Genl. C. O. Howard,

Dear Sir:

Mr. Wm. Small  
of Washington D. C. an attorney  
and ex-union soldier, thinks  
I am entitled to a pension, but  
can only obtain it by special  
act of Congress, as my  
husband was not an  
enlisted soldier.

Doubtless you know what  
data is necessary to further

my purpose, and I will  
gratefully appreciate any  
information you may give  
me.

Mr. Small said "be sure to  
find out how, or by whom  
your husband was paid"

I have already visited the  
War Dept, but failed to  
obtain any information  
there.

Thanking you in advance  
for an early reply, and  
assuring you of my  
appreciation of your

kindness in the past,

I am,

Very resp'y. yours

My Dear Gen. Howard:- We are all home and with grateful hearts for so good a meeting. I believe you were divinely guided in your direction and control of this gathering. From the first note to the last, you were enabled to keep the feeling on a high spiritual level. I do not remember in fifteen years a more remarkable tone than that which prevailed throughout our sessions. The result will be helpful throughout the country and I believe will mark a turn in the tide of home missionary interest.

Please find enclosed draft to cover your expenses. It would take a large draft from me to express my gratitude for your services.

Sincerely yours,

little chat with you: but I was  
unavoidably detained at home.

Form of May 17. was duly re-

She will be about some  
weeks yet. We are not sure

(Dear General,

You were  
kind enough to write me  
last year, a letter for which  
I was very grateful, and  
which I answered. I trust  
you will not consider it ob-  
tusive on my part to write  
this, but a reason exists for my  
doing so which did not last  
year, and whatever the out-  
come of this may be, I feel you  
will pardon me.

I have met with great re-  
verses lately, even to the ex-  
tent of losing my property

and home. Harder of all  
to bear has been the loss of  
a beloved wife, suddenly, from  
heart disease two months since.

God has blessed me with  
most excellent health, and  
I am as capable of work as  
ever. Having seen your  
name in print as promo-  
tor and president of a col-  
ony in California, the thought  
came into my mind that  
possibly you might have it in  
your power to put me in some  
position where I could be  
of service to you with pro-  
fit to myself. If not in any  
connection with your land  
enterprise, you might re-  
call the name of some friend  
or acquaintance in San Fran-

Cisco, who, through a word  
from you might be induced  
to interest himself in my be-  
half. Dear Howard, this is  
the first time in my life that  
I have asked a favor of this  
kind from any man. I  
have the kindest of children,  
who are all eager for me  
to make my home with them.  
But having always hitherto  
having had a home of my  
own, and being so well and  
strong as I am, <sup>I am</sup> unwilling  
to do so until all other means  
fail.

I am sure you understand  
me, and I will say no more,  
hoping only that some time  
when you are at leisure you  
may give the matter a lit-  
tle

the thought, and possibly  
without inconvenience to  
yourself be able to send  
cheer to your old friend

it was in the Machine Dept. W. H.

He is not the son you met at

Leeds, but the next older one.

He went to Cal. some time ago  
on account of his health and later  
to Oregon, where he took up Gov.

hopes to reap a benefit from in  
the future; be assured he will  
not dishonor your recommendation  
as he is a good steady young man  
and always does his duty,

I returned from Cal. three years  
ago and have since been residing  
with my daughter, Mrs Keniston;  
my youngest daughter, Carrie, Mrs

Dear Father:-

Your letter of June 7th received. I agree with you fully that you will have more peace of mind, probably earn as much money and be saved from one of the most difficult and complicated pieces of work in connection with the Indian Bureau or Department of the Interior now before it by seeking for yourself or through friends an appointment upon the Dawes Indian Commission. I have several times been in that territory and find it thoroughly settled by whites without laws, police, etc. liquor and beer are sold every where, roads are fenced off, a state of affairs exist which it would be very difficult to adjust especially as towns and cities including many brick buildings have been erected at many points on lands leased in perpetuity from the Indians. I fear some members of the commission ( not Mr. Dawes) have selfish motives and not really the interests of the government or Indians at heart. I thought of this because your name was mentioned in the territory and you would be hailed with delight as a check upon bad men. However, I personally feel that you are freer and better off engaged as you are.

Dear General:-

A few weeks ago you said in one of your letters that you thought that at the meeting at Saratoga you would be able to obtain some further light upon the relations between Berea College and the work at Cumberland Gap. Did you get anything in this line?

Day before yesterday I saw Dr. Pearsons again to ask him a question about another matter and he, of his own accord, spoke of Berea and again said that we cannot be in Berea's way, that there is more work than both can do, and that Berea should be helped along with its donations so as to give us our turn. He said that some men of means and influence from Chicago and Worcester are to be at the Berea Commencement and that a strong effort is to be made to make up the balance needed by Berea to claim Dr. Pearson's \$50,000.

The committee representing the National Editorial Ass'n for choosing a home for the association, will probably go to Cumberland Gap next week. I also expect to take a man there from Chicago, who is going to retire from business and has considerable means and thinks of locating at Cumberland Gap and assisting us in our work.

What would you think of having the National Editorial Ass'n assume the patronage of the University? This association represents 10,000 newspapers distributed throughout the United States. Do you not think that this organization, being in close touch with the people at large, could go a long way in assisting us to establish and maintain the University? Dear Sir and Comrad

I wish to impose on your valuable time as I have  
 no other means to settle a controversy in our Post over  
 the action of the Eleventh Corps at Chancellorsville on May  
 2 1863 the contention is that no troops of that Corps  
 that night was under fire more than a few minutes before  
 before they gave way. Now I was a member of the 157th N Y  
 Col Bushbuck's Brigade and I maintain that we were  
 under fire for a full hour or more and that we  
 held the enemy in front of us until they were well  
 up on both flanks of us before we fell back  
 and as we got to the woods I came up to Col P A Johnson of  
 our Reg on foot he had been wounded in both legs and  
 I threw my gun down and helped him until he could  
 go no farther and I lay him against a tree and went on
