Brig. General O. O. Howard,

U. S. Army,

Burlington, Vt.,

Sir:-

I hope that you will indulge me in making a statement of the breaking out of the Nez Perce Indians in Idaho, and what I had to do with them and the Army.

On or about the 14th day of June 1877, the Nez Perce Indians went on the war path; in Idaho County, Idaho Ter., at which time and place I was elected senior Captain of the two Companies organized at Mt. Idaho, for the protection of the settlers in that vicinity. I had two engagements with the Indians prior to the arrival of Col. Perry's Command, (Consisting of two companies of U. S. Cavalry), After consulting with Col. Perry, it was decided that we should make an effort to rescue the people on White Bird Creek and Salmon River, on which occasion we rescued one woman and two children and in the engagement lost thirty-three men out of one hundred. We then returned to Mt. Idaho, and waited your arrival on the 24th of June 1877, at which time and place you said to me. "I want you with me, you are indispensable, bring as many of your men as can be spared from Mt. Idaho,
and Grangeville, (your command at that time being some twenty miles

Augusta, Mass., January

Gen. O. O. Howard,

U. S. Army,

Battleground, A.C.

21:

I hope you will judge me to make a statement of the
pleasure out of the Mass. State Legislature in Ipswich, and what I had to
do with them and the Army.

On the 2nd of July 1873, the Mass. State Legislature met
on the 2nd of July 1873, Ipswich, at which time and those
I was elected member of the two Committees of Supply of the

Ipswich, for the protection of the soldiers in their vicinity.
two members with the State of Connecticut to the State of Conn.
and I was elected member of the two Committees of Supply of the

Conn. State Legislature, (Committee of the two Committees of U. S. Congress), After
consulting with Gov. Bell, it was decided that we should make an
effort to secure the help of Mr. Bigelow and Garrison River, on
which occasion we took up the cause of the two men and the cause of the cause

we sent for the State Legislature men out of the County.
to Mr. Ipswich, and we left on the 24th of June 1873, at

Major time and those who said to me, "I must say I am glad to see you all the time
of the Legislature, during as much of your time as can be spared from Mr. Ipswich,
and Garrisonville, (about coming at first time put some funds into

2

away at Cottonwood. I then immediately secured the service of Mr. Pasha, (a Frenchman) and his pack train of ten animals and purchased supplies from Mr. Rudolph, a merchant of Mt. Idaho, Idaho Territory. All of which was brought down to White Bird two days later by my packer.

On or about the 28th of June at Salmon River, I received a letter from Mr. Ben Morris, at Mt. Idaho, stating that Looking-glass' band of Indians were making trouble on the Clearwater, and asked for help. I handed the letter to you. You read it and then returned it to me saying "You had better go up and see what the trouble is. I will send a Company of Cavalry after you". I returned to Mt. Idaho at once. Captain Whipple, with a Company of Cavalry, arrived at Mt. Idaho the ~~28~~ next day, June 29th and on the 30th left for Looking-glass' camp on Clearwater. On this date I received a communication from you (a copy herewith attached marked "A") in regard to prisoners and stock captured). On the 1st. of July Captain Whipple, returned with his command to Mt. Idaho, having captured 650 head of horses from Looking-glass' band of Indians, which I received, and receipted for, to Lieut. S. M. Rains, 1st. Cavalry U. S. Army. On the 2d. day of July 77, Capt. Whipple left Mt. Idaho, for Cottonwood station some 25 miles away.

Three o'clock A. M. July 4th I received a message from Capt. Whipple at Cottonwood, saying that he had an engagement with the Indians near Cottonwood, and lost Lieut. Rains, and eleven men killed, and would like assistance if possible. I picked out ten men of my Company and went to his relief; arriving there early in the day, where we

