My Dear Sir:—

General Howard's article "The Bravest Deed of My War Experience" has not yet been published. It should, however, be paid for and I have instructed the Cashier accordingly. In the case of General Howard, The World would not follow the general rule of payment on publication. I regret the delay. Mr. Bradford Merrill is at present Editor of the Sunday World.

My dear Sir:

Though Howard's article "The Harefoot Deeg of My War Experience" has not yet been published, I am afraid it has not been ignored. It bears the title "The Harefoot Deeg of My War Experience" and is published by the General Secretary of the General Howard's World, which is not a new magazine of the General Howard's World. I believe the gesture of Mr. Brackett is to present it to the Society of War.

You are very truly,

Dear Gen. Howard:—

I am in receipt of your letter of the 2nd, and thank you for your promptness. I have written Dr. Rankin who would have to call a meeting of the Trustees, asking him to come over here on the subject. My impression is that it would be a good plan for you to meet the Trustees or at least the Executive Committee with Prof. Hart who is the Father of the Agricultural Department scheme, and owns the farm. The subject has had a good deal of consideration by a committee of the ablest trustees we have, who have corresponded with the War Department in regard to the buildings at Fort Washington, and with members of Congress in respect to its recognition by Congress with the usual appropriation for an experiment station. I feel quite sure that with your assistance we could put such a department on its feet, under conditions that it would make it the most valuable feature of Howard University. I shall hear from Dr. Rankin in two or three days, and shall write you again.

Yours truly,

Dear Sir:—

There is a light complexioned man of this city by the name of Henry Grant Hoskins, who tells me his father was a soldier in the late war, and in the year '64 deposited in a bank on Sixth Street, the sum of $300.00 for his son Henry Grant when the latter became 21 years old. He tells me you have some knowledge of the transaction at the time. He is unable to give me details, says that he was raised partly with Gen'l Grant's family; that Ollie Grant knows something of this matter.

The father's name was Henry Hoskins. If you can give me any light upon this subject it will be very gratefully received.

Respectfully yours,

Dear [Name],

Enclosed please find your manuscript. Herbert von Bose retained a few pages, which I have circled in red. He seems to believe it is too diffuse. We need to find a way to make it more focused and concise.

Do let me know if there is anything else I can do to assist you.

Dear Sir:

I beg to hand you herewith a letter of introduction from Mrs. H. F. Caswall of the Home Missionary Society, a dear friend and the loving faithful teacher of my youth. This letter will tell you who I am.

I have filed with the Hon. Secretary of the Interior my application for appointment as Agent for the New York State Indians. Gen. Greenfield M. Dodge has very kindly induced my application in a personal letter to Mr. Bills, and has secured for me the support of Hon. Thomas C. Platt, Senator from New York. I write to ask for your influence as a known and recognized friend of the Red-man, in support of the policy of recognizing the claim of Indians to appointments in the Indian service of the Government whenever they can demonstrate their ability and fitness to faithfully perform the duties which such a trust involves. I have a desire to be of service to my people and believe that this position affords me greater opportunities than any other I might fill. Having assisted many
Indian Agents in years past I am conversant with the duties of the position and as I am a citizen of New York I am eligible for appointment. Trusting that this will meet with your favor and that you will kindly assist me in this matter I am Sir,

Dear Edna,

I'm afraid I can't help you with the verse. I'm not very good at it. I was just in London on Sunday, and I was very cold there. I wish I could have stopped in and seen you.

I hope you are doing well. Please give my regards to Mother. I'm sure she still asks about you.

My Dear General:

I read your letter this morning. I thank you very much for your kindness. My heart aches so lately. What will other one I have does one a kindness it makes the tears start in my eyes. It seems as if I could not bear these surroundings where every thing reminds one of my loss and every sound has an echo. I shall have an appointment if it comes for many reasons. It will enable me to do for my sisters what I could not otherwise do and will give me a chance to recuperate both mentally and physically.

I enclose you a check according to the letter or letter. When my appointment comes, if it does, I shall send you a check for $50 more. I cannot express...
