My Dear General:

You were kind enough to give me a couple of very kind letters for my advancement in the Pension Bureau - one to Secretary Bliss and a second to Commissioner of Pensions Evans. I appreciated the aid you rendered me much. General Estes kindly aided me, too. I also had the endorsements of 4 U. S. Senators and 14 Members of the House of Representatives. Of these seven (7) visited Mr. Evans in person and urged my advancement, but it did not aid me any, although some of the gentlemen had known me during the war, and others since the close of the war, and made as many as two, three and four appeals to Mr. Evans.

Mr. Murphy, who had known me well for many years, gave me first class and agreeable work - criminal work in the Law Division - our new Republican Administration has seen fit to degrade the class of my work and place me mainly at mechanical work, much harder and not as agreeable work for me, and where quantity of mechanical writing counts. I cannot do the amount of writing which younger men do, and my record in the future will not be what it has been in the past.

I inclose for your inspection, copies of statements made by gentlemen who have been my Chiefs for a number of years, that you may know my reputation and qualities as a clerk in the Pension

Maj. Gen. O. O. Howard.

Dear General:

After engaging entertainment for you at the Niagara Hotel, Dr. Howe came in to ask if you would accept an invitation to be his guest during your visit. I told him that I thought that you and Mrs. Howard would gladly accept his kind hospitality. Dr. Howe's beautiful home is located on the Cor. of Delaware and Huron Streets, - within five minutes walk of our building and ten minutes walk to G. A. R. Headquarters. It is nearer to re-union halls than the "Niagara". The location is ideal.

It was too late this morning to secure good accommodations at any

of the hotels. On account of your not coming till Wednesday the "Niagara" would not promise to reserve any of their best rooms for you, as most of their guests will come on Monday. They would only promise to take care of you when you come, which means that they would give you as good a room as they have left, or if none are left they would get you a room in some of the fine residences near there. Their rates are 4 and 5 dollars a day.

If you accept Dr. and Mrs. Howe's very cordial invitation you would be relieved from any possibility of inconvenience, and I am sure you would be delightfully entertained. Dr. Howe is one of our best and most honored citizens, and is one of the most noted surgeons of this country.

May I have the honor of assuming that you accept the invitation, also that if you will address our patriotic rally Sunday the 29<sup>th</sup>? If so kindly give me an early answer by wire at our expense.

Very sincerely yours,

Dear General Howard:

I regret very much that I am forced to annoy you further, but I am far past the right to consult my feelings.

Yesterday I saw Gen Alger. He was occupied all day and could give me only a minute on his way to lunch. I had no chance to explain who I am or show my letters. He only understood that I had come to borrow money. After expressing surprise and doubt that I could not get what I needed in Burlington, he gave me \$10 - out of which I paid \$3. that I had borrowed at St Albans.

I have thought it best - if there can be any best in so bad a business - to go on to Barre and attempt to do something with the music business that is so impossible here. I shall try to work my way to Boston, where

Dear General Howard:

I regret very much that I  
am forced to answer you further, but I  
am for past the right to answer any  
feelings.

Yesterday I saw Gen. Alger. He was so  
surprised all day and could give me only a  
moment or two to lunch. I had no  
chance to explain who I am or what my  
letter. He very unhesitatingly that I had come  
to borrow money. After expressing surprise  
and doubt that I could get what I  
needed in Burlington, he gave me \$10 - out  
of which I paid \$5. That I had borrowed at  
St Albans.

I have thought it best - if there can be any  
least in so bad a business - to go on to some  
and attempt to do something with the  
various business that is an important part  
I shall try to get my own (Boston) interest

(2)

Gen Fairchild's brother, who is a banker, may be able to remember me. Once there I can get to New York, where I have every reason to expect instant employment, when I shall promptly discharge whatever obligation I may have here.