Inches

S
... was at Coffeywood. I then immediately secured the services of Mr. Basps, (a Telogian) and the book store of Mr. L. H. Jones and the post office
agents from Mr. Ridgely, a member of Mr. Ishpo, Ishpo Telegraph.
All of which was brought down to White Bird two days later by the horse.
On the 28th of June at Station River, I received a letter
from Mr. Ben Motte, at Mr. Ishpo, station first looking-River, and of
which were making trouble on the Owasco, and asked for help.
I send the letter to you. You may if you can return it to me.
I will
say "You may better do up any case with the tribe as
send a copy of Castalia to Mr. Ishpo as one
of Castalia Mimbres, with a copy of Castalia, similar to Mr. Ishpo if he
wants you, June 28th and on the copy tell to looking-River, and on
the same date I received a communication from you (a copy
of Castalia). On this date I received a communication from you (a copy
of Castalia) asking "A" to let go of Indians and school authorities
between the two of us. I then went to the Indians, and told them I was commanding to Mr.
Ishpo, private authority 650 head of horses from looking-River. S. M.
of Indians, whom I received, and taught for to him. S. M.
Rains, Jef. Castalia U. S. Army. On the 2d day of July 33, Cast.
Mimbres left Mr. Ishpo, for Coffeywood station some 25 miles away.
There a dozen A. M. July 4th I received a message from Cast. Mimbres
by Mr. Coffeywood, saying that he had an arrangement with the Indians
near Coffeywood, and that Rains, and eleven men killed, and now
take possession of his property. I took out few men of the Castalia
and went to the letter; taking place early in the day, while we

were engaged with the Indians until late in the evening.

Again on the morning July 5th the Indians appeared in our front where skirmishing continued for several hours when the Indians drew off and started towards Kamiah, and run onto some men coming out from Mt. Idaho, and killed one man and wounded two or three others. Fear-
ing that the Indians would swing around and attack Mt. Idaho, or Grange
ville, I returned to Grangeville, and waited your return from across
Salmon River.

I will here explain why I did not comply with ~~that~~ portion of
your orders requesting me to return to your head quarters on completion
of certain instructions in orders dated June 30th '77 (See orders here-
with attached marked "A"). It was that the Indians had re-crossed the
Salmon River and were marching on the Settlers, which I explained to you,
on your arrival at Grangeville, July 8th.

My packtrain had followed the main command across the Salmon
River, as I expected to join you there at an early date, (according to
your instructions). The packtrain returned with the command and at ~~z~~
the commencement of the Clearwater Battle, Pasha, my packer and his
assistant were killed. The train was kept with the Command, and on
our arrival in Judith Basin. I received an instruction to turn in
all personal horses to Lieut. F. H. E. Ebstein, A.A.Q.M. who would re-
turn with them, and all personal packtrains to Idaho Territory.

The administrator of Pasha's estate (the packer) received payment

more usage with the Indians until late in the evening.

After all the hunting just by the Indians who had to get out

while the Indians continued to search for the Indians who were off

and started towards Kandy, and then out some men coming out from M.

Island, and killing one man and wounded two others off.

The first the Indians would return and attack Mr. Ishaq, or gesture

at him, I intended to capture, and making about ten minutes to release

Sajmon River.

I will be exceptions with I did not comply with the position of

about twelve hundred men to return to about half distance to Sajmon

of distance (see order below) to get back to the Indians had to release him

and get back to the Indians had to release him ("A" before he reached the

stationary market I took I expected to go to Sajmon River and then I expected to go to

about, or about fifteen of Gisubattie, just 8th.

My basket was following the main company so does the Sajmon

River, as I expected to join them at an early date, (according to

about fifteen minutes). The basket was following with the company and it is

the commencement of the Chittarai Festival, Pasa, the basket and his

separation was kept with the company, and on

out fifteen to forty Bells. I received an invitation to come in

at the bestowal of the E.A.A., A.G.M. who would be

put with him, and it is bestowal basket of Ishaq Letter.

The substitution of Pasa, a caste (the basket) received because

in full for the use of the train and animals lost.

I suppose that you will remember that I had two good horses, when we took the Lolo trail across the mountains, after Joseph, for your horse got sick, and I loaned you one of mine for several days.

According to orders, I turned over my two horses, to Lieut. Ebstein, A.A.Q.M. to be taken back to Idaho. Quarter Master Ebstein reported one of the horses shot, and the other one left on the trail, given out. I have never received anything from the Government for these horses lost, or the accounts enclosed herewith.

