Dear Sir:-

As authorized in your letter of Jan. 4th last, we agreed to give the Cal. Investment & Colonization Co., a further extension of time in which to pay the mortgage and interest due, they promising to pay the interest some time during the month of January and the balance of the mortgage on or before the 15th of May, 1897. We have not as yet received the interest and have heard nothing from their agent at Bakersfield since we wrote him agreeing to the terms above stated. The agent states that no taxes have been paid by you since 1893, which statement we would like to have verified by you.

We will again write to the Company and their agent at Bakersfield notifying them of their delinquency and urge a settlement, and will let you know on receipt of their reply whether they propose to carry out their proposition, or not.

Regarding the Sonoma Co., property, we will let it be sold for delinquent taxes, which become delinquent on the 26th of this month and will be sold later on. You can then buy it in at any time you feel disposed.

Yours truly,

McAfee Brothers

Dear General,

We were going to offer, you, and it would certainly have given us the greatest pleasure to have you make use of our humble home during the coming Grant ceremonies, but the health of our mutual friend has become so impaired, that the doctors at St Lukes Hospital (W. 122^d St.) advised her to stay there for a couple of weeks and get proper treatment. — Complete rest seems to be principally needed and though I do not like to let her go to a Hospital, she thinks she can get better attendance there than at home. — So she is going there to day or to morrow, and I shall certainly do everything to have her made as comfortable as possible, and pray the Lord to grant her a speedy and full recovery. —

I hope to give you soon better news, and that by the time you come to the city, we may still be able to welcome you at our house. —

With best regards, I remain dear General.

I am still busy for a few weeks to come with the liquidation of the old firm, and though I have found nothing positive yet, I hope to secure another position by the time I am through with my work here. —

Dear Brother:-

Your favor of the 5th I am pleased to have.

I have forwarded your little testimonial to Capt. Blake, and I know he will be gratified. I had not known before that brother Thos. Riggs had himself made application to you. I am sure your letter to Secretary Bliss will do him more good than almost anything else. I thought I would like to have a copy of it for him to put with his papers as such things sometimes get separated, but of course if you have it not before you on your copy-book, you need not take any trouble about it.

I do not know that you will like my editorial about the Turkey mission, but it expresses not only my views, ^{those of} but many thousands of others, and I hope will tend to make a correct public sentiment.—not only in justice to you, but with reference to the question itself of bringing the Sultan to his senses. I see that Pres. Angel has been lately suggested as Minister to Turkey. I doubt if he would take it unless it is raised to the rank of an Ambassador.

I will enclose a clipping from the Chicago Record which will show you that the unpleasant allusions prompted by Boynton and, as it read, by some army officer, tended to wake up your friends also. I do not think you have any real enemies in the Army, unless it be one or two such as you mention, Barber and Mills; but you know there were always in the regular army a large number who did not particularly sympathize with you in your religious views or temperance principles, and from the

earliest of my contact with the army I have known of their making sometimes some rather slurring remarks; but of course you expect that and do not take it to heart. There were a considerable number of special ^{of} defenders and sympathizers with Gen. Hancock in the controversy as to Gettysburg. I have seen that crop out in the Loyal Legion.

But the essential fact is that there are thousands and thousands of loyal friends to you of the old volunteer army, all through the country, who appreciate your character and your executive ability, and who would be greatly pleased if President McKinley should see fit to send you to Turkey or to some better place where your abilities could be of service to your country. I have seen no evidence that any of the ambush shots which you refer to have been purely political -- that they have been either from "Democrats" or from "Populists". Had they been from that quarter they would have only helped rather than hindered your appointment. This I say in allusion to what you say about being fired at from an ambush.

I have received a letter from Gov. Prince saying that he had finally found your letter, and was very much gratified. It seems it was sent to the Secretary of the Treasury instead of ^{to} the Secretary of the Interior, but he has got it straightened out now. The Governors of the Territories, as you know, are under the Secretary of the Interior.

Gen. O. O. Howard:-

My dear Sir:-

I had the pleasure of meeting you some years ago on Gov. Island at the house of my uncle, the late Dr. Chas. Sutherland. Your son is a near neighbor of mine on Summer Ave in Newark..

The Brotherhood of Andrew and Philip is an organization to advance Christ's Kingdom among men. The Star is the organ by which the order is to be bound together-- the 10,000 men and 352 chapters. In the past, the paper has proved a hindrance rather than a help to the work,--a financial burden and unreliable in issue. The change of management may be evidenced in the two numbers mailed you with this. We make it convenient in size and full of short, pungent paragraphs giving a young man some truth in a word-picture he can never forget.

