Please find inclosed check for \$35.00 to be appropriated as stated in my former letter. Kindly acknowledge same at your convenience with name and address of beneficiary.

Since your address at Morristown, the thought has come to me several times that it might be interesting to engage in work for the Indian as a teacher. Will it trouble you too much to inform me what qualifications are required of a teacher, and how appointments are made at Carlisle

My dear General:

Your kind words were gratefully received - and they assure me of your sympathy. Yes my darling wife is gone but I feel her presence with me.

Death for me has lost all its horror - for I know she lives somewhere - somehow. Mine is not a faith but an absolute knowledge - Doubt as to another existence is gone forever. What it is I do not know - but I believe the immortal Kant was right when he declared that the other world was not another place but another point of view.

Still, this awful silence where my heart cries out in an agony of loneliness - is terrible & were it not for the sufficient proof she has given me of her existence I believe I should have gone insane. I fear I may yet. But our dear boy just entering Stanford demands that I turn my

I could tell you a wonderful
 story General. Such as perhaps never happened
 to mortal man before. But you would
 say "Grief has turned the poor fellow's head."
 I would not have credited the truth of it
 two months ago as anyone's experience.

My dear Genl. Howard:-

I have a young friend who is intending to go to some military school this winter; not to obtain a military education but for the benefits derived from military discipline; & I thought you would gladly aid me if possible by giving your honest opinion as to the standing or rank of the "New York Military Academy" as compared with other similar institutions.

I thus impose on your good nature, as I have been informed that you are acquainted with this school; and I shall be greatly obliged to you for any information —

Yours sincerely

Gen. O. O. Howard,

Dear Sir:

I am glad to have your response under date of August 25 to my request, and shall be pleased to pay the price you mention for the article desired. What I would like is an article that will present the Indian question from the military point of view, as well as the humanitarian point of view, which I am sure you can do in a manner that will be pleasing and satisfactory. I should be glad to have also, if you are willing to furnish it, a good recent photograph of yourself which I can have reproduced to accompany your article. As the limits of the paper will require somewhat of brevity in treatment, in view of some pictorial illustrations that I wish to use, I think an article of about one thousand words will meet the requirements. I shall be pleased to receive the article at your early convenience.

Very truly yours,