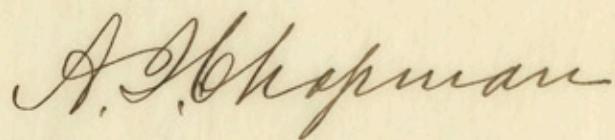

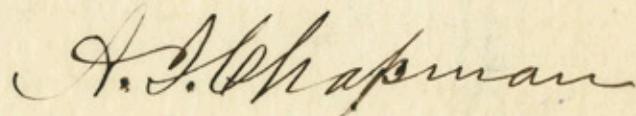

There is an item in account No. 4(herewith enclosed) for twenty dollars paid to an Indian (Looking-glass' brother) for carrying a message to the Commanding officer at Fort Lapway, Idaho. I was informed afterward that General Howard received the message in person.

I certainly could not comply with your requests and orders, without bedding and supplies, and transportation for the same, therefore I construed your order to secure supplies and engage transportation which I did. The supplies were consumed in the command, and the train was settled for by Lieut. Ebstein, A.A.Q.M., of the expedition, on its return to Idaho.

The accounts hereinabove set forth were put in the hands of W. W. Chapman, for collection at Washington, D. C. in 1878 I wrote that I was going back to Idaho when Mr. Chapman sent the papers for my signature. I, instead of going to Idaho went down to the Indian

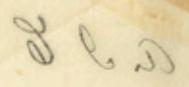

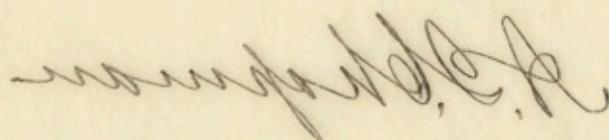

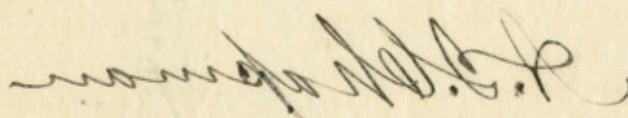

Territory. The papers laid at Mt. Idaho until 79 when they were sent to me at the Quapaw Agency, Indian Ter. at that time I had gone to the Pawnee Reservation, Indian Ter., and the papers were lost. On my return to Idaho, I employed Alonso Leland, of Lewiston, Idaho, to get up my papers for losses in the Nez Perce war; this was in 1882, the papers were returned for correction. Mr. Leeland took sick and was unable to do any work for some time, and then died. I have some of the papers made up from each of the two attorneys employed which I will enclose herewith as evidence.

Yours very respectfully,

a. J. C.

Dear Mr. Librarian,
I am writing to you in response to your letter of May 10th. I would like to thank you for your kind words about my work. I am very pleased to receive such a positive response from someone who has been involved in the field of library science for so long.
I have been working at the University of Idaho since 1988, and my main responsibility is to manage the library's collection of books and periodicals. I also help with reference questions and assist students with their research projects. My work is challenging but rewarding, and I enjoy interacting with people from all walks of life.
I am particularly interested in the history of libraries and the development of library science. I have written several articles on these topics and presented them at various conferences. I am currently working on a book manuscript that explores the evolution of library science over the past century.
Thank you again for your support and encouragement. I look forward to continuing our conversation.
Sincerely,
John Doe

Explanation.

On or about the 14th day of June 1877, the Nez Perce Indians broke out in Idaho County, Idaho Ter. I was elected Senior Captain of Volunteers of the two Companies organized for the protection of the people in that vicinity.

I participated in one or two battles before General O. O. Howard, (Commander of the Department of the Columbia) arrived at Mt. Idaho, which was on or about the 24th day of June, 1877, at which time and place, the General said to me. "I want you with me and ~~if~~ bring as many of your men as can be spared from Mt. Idaho". I then purchased the supplies herein above listed from Mr. Rudolph of Mt. Idaho, and employed one Pasha, (a Frenchman,) with ten pack animals to pack my supplies, (The packer was killed at the Clearwater fight). The train was used throughout the Campaign.

I started to go back to my old hobbies, (the soccer was killing all the time). I
had to give up my job as a teacher because I had to take care of my son. I
was very sad about it, but I knew it was the right decision. I started to work
as a cleaner at a local supermarket. It was a hard job, but I enjoyed it.
I also started to go to the gym again. I joined a local gym and started to work
out every day. I lost weight and got stronger. I also started to play soccer again.
I joined a local team and started to play again. I was happy to be back to my old
hobbies again.

Capt. A. I. Chapman,

A

Mt. I. Vols.

