Dear Sir:-

Pleased to have your line of November 10th. Would you like to have me drop a line to some friends in San Diego and in Los Angeles and possibly one or two other places, with a view to your lecturing in Southern California this fall or winter? If so, please give me terms and dates, and I will take it up.

Did you write to Mr. Hooker with reference to a lecture? I do not suppose there would be any chance of that kind with him, as he lives about ten miles from Fort Grant on a ranch, but possibly a lecture might be arranged at Tucson and Prescott, the only two large places in the territory.

We are just about to celebrate to-night at Glencoe, the 25th anniversary of the formation of our church. It is, of course, an occasion of considerable interest to us.

Affectionately,

O. O. Howard

My dear old friend,

I suppose you will be surprised to hear from me, but you need not as I alwys call on you when in need of a good recommendation, your recommendation secured for me a good position in the past & I am sure it will again as one word from you is better than all the others, One month ago I wrote the President. (Mr. Kinley) asking for a position as U. S. Counsel. he answered promptly giving me good encouragement stating that he had referred my letter to Sec of State. John Sherman. now will you kindly write to the Sec of State recommending me for the above named position

I was given an excellent recommendation.

My dear General:---

I thank you sincerely for your good words about my book. It is receiving a warm welcome all around. If the publishers get out a circular with press and other notices, may they print an extract from your letter? And may they change the phraseology a little to make it less a letter and more like a review? If the slight changes which I suggest below for this purpose are agreeable to you, with the "you" and "your" omitted, or if you will kindly send me a separate word for this purpose, I shall be thankful.

You were recently at Oberlin,--and delighted them all, as I learn from the Ohio papers. And I am not surprised.

Cordially yours,

W. E. Barton -

"I am delighted to get this book. The loyal people of East Tennessee showed themselves on my march to Knoxville more ardent patriots than any in the land. It is delightful that Dr. Barton's facile pen has given to the reading public this exhibition of their fine qualities. I hope that it will have a wide circulation and a careful reading."

My Dear Gen'l Howard:- Yours accepting invitation to be present and address the General Ass'n next

May is received with very great pleasure.

It is hard to imagine that Maj. Pond would offer any objection to the arrangement as you would speak as president of the C. H. M. S. and beside it would surely help the lecture business in N. Y. state.

We will therefore depend upon the arrangement; but should anything arise that will prevent your coming will you kindly inform me by April 1st., next, or sooner if you can, as we wish to go to press with the program by that date. Please accept most sincere and cordial thanks for your kindly response.

Sincerely your brother,
