Dear Sir:

I have written to you several times about your photograph and have not yet received it. If you comprehended the magnitude of the work to make this collection of about twelve hundred portraits of New York men of this time,--forming a handsome album of 300 pages printed on fine paper, with a first edition comprising 50,000 cloth-bound books,--you would not make any more delay in sending your photograph.

I have already received more than 1,100 photographs from men who are prominent in all the numerous walks of life,--clergymen, judges, lawyers, politicians, bankers, journalists, authors, artists, doctors, educators, actors, philanthropists, capitalists, merchants, manufacturers, underwriters, railroad and steamship men, et al.

Please send your photograph by return mail if you can,--if not, as soon as possible,--and greatly oblige,

Yours truly,

*W. L. Garrison*

We are changing the form of our "Am<sup>n</sup> Messenger" somewhat, making the page about the size of the Observer, Evangelist, Congregationalist &c with a cover of a little better paper, on which we can print a cut. And we would like to begin the year with a likeness of our honored President. Can you spare us a copy of the best likeness you have? We will return it after copying it if you so desire. We would be glad to have it by return mail if you can.

My Dear Sir -

If you will remember I spoke  
to you some time ago at a meeting at the  
Y. M. C. A. in regard to addressing the  
Young People's Society of Christian Endeavor at  
the Congregational Church at Winooski,  
You asked me then to drop you a line  
in about two weeks as you were to be out  
of town. We realize that your time is  
very limited but feel that if you could  
give us an evening it would be of much  
inspiration to our Society. I would venture  
to suggest Sunday Evening December 13<sup>th</sup> if  
same would be convenient to you. If not  
any Sunday Evening that would suit your  
convenience. Awaiting your reply I remain  
Yours Sincerely S. L. Plutka.

Dear General:-

Your letter of the 27th inst. enclosing a letter to Col. Huntington W. Jackson has been received. I called on Mr. Hunt Jackson this morning and presented your letter. As he has just returned from an absence of a week and considerable business has accumulated, he made an appointment with me for Wednesday afternoon at 2 o'clock. I am glad that you thought of him, because he is so well acquainted in Chicago and I think he has enthusiasm.

This morning I received a letter from Mr. Myers. He and Mrs. Myers are still at Clifton Springs, N. Y. From the letter I judge that he is in great distress on account of his wife's sickness. He is apparently entirely unfitted for business. I hardly think that we can count on him for much assistance in getting the \$5500 needed for the payment on the Four Seasons property December 27th. Do you now know of some one from whom we can borrow this amount? The security ought to be ample. The Four Seasons property is itself worth a great deal more than the total purchase price. Furthermore, we have additional property there which can be given as security. I look upon the making of this payment as an emergency and an essential to the whole work. When this has

When we get beyond this payment, I do not see how anything could possibly prevent our success. If we cannot then go fast, we shall go slowly. If we cannot bring about large results in two or three years, we will look for them in 5 or 10 years.

Mr. Myers is under the impression that some men at Cincinnati and Louisville are ready to buy the Four Seasons property as a home for a pleasure or hunting club, if we fail to complete our purchase.

My dear sir.

I recieved the picture of yourself <sup>to me</sup> also one for Cpatain Jeffords, which I hope to deliver to him in person and I know he will be more than pleased, to recieve it from his old friend. The government has never made any acknowledgement of his good and brave work for them in days gone by, with the Indians, and I do not think they have done rightly in the matter for he certainly is needy, destitute infact. I have put off my trip to Arizona on account of further hearing from the Geographical Club of Philidelphia, and it is about that club I wish to write you today.

statement which is not true, I hope if the Secretary of the Geographical club write you about it you can make these statements to them if you please, you will be helping me so much in my future work, you <sup>know</sup> General how hard it is to climb up the literary ladder without money to help, that I have not got, but I believe I have plenty of courage, and I do not intend to falter now I have undertaken this work of the Indian history, and I feel confident I shall succeed, I am like yourself I know that I have help from a higher source on which to depend than man, General you have been exceedingly kind to me already and I am sorry to bother you so often, but I have already learned to trust and depend somewhat on your assistance, and I only ask that you be patient a little longer with me, and I shall try to prove myself worthy of your kindness.

When I see Captain Jeffords, I shall tell him all about it God bless him, he has tryed so hard to help me succeed, he said when I asked him how it come that he took so much interest in me and my child who is now dead, he replied that he "reckoned" that it was because he believed me to be the bravest woman he ever seen" and the boy was the bravest and most dutiful son to his mother he had ever seen and in that he also knew that I must be a good woman or I could not have had such a good son. I appreciated the crude compliment, but he has shown that he ment every word of it. General Please do the best you can for me in this matter you perhaps you know better than I the data they want.