Sir;

Capt. Whipple has been instructed to turn over any prisoners he may capture to your Company for safe keeping until my orders with regard to them shall be received. They will be kept in the jail at Mt. Idaho & guarded. Indian ponies, driven in by your command will be grazed and corralled & reported to me before any other disposition of them shall be made. - Please put your command in good shape, and come to the front with as many as in your judgment can be spared.

The officer selected to command at Mt. Idaho and vicinity will have the seniority - so that the Lieutenant in charge of the Grangeville Vols. will report to, and cooperate with him for the defense of Mt. Idaho, Grainsville & vicinity.

Very respectfully,

O. O. Howard, Brig. Gen. U.S.A.

1877, now residing at Vancouver, Wash. First being duly sworn say that I was in the service of the U. S. Army as Scout, Guide and Courier, under the Command of General O. O. Howard, U. S. Army, in the Nez Perce Indian Campaign of 1877. That on our arrival at Carrolls Landing, on the Missouri River, Oct. 2d, 1877, I was directed by General Howard to leave my camp equipage with the command, and take the two Indian scouts with their horses and my own, and board the Steamer Benton for Cow Island, some forty or fifty miles up the river. The General himself with several of his staff also boarded the steamer, when we soon pulled out for Cow Island, arriving there early the next morning, where the General received dispatches from Col. Miles. Securing horses for the General and his staff, we soon started for Col. Miles command, where we arrived the next day late in the evening. The next day the Indians surrendered, and I was transferred to Col. Miles command, who was going to take the Indian prisoners to Fort Keough. In going down we were expected to cross the Missouri River at the mouth of Musselshell, where I expected to find my camp equipage. But instead I

One hundred and thirty-four
Commissioning Officer, H.M.
Royal Navy.

I. After I. Ospelkaus, a member of Mount Ida's Irish Ter.

1843, now residing at Asuncion, Paraguay. His picture duly shown
as I was in the service of the U. S. Army as Scout, guide and
cavaller, under the Command of General O. O. Howard, U. S. Army, in
the Mexican Indian Campaign of 1847. Then on our return to
Gallijo's Landing, on the Missouri River, Oct. 29, 1847, I was dis-
charged from the command to leave the camp duplicate with the command
and take the two Indian scouts with first horses and my own, and
post the steamer Benton to Goo Island, some forty or fifty miles
down the river. The General himself went to his estate up the
river, leaving me to take care of the steamer, which we soon hauled out for Goo Island,
posted the steamer, when we soon hauled out for Goo Island,
the General left the next morning, while the General received the
passenger train of 100. Miles. Seconding horses for the General and his
staff, we soon started the next morning, while we soon hauled out for Goo Island,
the General left the next day in the evening, the next day in the evening
we took the Indian passengers of Fort Meade. In those days we
were compelled to cross the Missouri River by means of wooden
bridges, where I was a member of many a camp duplicate.

found they had sent to me Doctor Alexander's baggage in a mistake.
I sent the Doctor's baggage to him by boat. My baggage I never
recovered, and it consisted of the herein above listed articles
and costs set forth.

I most respectfully request that I be reimbursed for the losses
herein above set forth.

A. L. Chapman

U. S. Courier and guide under command of
General O. O. Howard, U. S. Army.

Subscribed and sworn to before me at my office in Vancouver, Wash.,
this 4th day of December 1897.

John Keane

Notary Public for Washington, residing at
Vancouver, Wash.

found that my seal of the Doctor Alexander, a passage to a mistake.
I sent the Doctor, a passage of the Dr Post. My passage I have
received, and it contained of the letter above I have written
myself, and if you will see it I will be pleased to give you
I most sincerely thank you for the favor.

as per my above seal today.

John Howard
U. S. Comptroller and Judge under authority of

General O. O. Howard, U. S. Army.

Supposing you would do pleasure at the office in Washington, May,

Dear Harry

I have found the
Sheriff's Deed. It was in
with other papers in an
envelope without its
presence being noted on
the outside. I wanted to
see that it had been recorded
and found that it had.
The trouble was that the
Tax Receiver had written
further that his name did
not appear on the list of
tax payers.

I sent you nine chapters of

The War Period by
Bessie but there were
some uncertain ties in
the Indian chapters
which prevented me
from sending them.
I will do so when they
are ready.

