My dear Otis

We are all packed to leave the house, and spend tonight with Jeanie. Bessie may have written to Harry late enough to tell him all this. She has gone down street for last things. Anything she cannot attend to, she will leave for Miss Ellis. We are to make a visit at Fair Haven, and go from there the first of next week to the "Hotel Buckingham" in New York City. We want a week there. Will go over to Newark to see all there. Euy and party so far are having pleasant trip - were or now are in Los Angeles. ~~Cal.~~

will go to Redlands, San Diego &c
This is Eng's first outing except a
day or two in New York since he
came to Burlington nearly three
years ago. Harry seems to have
enjoyed his trip and says he is well.
We do not yet know what you
and he are to do after March 3^d.
We will get a letter I presume
before the morning when we are
to take train for Fair Haven. Bessie
sends a letter to-day to ^{Carlisle, Penn.} Beaver, Penn.
^{Care of Capt. Dratt}
~~Post Office~~. You may leave before
Sunday but it will be forwarded in
that case. This goes to Beaver I made
mistake above. It was about hand
bills which Bessie has given to
Miss Ellis to attend to. One hundred

and five dollars 70 cent (105.70)-
is the estimate of those unpaid
maybe the money has been already
sent if so all right - we will try
before we leave. I sent load of
wood to the office for our cellar.
The weather has been very cold. Our
house has been very comfortable.
Today is quite spring like with
south wind. It does seem odd to
close the house but that was what
we had thought to do at this time.
I hope we have made no mistake.
No later news from Grace since they
arrived there all pretty well, are at the
"Aspersion" 533 Morrison St.
Grace, Deanie and Howard go to Park St.
School. Trusting this will find you
well I am as ever Yours

Dear Sir and Companion:-

The by-laws of the Commandery make it your duty to announce at the meeting in February a committee of five members to nominate officers for the year ensuing. The by-laws provide that no companion can serve on such committee oftener than once in three years. I enclose a list of the committees for the last three years, together with the names of a number of Companions who are eligible, and who would be likely to take an interest in the matter. Of course there are plenty of others, and you have the roster to select from. I only suggest these names.

Genl. A. O. Howard
My Dear General.

The letter you gave me some two years ago was so cordial & indeed flattering, that I am at a loss now to understand your hesitation & apparent unwillingness to renew your commensation. All my other friends have given me prompt permission to use the letters they gave to present to the present administration, with the

incoming one. If however
you have experienced
a change of heart
I will withdraw the
letter you gave me
which is still on file.

More than the
top of the letter, I
would regret the top
of your good opinion
I am not conscious of
the cause.

Nor will I forget
past obligations.
I send you my regards,
wishing it were
much better and
painfully conscious,
that, in the words
of Hamlet, if
some of us got

our secrets we would
not escape hearing.
As ever
In love and friendship

my claims against the
only two officers who
rank me. All I ask
that my name be
not printed over
me without good
or sufficient cause.

General O.O. Howard,

Dear General Howard,

I understood by your letter
that you would be willing to
send me a letter of endorsement
for my sons application for
an appointment to West Point
when the Secretary of War was
appointed, now that General
Alger has received it. I am
wondering in a pain, and I appeal
to you as only a widow can
for her old dead son. and what
a blessing it will be to us,
as John has never looked
forward to anything but following
his fathers profession. I enclose
~~you~~ a copy of your former letter

If you will copy it or send
me any that you think best
I will be so grateful. Before
we had any idea of General
Alger receiving his appointment
as Sec of War. He had promised
through a mutual friend to do
all he could for us. so we
feel much encouraged. and
will be so thankful for any
communication you can send
us. I will also enclose copy
of letter from President Patterson
of State College as to Johns
State dining.

Very Truly & Sincerely
Mary L. Scott.

Dear Madam

I am very glad to have the opportunity to speak in terms of commendation of your son John who has been a student in this college for some years past. He has maintained a good class standing, his demeanor has been uniformly courteous and gentlemanly, his morals most exemplary, and his submission to constituted authority such as might be expected from the son of an officer who knew his duty to his Country. I therefore most cheerfully bear testimony to his merits as a student and his worth as a young man.

