Gen. O.O.Howard,

Dear General:

Your valued letter of Feb'y 25th to hand. I have the honor to inclose herewith a "Circular", written by my father in 1884, in which he refers to you. Perhaps the events to which he refers in this circular may refresh your memory.

Gen Thomas in 1865, a few months after the "Surrender" gave my father a very strong letter of endorsement as to his loyalty to the U.S. Government and you in your own hand writing I think, endorsed the letter on the back.

My father was only with you and Gen. Thomas a short while and that was at Chattanooga, right at the close of the war. He was instrumental, with the aid of William Crutchfield and other loyal citizens of East Tennessee, in securing the release, from the U.S. Gov'nt, some natives of Cherokee county Ala., who fired into, and I think killed, several of the Regular U.S Troopes, in the summer or spring of 1865.

Please do me the kindness to return the inclosed circular, as it belongs to another person.

Very respectfully,
your obedient servant
W. S. Standifer.

Dear Sir:-

As we intend to have a uniformity in the style of cuts in our program booklet will you kindly forward me a cabinet size photograph of yourself to use in connection with that and also from which I can have slide made for stereopticon use in advertising and working up the Assembly. By so doing you will greatly oblige.

Very truly yours,

My dear General

The force of sending a
"diplomat" to Constantinople has come to the
cognomenes, ^{and} which I predicted. And yet our
government will learn nothing by it. I am persuaded
it does not wish to learn anything, or to put it a little stronger
it is determined not to learn anything. It cannot
afford to. Our government is built on voters.
It cannot afford to do any thing which will badly
affect its voting list. To defend American rights
in Turkey as all other nations defend the rights of their
citizens, would be exceedingly unpopular with
Roman Catholics, with the millions who dislike
Orthodox Christians, & the greater millions who dislike
all Christianity; because they will all say
The government is forcing missionaries on
the Turks! A senator said to me "so you would
force Presbyterians down the throat with the bayonet!"
I replied the question has nothing to do with religion
of any form. The missionaries have now completed

as missionaries but only as American citizens
show a list of 22 distinct violations, by Turkish
officials, of our rights as American citizens, in some cases
property seized & destroyed in gross violation of treaty
rights in the year 1890-91, & no reparation was ever
exacted unless the Bartlett house be an exception.

What was said from the mistaken fear of our creditors.

In this way our government tried to treat the Turks to despair.
In this way our government prepared the way for the anti-
at Harpoot & ~~Harpoot~~ ^{Marash} & other places. For all which the Turks
knew beforehand a little "diplomacy" would settle the
bill however great. And should they now proceed to
kill the missionaries diplomacy of the kind practiced
of Russia would annoy it all.

I would like to see all our diplomatic relations
with Turkey abolished. Our missionaries would
enjoy the moral support & influence of all the British
consular establishments, that would be worth much
better than our present weakness.

When I saw you for a moment in Yorkers I was
on my way to Baltimore Washington & other places
I had a most interesting visit at Pres. Rockier's
"Howard's house" was always like a light house to the
where the University is. I gave three lectures to the students
who were good representative listeners.

At the present Cuba, with that awful
disaster, Hawaii, with its selfish contentions
sporting ambition, distract attention from
Turkey. Let them be reassured there will be
something else.

There is only one cheering fact that is a
great one. The spiritual educational work
goes on prosperously & perhaps after all "the gates of hell"
will not prevail.

I have travelled freely in the worst weather
of this winter & done a large amount of talk
with no injury to my health. Last Nov ~~87 & 2~~
87 & 2 Mrs - on the border land, looking over
where "everlasting spring abides".

My kindest regards to Mrs Howard & your son

My dear General. - A number of things since I met you at the Palmer House, Chicago, have prevented my writing until now, you in relation to the publication of your books in MS. by our Company. The president says we are not prepared to now consider a proposition leading to the publication of any work. That the historical works we own are, for the present, the limit of our resources; and so I thought I would write you. Personally I think your work (of which I had heard, and as explained by you), will sell well if published in the right way, and by a firm that understands the business. Upon my return to Boston from Chicago, I learned that the other firm I mentioned to you, and in whose interest I was at the time, had just taken a large tin volume publication precluding any other at present. Hoping for your success, and with assurances of esteem
I remain,
Cordially yours,
H. L. Stillson

My dear General:

I am in receipt of a letter from Mr. David F. Harbaugh of New York, Manager of the Equitable Life Assurance Society, in which he incloses a note of introduction from yourself. I was very glad to hear from you even in this way, and I assure you that your recommendation is to me a sufficient guarantee of the stability of the Company which Mr. Harbaugh represents, and if it were not that I am already carrying as heavy an insurance upon my life as my means will permit, I would be glad to entertain such propositions from Mr. Harbaugh as he might submit, believing that his Company offers very just terms.

I have written to Mr. Harbaugh giving him the facts in my case as above indicated.

With kind regards,

Very sincerely yours,

W. Thompson

My dear Genl:

I enclose you a circular letter, respecting the memory of our old friend Kilpatrick. I was one of his first subalterns when a Capt in 1861 and pastor of a church at his native place. soon after he entered upon civil life, always bearing in grateful remembrance his friendship -

Thinking that an effort ought to be made soon ere we pass away - I have

Encouraged this movement.
Vice President Hobart is interested
and has sent Mr. Cheek and proposes
that we raise double the sum
possible which I named to be
\$1500. I would like to see an

Equestrian statue similar to
Gen Buford's at Gettysburg Pa.

Can I ask your sympathy
and possible help among the
older officers and comrades of
the Army. I served among the
volunteers tho you may recall my
Uncle, Gen Halleck - Cullom and
Hamilton.

Gen Merritt writes me that
he will do all he can. Col. Beaman
has promised \$200 for Mr. friend.

Yours truly
