Dear Sir:

As you will no doubt remember a number of years ago, you were in our city and helped to lay the corner stone of the building to be called the Howard School for the education of colored children. Since that time this school has been taken in charge by the Board of Education of our City and has been greatly enlarged and improved and it is to-day one of the largest and finest institutions for the instruction of the colored race that can be found anywhere in this section of the country. It is an institution of which we are justly proud, and we feel that our building is not complete without the picture of Him from whom, we are proud to say, the Building takes its name. Will you kindly put us in possession of such a picture and I assure you sir, that it will be appreciated not only by the school but by the Board of Education.

If you will let me know your address I will take great pleasure in sending you by Express a framed picture of the building.

Awaiting your reply I remain,

there was a Regt. who never turned their

Dear Sir:-

Thanks for your note.
Dr. Ward did not send me
a copy of the "Independent"
but Col. Kniffin sent for sever-
al and gave me one, which I
made good use of among the
clerk. I think they all, or we all
feel very grateful to him and you
for defending us -

I hope Guy's transfer to
Atlanta is but temporary - I hope
and pray that there may be no more

war - the thought of it makes
me heart sick. The starving
Cubans too remind me so much
of the exchanged prisoners at
Annapolis - that to me, was the
most sickening sight of the war!
I can see those poor Union soldiers
now, with their mouths wide open,
it seemed almost as if their jaws
must be out of joint they opened
their mouths so wide to take the tea
spoon full of rice water, and then
open them again to be ready for the
next tea-spoon full, which they
couldn't have for ten minutes -
Poor fellows - too weak to speak and
some of them too weak to turn their
eyes in the direction the food was to
come. I can't forget those times and I
can never be reconciled to having the

slaves of our States, adulterated by those who fought
all the years of the war, if nothing our government & I
wish you were commissioners of Prisons!! I should be
one of your most faithful clerks -

When are you coming to Washington? There is a
great work for you to do here, for just one person -
Col. Davis of Ill. whom you would remember should
you see him. He is the only one I am going to ask you to
help and you will be glad to help him, in the way I suggest.
I did not know Mrs. S. P. Lee was in the City - the
very letter came - I heard when she first came from Europe
but not hearing even a word from her since, presumed she had
left. We are all well at home. They will be glad to see you.
Washington is lovely now, with Hyacinths & tulips in full bloom.
Sincerely yours

My dear Gen. Howard,

I am not sure
what or when I wrote
you last - So pardon
me if I repeat anything.
I closed my regular
work here Dec. 31st last.
tho I have preached for
the church considerably
since. We are on a circuit

good terms. It is time
however for me to be
at regular work again.
Nothing as yet offers
here. So I remind you
of our conversatⁿ of some
mo. ago, that if any
parish in H. or elsewhere
to your knowledge, needs
such an one as I am,
I shall be glad to hear
about it. Mrs. Sherill
I hope is slowly recovering
and I am getting

a little restive, as the
Spring comes on. Some-
times I wish our system
of clergy & churches was
different. - Hope you will
be at Cleveland, and
give them a good ad-
dress again. - 20 minutes
is better than an hour and
a half. Please give our
best love to each one of
your family including
dear self. With affection & respect. M. A. Merrill.

Dear Brother:--

I have been having considerable talk with Mr. Kehr about the Lincoln University, and it occurred to me that perhaps you would be willing to take the Presidency, if they would comply with certain good business conditions. For example: If you should say to the present Board of Trustees, that you would take the Presidency, provided they obtained \$100,000. of endowment, or that much should be assured on your entering upon the duty, or something like that, they could then go before men like Dr. Pearsons and before Mrs. Mc Cormick and Dr. Leland, who represents the lady who has the \$100,000. which she wants to give to a Presbyterian Institution located in the South, and could say to them: "If you will start this endowment, Gen. Howard will consent to take the Presidency, and it will be an assured thing".

I thought it would be a comparatively agreeable work for you if you had this endowment to start with, and if you had the right sort of men for Directors. I should also want to make that an absolute condition Namely: men with National reputation, like Mr. Watterson of the "Louisville Courier Journal" representing Kentucky, General Gordon representing Georgia, Pres. M. E. Ingalls, of Cincinnati, the distinguished railroad man who is a christian, and would be especially competent and favorable for the enterprise, and others of like national reputation.

