As some account of his work among the mountain whites which interest our people very much—he expressed a wish to me at that time to have an opportunity to speak of his work at our coming meetings—and I have written him that I thought it could be arranged—and asked him to come as early as Tuesday that he might talk it over with yourself and Dr. Chapman—he is not to solicit it funds at this meeting but present his work—which I trust will bear fruit later—If you have any suggestions kindly let me know

My dear General,

You may be astonished to get a letter from me. I hope you are always glad to hear from me. You probably hear of Jimmy and Alex. I heard that I spent a couple of weeks in the Alleghenies and had a delightful time. I met very pleasant
and made many new acquaintance. I feel stupid to-day and
I am sure that word is not spelled correct. but I hope you know
what I mean. Among those people I met a very sweet young

My dear friend,

We have a good chance here. It seems good prospects of extending our town locations by the Mayor and Aldermen Oct. 18 at the hearing on our application. We come to Boston P.O. We have also a five mile location at Dudley St. Please sign the enclosed Proxy form to save your rights as an incorporator Oct. 6th at Annual Meeting.

I regret that rumors re-arranging of the incorporators whose names I put on so early to have their votes and resignations in behalf of (signed)
threaten to sell over to enemies. Your offer is broad enough but not
definite enough to satisfy anyone. With unanimous support it looks like a first success.

Gen. J. L. Cranmer, Ill. seems likely to take some of his rich friends into the
Construction Co. I became sure of this when our
prospectus is ready. I will send it to you. I feel sure you can do it. If you
succeed your stock will quickly sell for $1,000,000.

Please mail me this endorsed
paper when signed to the
Reverend Trust W. A. Hatcher.

Greatly obliged, yours sincerely,

Dear Sir & Comrade:

Some time ago I wrote you, in behalf of Walter C. Dunton Post G.A.R., extending an invitation to you to deliver the Memorial Day address, in this town, May 30, 1898.

Not having received a reply, I conclude my letter must have gone astray. I therefore renew the invitation. I can assure you of a hearty welcome not only from the comrades of the post but also from the general public. We are always sure of a large and appreciative audience. Hoping to hear from you soon, I am

My Dear Sir:

I am instructed by Mr. Henderson who is not yet able to personally attend to his duties to write you relative to the amputation of his leg which occurred on the 28th of August. The operation was in every respect a success and Colonel Henderson is coming out of the ordeal in a splendid manner. He thinks the fight is a winning one and that he will be relieved from trouble in the future. I sent you copy of the Dubuque Times containing an account of the amputation and hope you have received the same by this time.

Respectfully,

My dear General

Your very kind letter of July 12th with an enclosure for the Richard Bartholdt, N. C. St Louis was received in due time; my most hearty thanks are due to you for the great kindness shown to me. I transmitted the enclosed letter to St. Louis 11th and feel sure that it will greatly further my petition before Congress.

Yet, General, I am old, but still, I wish and hope, if Congress decides in my favor, to cross the Ocean once more and to shake hands with the old friends and

Comrades. Also, many of them are gone from us to answer the Call of our Lord above!

Again, dear General, I thank you, and remain most truly

Your obedient servant

My dear Gen. Howard:

Father is away from home and in his absence your letter, enclosing check for $35.00, comes to me for acknowledgement. I am sure Father can make good use of the money, but I will hold it for his return which will probably be at the end of this month, when he can designate the pupil who will be helped by it and whom

return can write to the Society of which you speak. In the meantime I will route to the Society to explain the delay that is necessary before they may hear from Father went to Leavenworth to take his examination for promotion, and we hear just through that he is this morning that he is getting back to the military academy quite like an old war horse, in telegraphs there!

Thanking you in Father.
Name for the check and with most cordial regards believe me,

Dear Gen. Howard:—

It gave me pleasure to receive your note of Sept. 4th, and to know that we may expect you at New Haven this year. I have not looked up the record of your attendance at the Board meetings, but I know that every year you have recognized your membership in the Board and have sent a letter asking to be excused from attendance when you were unable to be present. As I understand the new rule, which was presented by Dr. Park of Gloversville, N.Y., it was intended simply for those who year by year retain their membership, but never attend the meeting or acknowledge their membership by asking to be excused. This was continued so long in the case of one man recently, that when I came to this office I had to institute diligent search to find him. Our last record located him in Colorado. I found him in a little Presbyterian neighborhood in Maryland, having almost forgotten that he was a Corporate Member.

With most cordial regards,

I am,

Very sincerely yours,

My dearly beloved General:

You know that there is no other man on earth that I think purer or cleaner than General C. O. Howard and for many years I have taken pride in saying so.

Now in your letter of the 30th you say I wish you large and great fortune in Klondike but my dear General I should like a different letter from you and I should like you to say in that letter, my dear Captain Jack inclosed please find my check for any where from 100 to 1000 or less, for so many shares of stock in the Captain Jack Crawford Alaska Prospectig and Mining Corporation, not because I am a gambler in stocks and not because I think there is a fortune in Klondike, not because I believe there is a sure fortune to be secured in this but because I have confidence in Jack Crawford and believe that if it is possible for any man to succeed in such an undertaking he is the man, etc.

Now my dear General I wish you would subscribe for a few

You see it is so easy to take stock when you realize that you have about 40 months in which to pay it or it could be paid in full if so desired.

I have only been able to take and hold 100 shares myself, and I would be delighted if you would take 200 shares and hold half a hundred for me then, when I struck it rich out there, I would have something in Burlington to fall back on. I want you to consider the matter carefully over and let me have a real good letter on these lines with at least a small subscription, if nothing else.

Of course I shall occupy the platform until the 1st of March.