I have left the Pres.
Policies with Powell
and Peck respectively
to have them grant
leave for a four months
absence; so somebody
will have to come

and occupy your
house by the fifth of
May.

My and met the
writer of Langman,
Green &c. & if there
is anything the matter
with the form of
the memoirs, we will
try and remedy that.
I will be glad to hear
of any favorable
development.

I sincerely hope Foster
stood his trip to

Genl O.O. Howard,

#156 College St.

Burlington, Vt.

My very dear General Howard: Your kind and hopeful letter has just reached my hands from the Law Department whence it was sent instead of my residence and I hasten to reply to it. My idea has been that when you have given a lad or a people a first class university training such as our splendid institution affords the principal essential thing has been done to fit that lad or people for a life of useful service; for, mens agitat molem and a thoroughly trained University man, with his well stored mind and well disciplined faculties and well developed character and worthy motives and lofty aspirations will bring to pass in his immediate surroundings whatever is needed to make a community happy and progressive. With this idea uppermost in my mind I have sought to do this myself rather than to ask others to do them both for myself and for the people in whose midst I happened to be - whether they were white people or colored people - whether in sacred

Inches

2
3
4
5
6
7
8

Inches

2 or secular matters for I hold unwaveringly to that ~~central~~⁹⁰⁸ principle of the great institution which bears your noble name that there is but one ideal of honor, of liberty, of fraternity, & morality, of virtue, of education, for all men, every where, - so you see there is no semblance among our students of that recent view represented at present by Mr. Booker Washington of one ideal for colored men and another for white men or one for the North and another for the South by which the grand and devoted lovers of liberty in the north have been cooled and the bigoted enemies of liberty in the South have been heated - No we shall always expect to Stare antiquas vias veritatis, for which you fought so bravely and so well; and we shall never surrender one jot or tittle of what was won under the flag. After I finished my college course I devoted myself to building up the Law Department and when that was done I had some savings in hand and turned my attention to establishing the Agricultural training provided for in our charter.

The trustees had no money with which to do this work so I bought a practice farm myself and organized a course of instruction myself "subject to the approval of the trustees."

I also found that the homeless and destitute colored kids of this district were rejected by the catholic asylums receiving government aid and that no place existed by which these unfortunate children might have a chance to fit themselves for a fair start in the race of life - so I made my plan embrace them and opened a school for them on the farm - where they became my children to be clothed