Your Obedt. Servant

The boy has grown up since I
first knew him but I understand
and can easily believe that he ^{is}
has developed into a very worthy
young man. In his interest and
for his very deserving father and

mother who since the fathers death
has been unceasing in her

Newark, N. J.,

Dear Father;

I have just come from Mr. Ogden at the N.Y. store of J. Wanamaker.

They are now interested in the Chainless wheel & want to have me make them for them & call them the Wanamaker Chainless wheels. Mr. Ogden wants me to go to Phila., & lay the matter before Mr. Wanamaker myself. He told me today that J. Wanamaker may make an investment of \$25,000.- and also buy 500 wheels. The proposition which I made them has evidently been discussed. Mr. Ogden wants me to bring the matter up by presenting a letter from you. Will you please send me a short letter of introduction to Mr. John Wanamaker. In haste yr aff to son
Chauncey.

P.S.

I am still carrying your letter to Mr. Packard and only received the letter from Mr. Ogden to Mr. Packard today. I may be able to see Mr. Packard before going to see Mr. Wanamaker.

FIFTY CENTURIES IN FIFTY DAYS ON A CHAINLESS BICYCLE.

Aug. 26th, Mr. J. C. Knowles of the Kings County Wheelmen, Brooklyn, started to ride 3000 miles in 30 consecutive days, 100 miles each day. He selected a route running from the Club House on Bedford Ave. Brooklyn, to Oakdale Station, L. I. and return, and chose for his mount a CHAINLESS BICYCLE. The following is his record for each day:

		Elapsed time.		Actual time.		Weather
		H	M	H	M	
1st century	Aug. 26	12	12	6	31	Clear
2nd	27	11	25	7	59	"

29th	23	12	05	6	31	"
30th	24	11	55	6	25	"

Sept. 19th 3 3/4" of rain fell between 8 o'clock in the morning and five in the afternoon, yet during the rain and the severest storm that has visited Long Island in five years, Mr. Knowles, though at times running through water several inches deep, covered over 10 miles an hour. On completing the 3000 miles his machine was taken apart and the bevel gears examined. The gears did not show the slightest wear and although at times riding through water above the crank hanger, the bicycle ran as smoothly as the day it left the factory. After completing his task of riding 100 miles each day for 30 consecutive days, Mr. Knowles decided to continue riding until he had completed 50 centuries, which ended Oct. 14th. It was observed that more than one half of the time was either windy or stormy, and that notwithstanding this fact, Mr. Knowles' average riding time for the first 30 centuries was 7 hrs. and 53 mins. and for the last 20 centuries was 6 hrs. and 49 mins. making an average of 7 hrs. and 27 mins. for the entire 50 centuries.

This is conclusive evidence of the durability of the gears and other parts of the CHAINLESS BICYCLE.

Dear General,

Your favor of June 28th 1894,
reached me a day or two since.
The demand on me for horses is so
great that already more are promised
than I can furnish & mount my
Command, nevertheless you shall
have a horse if you wish it. even
if I have to dismount a man.
I should have to send you a troop
horse as my officers have only one
horse each for Troop duty. Now
I shall do my best to select
an animal, that would suit. M^r

I cant say what he may do, when separated
from his Troop & surrounded by strange
sights. as you know Cavalry horses grow so
accostomed to being together, that they are very
apt to cut up when separated & especially
when the troop is in the vicinity. The others
mostly young officers, who are to use horse
from here, must take their chances, but I
should feel terribly if any accident or
even discomfort should come to you thro'
your mount. I want you to know that
I am willing & glad to be of service

to you in any way, & if you decide to call
on me I will do my best. But I must
be frank & let you know the facts, & that
while I can furnish the horse I cant be
responsible for his behavior. I am sorry

I cant furnish your son a mount, as I am
already pledged beyond my capacity.

I am short of horses, & will need all I
can use, to mount the men available for
parades. The orderly will report as
requested. With kind regards from Mrs