I have asked, by letter, the St Albans land-lord to send my trunk here. I have paid \$42 on his bill of \$50 and hope he will do it. I have \$7, out of which I shall have to pay express charges on my trunk.

It is madness to go to Barre without more than a dollar in my pocket. I may have to spend several days there and may become involved as I am here - only I shall go to a boarding house.

If I can borrow \$10, I think Gov Woodbury will arrange about my hotel bill here. Can you see any way to that, other than through the G. A. R. post? Mr Steenberg tells me there is difficulty in raising funds.

I have called, by letter, the St Albans law  
 and have my trunk here. I have found  
 \$4.00 on his bill of \$50 and hope he will  
 let it. I have \$7. out of which I shall have  
 to pay express charges on my trunk.

It is necessary to go to Paris without  
 three dollars in my pocket. I must have  
 to pay several days there and must  
 be in a hurry as I am here - only 2 days  
 of D. O. boarding money.  
 If I can borrow \$10, I think I can  
 will arrange about my travel there. Can  
 for me any way to that, other than through  
 the P. O. post? The intention is to see  
 there is difficulty in raising funds.

I beg you to remember, General, that I am <sup>3</sup>  
only the momentary victim of a business  
failure for which I am blameless. I have  
served my day and generation well and  
faithfully and I have experience and quali-  
ties that are in demand if I can only  
reach the market. In the circumstances it  
is not immodest to say that I have been  
regarded as the ablest editorial writer in  
the Northwest - an opinion expressed by Dr  
Shaw, of the Review of Reviews. Col Lockwell  
has affirmed that no writer in New York is my  
superior on my usual lines. A letter which  
I have from the present editor of the Com-  
mercial Advertiser - not especially friendly  
to me - which says: "I know of no one who  
can do better work in his own line than you-  
self" - meaning literary, social, science and  
general articles. The Rev Olin Curtis, a pro-  
fessor of literature in a Boston theol. institute,  
wrote to a friend that "in Dr Kaine's writing  
we have Oliver Wendell Holmes at his best." Y

That I cannot call all the world <sup>as</sup> witness, is the fault of circumstances. My four years in New York were years of newspaper drudgery from which there was no escape.

I should like, if possible, a practical suggestion from you, who know everybody as to how I can achieve the \$10, otherwise than through the G. A. R. I am doing what I can, and shall call this afternoon, as my week at the hotel ends today.

My Dear General ,

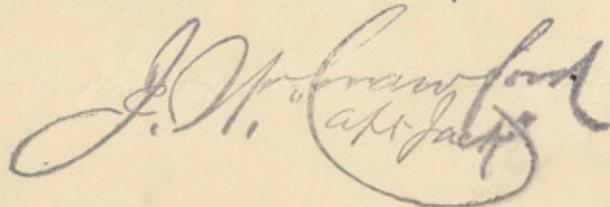

I may be mistaken but I firmly believe that the enclosed prospectus with the accompanying letter will appeal to you as thoroughly honest and practical. I believe that you know me well enough to know that I will not allow my name to be associated with anything that I do not believe to be just right and honorable.

After refusing a dozen offers to help organize other companies with capitals of from one to five million dollars, and after listening to the numerous plans and schemes of their promoters, I concluded to organize the Captain Jack Company on different lines and without a single share of promoter's stock to be given away for any purpose whatever. The men with whom I am associated are men of excellent character and intelligence. The great majority of the stock will be held by personal friends, whom I have known and who have known me for years.

Should you desire to take some stock you can rest assured that your interests will be as well taken care of , both in the field and in the East as if you, yourself , were in command.

Faithfully Yours,

In Clouds and Sunshine ,

a total of from one to five million dollars, and after listening to the  
plans and progress of the project, I decided to organize the  
company on different lines and without a single share of property  
to be given away for any purpose whatever. The man with whom I am associ-

My dear Commander,

Mrs. Sampson is here from Washington D.C and informed me of your whereabouts, and the strong endorsement which you placed on my papers for the position of Collector of Customs at this Port, for which I was an applicant.