Inches

1

2

3

4

5

6

7

8

✓ 208

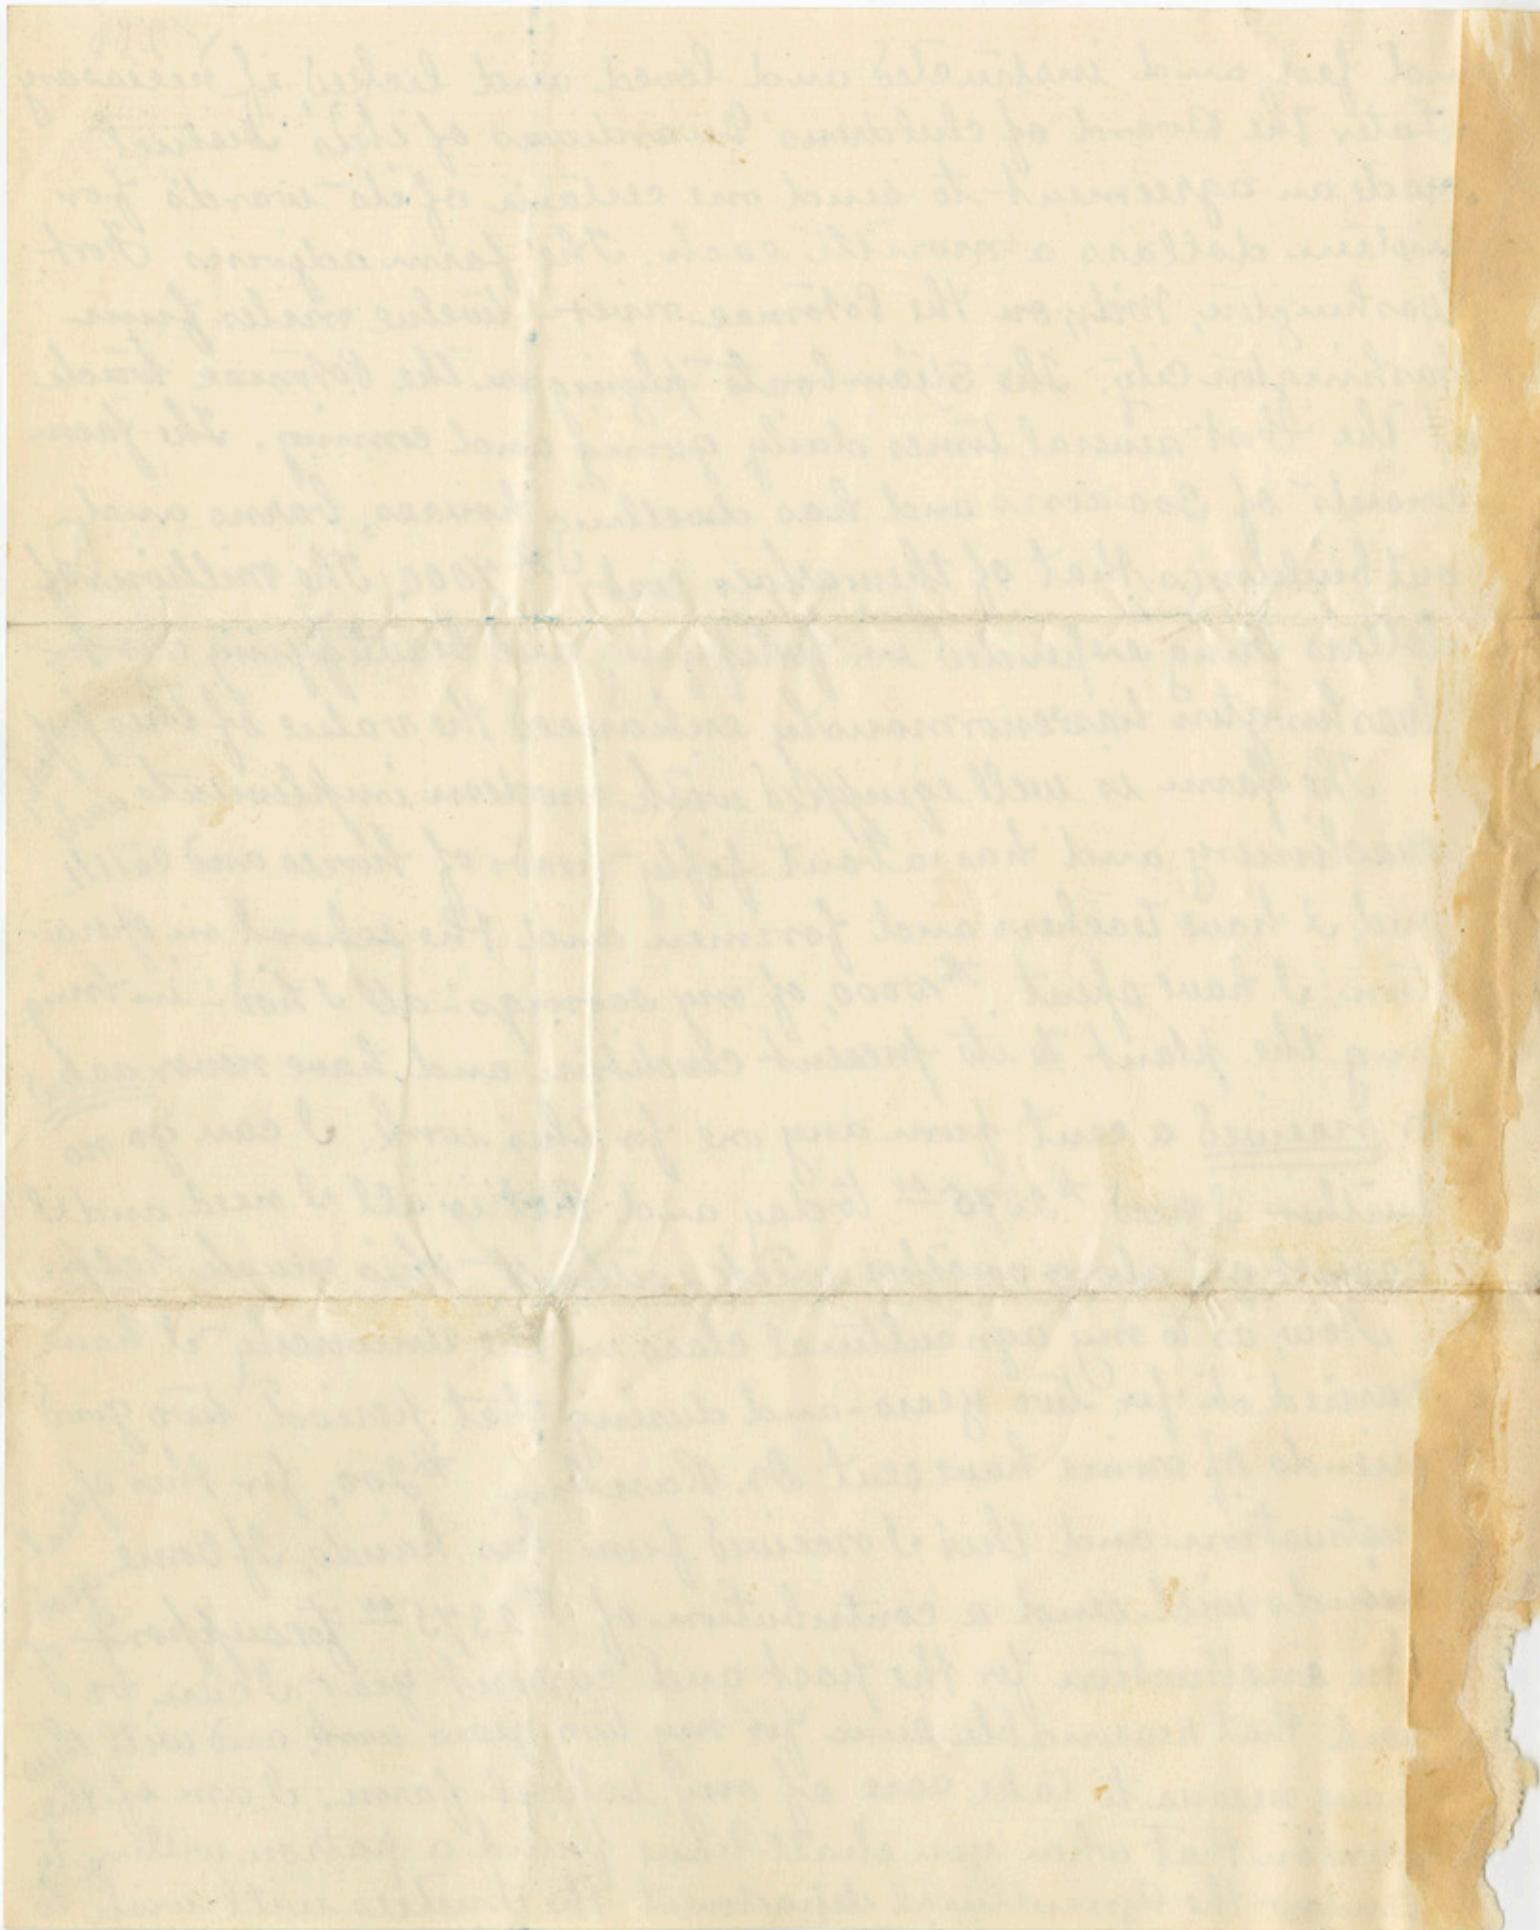

3 and fed and instructed and loved and licked, if necessary.

Later the Board of Children's Guardians of this District made an agreement to send me certain of its wards for sixteen dollars a month each. The farm adjoins Fort Washington, Md., on the Potomac river - twelve miles from Washington City. The steamboats flying on the Potomac touch at the fort several times daily going and coming. The farm consists of 300 acres and has dwelling houses, barns and outbuildings that of themselves cost \$7000. The millions of dollars being expended in fortifying and beautifying Fort Washington have enormously enhanced the value of this property.

The farm is well equipped with modern implements and machinery and has about fifty heads of horses and cattle and I have teachers and foremen and the school in operation. I have spent \$15000, of my savings - all I had - in bringing the plant to its present condition and have never asked or received a cent from any one for this work. I can go no further. I need \$2375⁰⁰ today and that is all I need and I cannot get along another week without this much help.