Many of these earnest Christians have just come to the point in life where they are listening for God's voice calling them to service. "What will Thou have me to do?" We expect to have Dr. Parkhurst tell us of his calling to the ministry. Hon. John Wanamaker is in a chapter of two hundred members at Bethany in Phila., and his vocation as a merchant will be especially helpful.

I have undertaken to pay the publishers bills of this paper because I see the crying need of an influence to appeal to young men to do personal work for Christ among young men. Could you help me by contributing a 400 word article on "How I came to be a Soldier?" So we not need more Christian soldiers in the U.S. Army.

Hoping for a favorable answer,

Yours in the Work

My dear General,

By to-morrow night

I will probably mail you a detailed report of progress during the week.

You will perceive by the newspapers that Genl. Dodge has settled the matters of location, length of march etc.

There ~~are~~^{is} a pattering mass, of details of various sorts, that seems to require attention; but these are taking shape out of nothing & chaos; & subject to the particulars of the G. A. R. sections, I can formulate in two or three days a preliminary paper column.

The staff organization is well under way; & some one representing your H. Qrs. is on duty there continuously. Particulars later.

General O.O. Howard,

My dear General:--

I did not mean to accuse you of "misuse of your place" as President of the H.M.S. That is a far stronger term than my thought justifies. All that you have done, I more than believe, has been done from the purest motives. I only raise the question of comity between societies, when the interests of kindred societies are affected, and they have not been consulted.

Then you say my prejudice against Mr. Myers is very great. I am very sorry to have made this impression upon you, and hasten to correct it. I honor him. I believe in him. As to the land matter, do not for an instant suppose him to be concerned in any selfish work of any sort. If he owned any land he would give it away. What I said about the real estate matter is this! The towns about the Gap started as boom towns, and the promoters wanted universities and electric lights and all other good things. The boom has collapsed. The great hotel has been torn down, being worth on the ground less than the value of the second hand material in it. Mr. Myers was not to blame for it, nor is he now for seeking to turn such property as he can secure to account. The reverse is true. Still it is a fair business question whether there is a demand for a university there. I know Mr. Myers well, and while I do not always trust his judgment, I honor him. There is no more faithful and unselfish missionary either in the home or foreign field. I have myself

contributed to Harrow School, and will gladly do so again. Far from being prejudiced against Mr. Myers, or against his enterprise, he has no firmer friend,---I doubt if one so firm,-- in New England. And if that school is content to call itself an academy until there is manifest need for a college, and then a college until it has an evident call to be a University, and the matter can be started fairly, by agreement among the kindred agencies affected, so that the work shall be a unit in all that region, I will work for it heartily. It seems to me to have started on the wrong tack. I have not asked that you put your foot on it, nor that it should go on to fail, but that there should be a consideration of these important interests.

And, as you were wrong about my prejudice against Mr. Myers, so you are entirely wrong about my opposing your going to Constantinople. I should not like to see any good man in danger, but where the danger is, there is where the best men are needed. It seems to me that the unprecedentedly important interests of our nation and churches at Constantinople, need now of all times a man with the courage of a soldier, the prudence of a statesman, the wisdom of a man experienced in missionary and educational work, and the faith of a Christian. I know of no better man for the place than Gen.O.O. Howard.

Yours very truly,

more manifest need for a college, and then a college until
it has no evident need to be a University, and the matter can
be started fairly, by agreement among the kindred agencies
affected, so that the work shall be a unit in all that region, I will
work for it heartily. It seems to me to have started on the wrong
foot. I have not asked that you put your foot on it, nor that it
should go on to fail, but that there should be a consideration
of these important interests.
and, as you were wrong about my prejudice against Mr. Myers,
you were entirely wrong about my opposing your going to Constantinople.
I should not like to see any good man in danger, but
where the danger is, there is where the best man is needed. It
seems to me that the unproprietarily important interests of our
nation and churches at Constantinople, need now of all things a man
of the courage of a soldier, the guidance of a statesman, the wisdom
and experience in missionary and educational work, and the faith
of a Christian. I know of no better man for the place than Gen. O.O.

Yours very truly,
Wm. Brewster

Dear Sir

I find
that on account of
yesterday being "Fast
day" my notice of
the Sunday Evening
meeting failed to
reach the Free Press
and therefore there
is no notice given

This I regret exceedingly
-ly as it will make
much difference with
the general public

I have done what
I could - to rectify this
error by sending

a pleasant surprise to
to know.

Hope a good congregation
may greet you and
learn some thing of the
work that bears your
name.

I shall be most
happy to welcome
you to our pulpit.

Very cordially
J. D. H. Caff.