When Mrs. Sampson wrote me in March that you favored my appointment - and Sec 1754 of the U.S. the plank of the Republican Platform of '96. I was almost assured that the Disabled Veterans would be recognized by this administration, but it seems that new elections have past. The "Wrecks of the Rebellion" are back numbers and Sec 1754 and the plank in the platform are mythical.

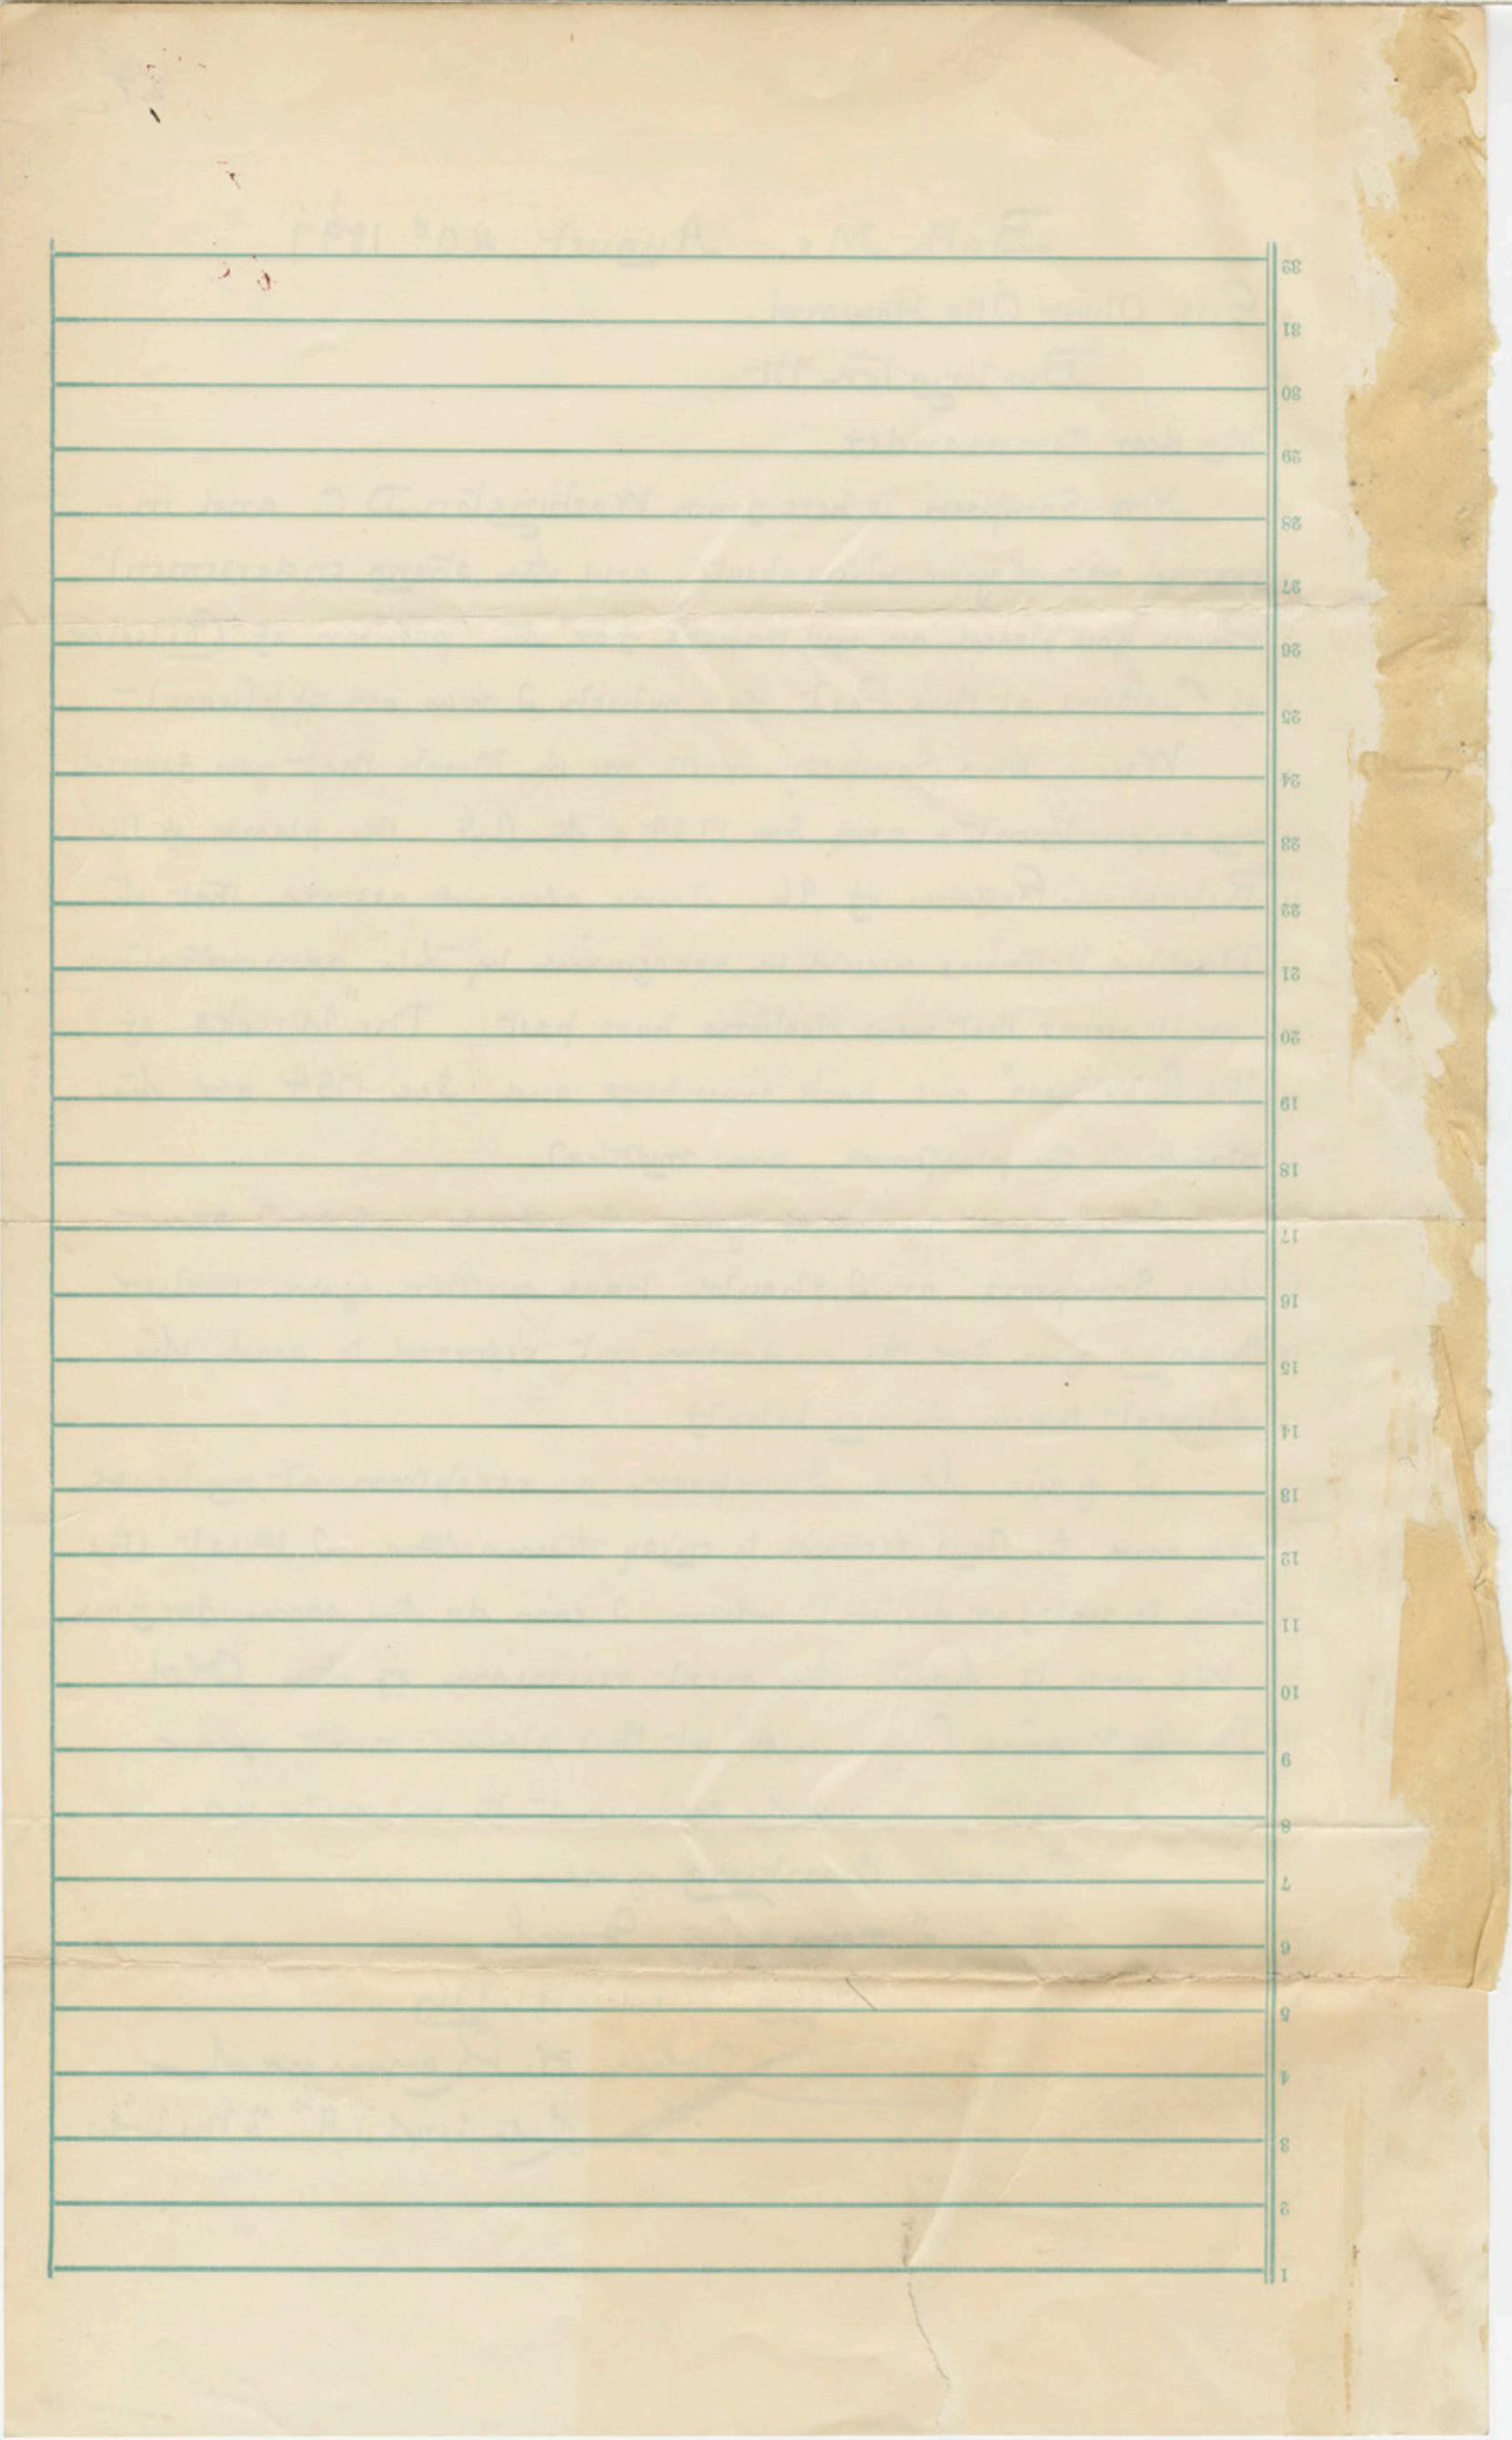

I was not aware of your whereabouts until I saw Mrs. Sampson, or I should have written you earlier thanking you for the endorsement referred to and the interest taken in my behalf.

I gave Mrs. Sampson a reception at my house, she and the Boys seemed to enjoy themselves. I trust the time is not far distant when I can do the same for you. We are to have the next reunion of the "Old Third Maine Regiment" at this place next year and I trust you will consent to be with us.

Again thanking you  
