Gen. C. O. Howard: Burlington Vt.
Dear Brother,

Your good letter is received, and I thank you for suggestions. I am still hoping that Mr Cyrus Kels will find a friend in this time of great need. And I think he is thoroughly in earnest, and will do his best to succeed. It is very clear that if we can find the present need we can hope to go on safely as he says. I could find the amount in small sums but I am doing all in my power to find money to pay seven teachers who expect pay every fourth Saturday, and they deserve what is due. If the A. M. A had continued their support of three teachers I would not feel handicapped - although I am much hurt in the loss of my faithful companion.

I feel truly thankful to you for your great interest and assistance rendered to this Mountain flock... And I feel that God will surely go forward with this work if we do our duty. I fear that we may be making a mistake in not saying that the school shall have a majority of the trustees from the Orthodox Congregational church... as some orthodox denominations I Charles New Day that two thirds of the trustees must belong to some Christian church and we could amend this charter before we deed property over so as to have the additional clause "and the majority shall belong to the congregational denomination. then we could hope to secure trustees to speak to and thus secure it. But I am perfectly willing to proceed as we are now chartered if you prefer.

I have carefully considered this whole subject and I do not fear result only in this matter of the purchase of the first season property. And as things now are I do not see how I can do otherwise than open a campaign at once and this I have done this day and tomorrow I go to Cleveland Ohio. to see what I can do there. And if you think best and are not too much pressed with your many cares, I would be greatly obliged and helped should you think it right to give me a general letter to use where I fail to find help to introduce myself to those who have means to aid us and should you wish me to see Sen John Manemaker it would be glad to visit him at once or any other friends. Let us trust in God. Yours in Christ

Major Gen. O. O. Howard.

Dear General.

When you were in our City toward the close of the campaign I had the honor to meet you at the Duquesne Hotel. At that time I asked you if it were possible to secure copies of two General orders issued in the field, and you answered by saying that I should write to you about it. I have been rather slow in awaiting myself of your kind permission but now take the liberty to make known what was wanted.

The first general order I refer to was issued by yourself after the Battle of Chancellorsville. In this order you refer to the courageous stand taken by Col. Hubbecks Brigade of which my Regiment, the 27th Pa Vols formed a part, and also referred in flattering terms on the gallant behavior of Capt Jackson

An officer of the 27th but then serving on
the Staff of General Steinwehr.

The 2nd order was also issued by yourself
after the Battle of Missionary Ridge near
Chattanooga Nov. 25/63. In this order reference
is again made to the gallant charge of the
27th up Missionary Ridge in the face of a
severe fire by the enemy who was posted at the top.

Does my memory serve me right?
This last mentioned order is of special interest to
me just now, as I expect with a few more of my
Regiment to participate in the dedication of the
Monuments erected by the State of Penna on the
Battle fields around Chattanooga to designate
the position occupied by Penna Commands.

If you could secure copies of these orders
for me it would be a great favor indeed.

But let it be understood dear General that
this favor is only asked providing it will not
inconvenience you any to comply.

I have the honor to be as of old
Your humble servant

Dear sir and comrade,

Feeling assured you are interested in the protection of animals from cruel treatment, and having had occasion to come to your city, twice recently, to look after several cases, and one of them the one where some demon cut out the tongue of a horse: It has been an expense of several dollars, and all the money the society has is what is contributed, and solicited by us so you see we are in need of money to

Dear Sir:-

We have a fund started here for the building of a soldiers monument or mausoleum, the matter so far being under the charge of Randall Post G.A.R., who now propose to add to the fund the net proceeds of a lecture course to be given during the coming winter.

We shall sell tickets in advance by subscription so our success will be assured, at least the expense account.

Being a member of the committee appointed by the Post to arrange this matter I have been approached by many of our leading citizens, and it is also my pleasure to ask if possible that you might name about some date when our people might have the pleasure of greeting you in the lecture hall, our course will probably run into January and will be first class.

We well know that your name on our list would add much strength to the course and aid us materially in our advance sale, also we are well aware that your time is in much demand, but still hope for a favorable reply, and at the same time your terms for the favor.

With much respect I am,

Very truly yours,
