NEW YORK

July 5, 1897.

Dear Father:

I can not get a definite reply from the B.H. Smith Machine Company in regard to my position with them until the 15th of this month

On that day I can write you yes or no. Will that do? If it is necessary for me to drop my present negotiations in order to secure the position with you in connection with establishing an Agricultural Department at Howard University I am willing to do so.

When you were here you wished me to reply by Friday of this week. I have learned today that Mr. Smith will be sent for because the report of the gentleman who went to Newark at his request has been satisfactory. Mr. Kelly, the Pres. of the Company, returned today. Mr. Hall the N.Y. City representative stated that it will probably be the 15th before they can give me their answer but it will be given then without fail. Please let me know what you think about it as soon as you receive this letter.

Your affectionate son,

Dear Sir:

I reached home about 10 o'clock Saturday morning after a brief stop in Boston on business. Soon after leaving the boat, I found I was all right on the money question as I had carelessly placed some in a pocket where I was not accustomed to. However, I am just as grateful to you and return the borrowed \$1.00 herewith.

Hope you found your valise all right and had a pleasant experience in Providence and Pawtucket.

With kind regards to self and family, I am, in haste,

Sincerely Yours,