I remain Sir,

Very Respectfully

I am pleased to know that you will be with us during the National Encampment, and trust you will find it convenient to speak at a Camp Fire Thursday Evening at the North Presbyterian Church on Main street. The programme includes interesting services from Monday until Thursday evening and we would be pleased to have you with us during that time. We are assured that there is a suite of rooms at the Hotel Niagaga, near Fort Porter and the Camp. If you will kindly wire them the same will be secured for you and your lady. New York 21 Aug. 1897

My dear General:-

Herewith I enclose application to the New York State Home Missionary Society, for aid and commission for the year 1897-1898-

No doubt you are conversant with the new arrangement, of the C. H. M. Soc. with the State Auxiliary in its relation to this Metropolitan District. We are no longer in direct connection by its arrangement with the C. H. M. Soc. but are to immediately connect with the State Soc. and all our communications are with it. This will explain to you the present form of application. The Brethren are desirous of your continued interest and have requested you to act as one of the Committee of the Congregation and, as one of our <sup>in the line</sup> trustees. Will you please sign as such, above Mr Meyerholz - and return application to me as soon as possible, so that there may be no delay in sending the application to Mr Curtis who desires to have it before the close of this month. As to the work and condition of the field I am very happy to report, continued progress

and our Master's favor and blessing. - Our  
finances give us no trouble - our debt is very  
slight - and if the Broadway Tabernacle will  
give us the expected \$100. we shall meet our  
debt and expenses until Oct 1<sup>st</sup>, 1897. -

I am exceedingly glad at the prospect  
of reopening the Kindergarten this fall. A  
Teacher has already been engaged - and Mrs.  
Mutch more is going to do the very best she  
can to make that important department  
of our work a success this coming winter.  
She will need encouragement and some aid,  
and I pray and trust that the coming  
prosperous era, will be an inducement to  
some of our moneyed friends to take hold of  
this needful and blessed work. -

Our Summer work has been a  
blessed one for our children. Not a Child  
of our Sunday School, who desired to go  
to the Country for a two weeks outing, and  
who had the will, and energy to get ready.  
who would clean himself or herself so as  
to pass the needful examination on the  
score of cleanliness - but has had the  
opportunity - to go. We have sent more  
children this year than in any previous

