Dear Sir,

I have heard, through my sister Mrs. M. N. Williams, of your very pleasant-response to her request about an appointment for my son, Arthur, to the Military Academy, and I wish to thank you for your kind interest, and also to ask you advice about how it will be best to proceed. We have secured the promises of help in the matter from Genl. Powell Clayton, of Ark. Col. Albert Clarke, Sec. of the Home Market-Club of Boston, Mass. who is Capt. Bull's uncle, as well as of Genl. B. H. Grierson, U. S. A. Rev. G. Mott Williams, Bishop of Marquette, Mich. and others. Capt. Bull has learned through Col. M. H. W. Clayton, of Ft. Smith, that Major McKinley has already promised two of the ten appointments, so, would it not be best to bring the matter to his notice before the Inauguration, for fear that others may step in ahead of us? I know that there

Appointments are much sought after. We do not wish to be premature in our application, neither do we want to commit the same grievous mistake of being too late. Will you please advise us as to the best course to take to bring about concerted action on the part of our friends, and in such a manner as to give their influence the greatest weight? If Major Mc Kinley follows the established precedent of giving the ten appointments at large, to sons of Army officers, we think our request will be worthy of consideration, for Capt. Buell is not only an Army officer, but is also a war veteran, a Comrade of the G. A. R. and a Companion of the Loyal Legion. Arthur will gladly write the letter you requested at any time you wish.

Yours very truly,

Josephine Howard Buell.

Dear General.

I am a candidate for the office of  
Collector of Customs to succeed Hon. B. B. Dudley,  
when his term expires. I have letters of  
recommendation, addressed to Vermont's Congres-  
sional Delegation from a majority of the leading men  
of the State. I am sure a letter from you  
would greatly assist me, and if it should  
be your pleasure to give me one, I should  
esteem it a great personal favor.

Very Truly Yours,

My dear sir:-

My thought was when I first wrote the General to ask him to come to us some off date when he would happen to be in this vicinity, thus his extra expense would be light and we thought we would be able to make it pay him fairly well on the one half \$ plan.

If at any time during the winter he could see his way clear to do so. we will appreciate it greatly and will endeavor to make his stay pleasant and profitable.

Dear General:-

Your letter to Col. Huntington W. Jackson I presented and received from him a letter of which the attached is a copy. I afterward had an interview with him in which he talked at length expressing the views which he had already expressed in the letter. He seems to be fully of the opinion that all the Chicago people of large means have been so pressed in every way during the last three or four years that it <sup>is</sup> a hopeless matter to make any effort to get anything further from them. While it is true that they have given largely for the World's Fair, for political purposes, and for all sorts of charitable and educational purposes, I know that there are a number of people here who still have a lot of money and are going to give some away. I am beginning to see that many of these people give their money to those who press hardest for it, and I think it will be well for us to work on that theory.

Last Friday afternoon I went to Mrs. McCormick's house and found that she had company. I left your letter with my card stating that I would call again. On Saturday afternoon I called again and found that Mrs. McCormick was not at home and that she is not in good health and any matter of business or pleasure should be presented to her son, Cyrus H. McCormick, Jr. This morning I

called at one of Mr. McCormick's offices and found his private secretary with whom I had quite a satisfactory interview. He is a bright and keen man and seems to understand everything as well as Mr. McCormick himself might. He discussed the whole matter with me fully and said that he would present it to Mr. McCormick as soon as the latter came in again. He stated that Mr. McCormick is under constant pressure for things of this sort, that there are applications of this sort every day. I think the secretary understands the case so that he will present it fairly to Mr. McCormick, and I am to go over again on Wednesday. I urged specially our present need for the payment on the Four Seasons property, representing that this comparatively small sum would enable us to save property worth at least \$200,000 to the institution.

This morning I had an encouraging letter from Henry Clay Evans of Tennessee. He speaks freely and kindly of our enterprise and I shall look forward to an opportunity of meeting him personally.

I also received a letter from the president of the N. & L. Ry. stating that he will give me transportation for next year. Last Saturday I again saw Dr. Pearsons, merely dropping in to ask him a question about some other people. He still makes inquiry about our work, and I think he will be ready to help us when he has

About four weeks ago I saw Mr. Joseph Medill the editor of the Tribune. He was then sick and just on the point of going home, so I gave him our circular and asked him to read it at his leisure. Last Saturday he was at his office for only a few minutes. He had been sick all this time. He told me then that he had carefully read the circular but that he was too sick to think of any business whatever; that I should let the matter rest until he is well and then come to see him. He was cordial and I think wants to investigate the matter when he is able.

Dear Sir:-- I have examined the circular of information No. 1 of the Lincoln Memorial University and carefully considered the contents of General Howard's letter to me.

I regret that I do not see how I can be of any assistance in this matter. The present appears to be an exceedingly inopportune time to call upon Chicago citizens for help in matters outside of the City. They contributed largely toward the Columbiaa Exposition, and since that period the financial conditions have been, as you know, greatly depressed. The gentlemen he mentions in his letter are all identified with institutions of a charitable and a public character. Mr. Field has contributed largely to the Field Columbian Museum; Mr. Armour to the Armour Institute, and Mrs. McCormick to the McCormick Theological Seminary. Messrs. Hutchinson, Ryerson, Ayer, Ream, Adams and many other charitably disposed gentlemen whose names I have recalled are also interested and identified with other institutions of a public character. These institutions constantly call upon them for aid. Therefore, as stated before, after having carefully considered the subject and realizing that the enterprise is important and most worthy, I do not think I can

Dear General

Your kind favor, thro the war Dept. is just received. My home has been here since I retired from active <sup>service</sup> and here I am hoping to remain until the end of my days. In regard to your enquiry concerning the name of the gentleman from the North who was successful in the management of plantations in South Carolina

I have never heard of any one  
who has achieved any success  
in enterprises of that kind in  
that department of industry.

In fact, my experience has  
been that success has not  
been vouchsafed to any  
one connected with South  
Carolina -