Now, as to my agricultural class in the university - I have carried it for two years - and during that period two good friends of mine have sent Dr. Rankin \$200, for this special instruction and this I received from his hands. If some good friends will send a contribution of \$2375⁰⁰ for support of this instruction for the past and current year I can be paid that reasonable sum for my two years work and will thus have means to take care of my school-farm. I am of the opinion that when you shall have found a patron willing to endow the Agricultural department the Trustees will wish to

1
2
3
4
5
6
7
8

purchase an 100 acre tract here in the District and will not wish or need my "farm school"; Never the less it will continue to do its work: which is sociological as well as educational - it aims to rescue the waifs and strays of this great city and remove them from the slums and alleys to rural surroundings and transform them into self supporting and worthy members of society.

If some good friends apprize the work and wish to shoulder its expense and assume its cost I will be delighted for it will give me once again a dollar which I may call my own and take my nose from the grindstone but if no one comes forward to do this handsome and noble thing it will make no difference, the work will go forward the same as if one did; the flag will float over the school and I shall call my boys "children of the flag" and teach them to love it and train them to support themselves and defend it; and until you provide the trustees of the University with means to buy their 100 acre tract in the District - the "school farm" will be used as the experiment station and practice grounds of the classes I conduct in the University and who when they go out to teach throughout the South and South West will teach the scientific principles of agriculture along with other important subjects. In addition to the \$2375.00 I need immediately, ~~I need~~ I also need a building 50 x 200 feet and three stories high; and also a dairy barn and a small building for blacksmith and wheelwright shop and vice work and wood turning and equipments for this work.

Hoping that you are quite well and happy, dear General, and that the matters and things herein stated may meet your approval I am, as ever, your grateful and faithful servant W^m H. Hart.

O. O. Howard
Burlington Vt

Everett, Wash., Jan 6th 1898

Dear General and comrade

At the battle of Gettysburg, I was in Gen. then Col. Fairchild's regiment of the 2nd Wis. Inf't. Perhaps you will remember of meeting me in Madison Wis. several years ago when you were there for the purpose of delivering a lecture at Lakeside on the battle of G. We had a long talk relative to the battle then, and I went over and heard your lecture, in fact was in Madison for that purpose. I lived only 17 miles out of the city - then, now I live away out at this H.W. corner.

I enclose I send you a copy of a poem that I have lately written, entitled, "Battle Of Gettysburg". Ever since the day of the battle I have contemplated writing this poem or a poem on the battle, but altho' I have written verses occasionally all my life I could never get my muse to work on that subject. I have considered it a thousand times, perhaps, and in my mind laid out the sentiment that I wanted to express in poetic language. After waiting for more than 34 years the inspiration came. I had been laying by for about a week on account of failure of eyesight which is not permanent, but just the same it stays with me so well that I can hardly see to write.

I send you a copy Gen. because I think you will be interested in it, and because I have the conceit to believe that it is the best poem written thus far on the battle. I have copyrighted it hoping to make a few dollars out of it which I need, but at all events if I am not made a cent myself, I wish to get the poem into American school readers and before the young people generally. I believe that it will inspire the American heart - with patriotism to some extent, and I ask you Gen. if you think the poem worthy of commendation, to give me in brief lines an expressing over your signature, to that effect.

Respectfully R. K. Beecham

My dear Colonel:-

In reply to your letter of the 15th inst., I take pleasure in assuring you that I recollect very much indeed your patriotic and very efficient service in the first campaign of the Civil War in the West, including the Battle of Wilson's Creek, where Gen. Lyon was killed.

The Osterhaus Battalion was regarded by General Lyon, no less than by myself, as one of the most reliable volunteer organizations of that early period of the war. It was frequently placed in the most important advance-guard and out-post duty, such as is generally entrusted only to veteran troops, and such duty, as well as all others, was performed in a manner entirely satisfactory to the commanding general.

While Major Osterhaus was, primarily, given credit for all this good service and excellent discipline of the Battalion, you, as senior Captain, were fully entitled to the share of that credit which belonged to your position and to the separate or detached service which you were frequently called upon to perform.

It will give me pleasure if this testimony to your valuable military service can be useful to you in any way.

Yours very truly,

J. M. Schofield,