year in the history of <sup>3</sup> Camp Mission. ~~2<sup>nd</sup>~~ <sup>3<sup>rd</sup></sup>  
Myself given more time & energy to this  
first air work than <sup>ever</sup> before. In fact I have  
been more busy and at work harder this  
summer than ever before. Of course I  
am a little tired - feel somewhat overworked  
but we still have about two weeks before the  
opening of our Autumn Campaign, and I am  
going to try to get a little rest - I have  
now kept at it - without a week  
rest since I came here 3 years ago -  
and I feel somewhat the result of the  
constant wear and tear of the work. And  
I want to make the coming year one to  
tell the story of advancement all along  
the line - <sup>1<sup>st</sup></sup> The Salvation of souls. <sup>2<sup>nd</sup></sup>  
The growth in grace among our people. <sup>3<sup>rd</sup></sup>  
Increased attendance at church <sup>and</sup> Sunday  
School services. <sup>4<sup>th</sup></sup> Increased activity  
in our institutional work.

I want to make this work the  
very best work of my life. Indeed I  
am determined more than ever to be

my life into this work. I am willing for  
the sake of those for whom the Master  
gave His life and whom He loved. I  
need be also to give my life - My  
servant is not above His Master  
and I am realizing this every day -  
and I know of no work Jesus would  
be more interested in were He in My  
than the work we are engaged in at  
Camp Mission.

I would like to have an opportunity  
to talk over the plans & prospects of the  
work sometime this fall. If you come  
to My - can we do so?

I pray that the dear Lord may  
bless you & yours with Himself and  
His fullness.

Yours in Christ

Dear General:

Boston, Aug 21 1897.

I loaned poor Nugent <sup>#1</sup> to get back to the Vermont hills. He says he will never leave them again. I think he has made an honest try to get work here. I went to several places for him & sent him to several more but without much success.

I told him I would keep on trying if he would stay but he said he was all broken up and couldn't stand the strain any longer.

I think I could have gotten him a place at Wiscount Maine as man of all work around a place where

1 2 3 4 5 6 7 8  
he would have to chop wood, plant a garden, mow  
six or seven acres of ground and make him-  
self generally useful but he thought that would  
not do for him.

I'll keep him in mind and if I hear of any  
thing that he could fit into will let you  
know.

Dear Brother:-

I have your letter of the 19th. today, indicating that you are not coming to Glencoe unless specially summoned, and, in fact, that you do not expect to come on this trip. Should there be any requisition started on the Governor of Illinois it might be very desirable for you to see him before you went East. In that event, if I get any such word before the 24th., I will telegraph you in care of the Chairman of the Lecture Committee, as I have put this address. You did not give me any name.

I wish we could have had a visit from Lizzie, but I see your plan was for her only to come to Detroit.

The indications are that if Mr. Wilson and I go out voluntarily to Los Angeles and testify there will be no arrests, and that the probabilities are strong that a nolle prosequi will be entered and the case dismissed. There really can be not even a show of crime, or attempt at crime as far as we are concerned. There has been no attempt at fraud connected with the business that I know of.

We expect Lawrence tonight, and he understands he is to send back his passes. He will probably remain until the 15th. of Sept. at Glencoe. We have not heard from him, but the plan was for him to reach Chicago, together with Miss Nina Kellogg and the Newhall children, who are all coming on from Leon, N. Y., and should reach here not later

I have not had time to look over the silver articles. I shall be interested in doing so, and am perfectly willing to be convinced that the single gold standard is the best thing for the whole world, including India, China and Mexico. *If so essential I will advocate it -* Affectionately,

Dear Gen Howard,

The Gentles Y. M. C. & have met with so much loss the past few seasons, by opening the public shows. that now a new regime is in vogue, which have decided to make no guarantee. but to give 62½ % gross. They have secured some good talent & it looks favorable. It is a very intelligent & rich community. The richest suburb of N. Y. They want you on Sunday night & will give a collection & they think it will be good. You are in this neighborhood at that time. Now would you take the 62½ percent. for Saturday eve. Dec. 4. & the collection the Sunday evening. You are very near here, & I could go out with you. I will charge no commission on this unless your share is \$100 or over.

Another thing. This is my last suggestion of this kind. I am interested in the success and revival of this society.

With love

J. B. Pond