If you had such a Board as that behind you, and the land and endowment such as I have mentioned, you could go on and make a success

For example: If you should say to the present Board of Trustees, that you would take the Presidency, provided they obtained \$100,000. of endowment, or that such should be secured or put entered upon the entry, or something like that, they could then go on to vote for you. Howard will consent to take the Presidency, and will be successful." I thought it would be a comparatively agreeable work for you if you had this endowment to start with, and if you had the right sort of men for Trustees. I should also want to make that an absolute condition. I myself am with National Association, like Mr. Webster of the Louisville Courier Journal, representing Kentucky, General Gordon representing Georgia, Frank M. E. of the business part, and start the University on a good foundation no doubt, and with your conditional acceptance of the presidency, as I have indicated, they would have a leverage both in getting the Trustees to consent to service and to secure the endowment.

Now in the line of this, Mr. Kehr has written out certain conditions quite definitely, which I will enclose to you, and he has named some persons for trustees. I think I should include Dr. Leland with the expectation that he would bring the \$100,000. endowment. Dr. Gray is of course, a good man for the Board, as also, is Dr. Hillis, as he is the most popular Presbyterian in the Chicago pastorate. I see that Dr. P. S. Henson is included. He is the Baptist minister who spoke with you at the City Hall at the time of the World's Fair on behalf of keeping the Sabbath. He is a very eloquent man. I should suppose that Darwin R. James, would perhaps, be as good a representative man for New York as you could have. Possibly it would be well to have some other ^{additional} person named for that city.

You see the plan, and you already have before you the letter of the committee, written the 8th. of February, a copy of which has just been furnished to me.

I think the enterprise would be worthy of your ambition, and would be a noble work with which to connect yourself in the latter part of your life, if it could only be an assured success, and it seems to me, if you make these absolute ^{preliminary} conditions as to the endowment and Board of Trustees, that it could hardly fail.

Besides Dr. Henderson, I believe I would suggest that you put on Dr. McArthur, or some leading popular Baptist minister in New York

I am not, please remember, pleading for you to accept the place, but only putting before you how I think you might probably and wisely accept it on such conditions, and the very conditions themselves, put over your name, would be a stimulus for some good work on the part of the present Board of Trustees.

Dear Brother:--

From a letter from Chauncey I judge you may still be in New York, but I have not your address, so will send this to Burlington.

I write for two reasons - First: I have not yet got your consent to the settlement of the Star estate on the last proposition; I have it from all the rest. I wrote you sending a paper for you to sign; the other proposed settlement to which you consented was one with notes, which the different heirs were to sign and we were to take the notes in lieu of the money, but Mrs. Star herself refused finally, (after having agreed to it once) to sign the notes and we were not willing to take them without her consent, and give up all our other security.

^{present}
This settlement is on a cash basis. They are to pay \$3400. in it we concede something like \$400. but I found that they could not raise a cent more of the money on the property and the man who was to make the loan had to pay off all liens and it left us with just the amount named. I thought it far better to settle it and get that amount of cash; and there was one other reason why it was better to make a concession. The legal interest of Illinois is now only 6% and these notes were drawing 7% and 8% and my concession only just about covered the excess of interest above what is now legal, and it was somewhat doubtful, whether, in a contest, we could have collected more. At any rate, I hope you will ^{send the} soon consent and let me close up the

There will be a deduction (as I think I mentioned to you) for a special bequest for keeping the cemetery lot in order for a certain time and then finally going to the Home Missionary Society. There will also be some deductions on account of other expenses, but I think it will leave \$500. and perhaps \$600. for each of the legatees. I cannot close it up and settle with the court until I hear from you.

The other matter I had in mind I will take up in a separate letter.

Affectionately yours,

C. H. Howard

Besides the paper sent you before which all the other legatees have signed (similar) and returned, I enclose another paper relating to the final settlement with the Probate Court which I will think you to sign and forward to Helen at Farrington Mr. for her to add her signature and return to me.
