoken every
night during the last two weeks
but I have not been very well
and was obliged to cancel some
of my appointments at the last.
My wife arrived home with my
sister and baby about a month
ago. She is in very poor health. Her
hoiled considerably during the last
year. I found that Boston was not
agreeing with her and I sent her
down to Washington to get her out
of this climate till I could formulate
my plans. I have decided to take
her to some health resort for the
winter and I have Morristown
N.J., Asheville and Southern Pines
N.C. in mind. I don't know
which would be best. I shall go
back and forth probably two or three
times during the winter between
Boston and where she finally

located. A woman is now on
the way from Norway to go with
her as Companion and nurse
for the baby.

I wish I could get a consulship
to some healthy place in Europe
where the salary would be enough
to live on. Do you think it could be done?

I am satisfied that my wife will
never be able to live in Boston
again and if she holds her own
in a favorable climate I must
give up Boston for her sake

Of course a change leaves me without
any revenue unless I can get
some such position as I suggest.

Ole was on and spent a few
days with me the first of the
month. I suppose he has gone
west again by this time. Are

you likely to come this way
soon? I should like very
much to see you and to get
your views on the possibility of
my getting an appointment.

I hope you are well. Please
extend my compliments to Mrs Howard
and your daughter and believe me

I hate to ask it, but if I go too far I shall throw myself on your charity that never faileth---but I would like to be appointed not to anything big or commanding, for I could not reach that, and would only make myself ridiculous in trying to reach it----only a little ~~XXXX~~ place, and a subordinate, to help my family out fo the woods--- Second Deputy Commissioner of Pensions.

You know us pretty well, I think, and can judge whether my life work and study along the line of the office sought would fit me to discharge the duties, and so if you can say a good word when the time comes to our gallant Major, the President-Elect we shall be very grateful for the favor----we need it.

Dear General:

I wrote to you two or three days since about the possibility of your being sent, next spring, as United States Minister to Turkey. Yesterday, learning that you were probably in town, I inquired by telephone of Doctor Shearer where you were, and sent a note, with special delivery stamp, addressed to you at 148 West 64th Street, asking when and where I could see you, but have no reply. Meantime, last night's Evening Post contains a long and forcible editorial going to show that the present United States Minister at Constantinople is wholly unfit for the place. This makes me feel that perhaps you could be sent there at once. I have today written to the Evening Post and also to Doctor Lyman Abbott on the subject, and am going to write to Senator Frye. Please let me hear from you on the subject, and oblige

Dear Sir I met you
on my way north last summer, in
Chattanooga Tenn. You subscribed
five dollars to the Sherman Institute
and told me to write you after I
returned home, and you would send
it. What you and any other friend
or friends may send us we will be
very thankful to all. Our enroll-
ment of Pupils are almost double in
numbers, what we had this time last
year. Our greatest need now is an
other teacher and we have not
the means to employ one with.

I would have written you sooner
but I saw that you had been called
to the front by the grand old party
to defend the old flag again.
We are very thankful to the

Republicans of the
East and North, for the grand
victory just won. The pupils of our
School were very much interested
about the Election of Mr McKinley
They made and wore the McKinley
Badges on the day of the Election
and the day after, I never instructed
them to wear them, but I thought it
noble and right.

Sir:

As the son, of an honored officer of the United States Army. I have taken the liberty to address these few lines to you. I am an applicant, for appointment as postmaster, at Flagstaff, under President McKinley, and I am asking my father's army friends for a short written endorsement, to be attached to my local petition here.

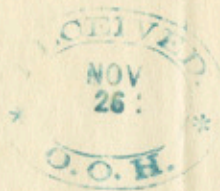

I have been a resident, of this town and county for the past eight years and am well and favorably known to all the people of this section. I am the eldest son of Lieut. Fred. F. Kiplingbury, who lost his life in the ill fated "Greely Arctic Expedition."

By the death of Linck Kishlingbury, his boys
lost a good father and protector and were thrown
on this hard world to hustle for themselves. The
government has sadly neglected us so far, and
there is no doubt, but that we should receive
some little recompense for the loss of so
good a father. All that I ask is for a sho.
indorsement from some of the army lead. and
such indorsements, will be very valuable
and have great weight in the matter.

I am and have always been a staunch
and consistent Republican and rejoice
heartily in its late great victory at the polls.
My petition from Flagstaff, is signed by
the leading professional and business men
of the town.

I will not longer weary you with these
dry details, but will close hoping for an
early and favorable reply. I have the
honor to remain Sir

Obediently your servant
Harry Kishlingbury.

plicants for this office prior to, and after, the inauguration, I am advised by my friends here and in California to begin work at once.

As you will know by reference to the enclosed form of petition, I have had many years of experience in this branch of the public service both with the Hawaiian and United States Governments which serve to qualify me especially for this office. During my incumbency, the American merchants and ship masters sent a petition to the administration for my retention, but I was recalled to make room for an inexperienced man of intemperate habits a "protège" of "Paramount Commissioner Blount's" which may be considered a violation of our Civil Service rules applicable to such office even if in a Foreign County.

Through our California delegation I shall ask the appointment, but first I am anxious to secure endorsement from those of my influential friends, yourself among the number. I think Mr. Reed will also aid me and Mr. W. D. Sawyer, who was delegate to St. Louis Convention. May I then ask you to assist me by a note of commendation, or if you will sign my petition. When I am in possession of these testimonials, then I can make my application at the proper time and place. I shall be very glad to have your support and to hear from you at your earliest convenience.
