Dear Father,

Many thanks for the check which arrived this morning. I sent you the other book if Requiem I have, and thank you very much. I may find good things as well as back on it, we have read with interest. The order for the consigning of the troops in the south. It certainly looks like war now. I expect yesterday at Jersey. We happen. Their new home is very fine and for getting settled they will enjoy it. I know. At least.

Gertrude says there is too much dusting! I lunches at Church and found all well there — everything comfortable and in good shape. Harry wrote all the news to Mr. and Mrs. last night—almost forgetting to tell her that his certificate had come. It is very fine outside to tick and smell green trees and flowers. The flowers are still being sold almost every time and yet they still grow. I can only imagine how it is to live in a place where there is no rain. 

I called on Ida and Mrs. Hargrove this morning and found them recovering from our mutual dissatisfaction the frequent rains which I fear are very grand and interesting. Mrs. J. C. Dodge said he was very sorry you couldn’t be present. We gave the 3:40 to the coming to A.F. 5:30 the 3:40 to the Majestic Hotel seen of May I. He has the call of him. Can I have this room up? The 3:44 to April 21st. 74 to Wilmington. You want it to and Charlie. Wish the 29th.

Gen. O. O. Howard,

My Dear Sir:

Indeed, as well as word,
your service for the Master in this City, in days past,
has been an example and inspiration to those
of us who are seeking to advance the spirit and
methods of a larger work of manifestation from
the organic life of our churches. The enclosed card of
invitation explains itself. We shall esteem it a high
honor if we may have the pleasure of your presence at
our quest. With personal regards,

Yours very truly,

E. B. Sanford.

My Dear Sir,

Our committee held its regular weekly meeting last night and instructed me to ask you, if for the $100 and any arrangement with us to make the address as asked in my previous letter and also give us a lecture the evening of the same day.

Bear with me while I explain. The whole matter is one of sentiment and history, not of business or money making. We are not able to spend large sums, and yet we want you very much to help...
we want to make everything worthy of the occasion. You are the unanimous choice for speaker of the day, but we must try to make the centennial pay its own expenses. Your daytime address would be given without admission fee. If you could not to give a lecture in the evening, we could hope to make enough to offset that to make it possible to en
gage you.

Thanking you for your prompt and courteous reply and looking to hear favorably from this I am very sincerely yours.

Elwell O. Hoad

Dear Friend:

I am your photographer. I went up to Nathan's, the famous photographer whose place of business is opposite the Common and they could find no trace of you having sat for them. They said tomorrow that if you had, and had a copy of the pictures that there is a number on the back of it which would furnish it else for them by which to find the plates. Their
Place of business is on the street running from Tremont Street right by the Park Street Church up the hill to the State House. Kindly help me in this and want a large picture of you at once. When are you coming home to our house? Don't forget my place to write to do something in this war.

If I thought I could do as much good with a musket I'd shoulder it but it seems to me that with the little experience I've had in quite large affairs, with my youth and energy...
I might be of service to somebody who wants a man who is happy when he's working 20 hours a day and at times to always do right and his duty. For give my estimation of myself, but it is exact the way I feel.

With kind regards to you at home dear with love to you.

Yours with the fullest respect,

Fred Chamberlin.

Dear Friend:

Your letter of the ninth inst. arrived some days ago, but I thought it would be well to delay the answer until Dr. Clark gave me some idea as to my chances.

I have just received the report from Dr. Clark, which is, as you can see, in substance just what I have heard from the different superintendents. I will write Dr. Penny at once in hopes that something may open up in the field of genomics among whom I would be pleased to labor.

It was very kind of you to give me the privilege of knowing from Dr. Penny, but I will not do so unless absolutely necessary; I think I can get along in
some way for a while longer without it. You must indeed be bidden at
least - so far can appreciate the situation
as you can - and now that the President
has spoken, I presume we may look for
hostilities at any time. Should this be
the case, that is, should war break out,
I would not wish you in my place
would then be at the front, in the service
of my country.

Praying that the Lord may be with
you, Jeremiah,

Yours

Dear Sir:—

In reply to the letter herewith enclosed from your private secretary, we beg to say that we are not familiar with your autograph and consequently are not prepared to say that the order received in connection with your data, was a forgery. As you have not returned the order (which of course belongs to us) we are unable to say whether the slip to which it was attached, was in the same handwriting or not, but for your information we hand you herewith the information which was attached to the order. It seems to us that it would not be a difficult thing for you to determine who the writer of this was, and thus locate at once the responsibility for the order. As it is, we naturally look to you for the settlement of the account.

We are, Sir, with great respect,

Yours very truly,

Dear Sir:

In reply to the letter received from your November 7th, I am pleased to say that we are not familiar with your employment at your convenience and have not been required to send any letters regarding the matter in connection with your notice, as a foreman. As you have not requested the return of our notice to you, we have made no application for the same, and we are now prepared to meet the wishes of the committee to whom you referred the information.

It seems to us that it would not be difficult for you to get acquainted with the matter of the proposed change of the newspaper. We are, and your letters of the newspaper, for the change. As to the newspaper, you are to see the men at the earliest time to suit you.

We are, etc., with great respect,

Dear O. O. Howard:

My dear cousin:

I heard your of the 7th and have been anxiously waiting developments in Washington and Madrid. It looks dark now, and you may be called upon to defend the Flag in times past. I know you are ready. If I am needed, I shall be ready. I sent your letter to Mrs. Bogston and that will relieve you of any trouble in future. I can tell you more when I see you. You say that you expect to be here the 26th or 27th. Now can't you come the 25th (Monday) and go with me to the Congregational Club dinner at 5 P.M.? You will be the guest...

Major Gen. O. O. Howard

Dear Sir,

One of your old soldiers of the Eleventh Iowa, having served in the 82d Regt. Ill. Vol., 60th Indiana regiment, four years in 1861-1865, and since a S. A. R. and Loyal Order man, I beg to request permission to make use of your name as reference. I am about to apply to the President for an appointment as Paymaster of Volunteers, should war between the United States and Spain break out and a call for volunteers be made. A letter of recommendation from you would carry great weight with the President, as also with the head of the War Dept. Should I not succeed in obtaining the above appointment, your letter would serve the same purpose with regard to a clerical position in
the Engineer or Quartermaster Dept.

On the occasion of your last visit, lecturing in this city, I had the honor to hear you, but perhaps you may remember me as A. A. C. to Gen. Torr, 2nd Div., 1st Corps, Army of the Potomac. I was summoned to 4th Corps, Army of the Potomac, May 1865, at Washington D.C., and mustered out June 5, 1865 at Washington D.C. I was mustered out June 5, 1865 at Washington D.C., and mustered out June 5, 1865 at Washington D.C.

I was then assigned to the 3rd U.S. Artillery, and stationed in the Department of the East. I was later transferred to the Department of the Ohio, and then to the Department of the Gulf. I was discharged from the service in 1867.

The war record of my service includes participation in the Battle of Antietam, the Battle of Fredericksburg, and the Battle of Gettysburg. I was also present at the Battle of Chickamauga. I was promoted to the rank of Captain in 1863 and was engaged in almost every battle during the Atlanta Campaign.

Dallas, Peachtree Creek, Kennesaw Mt., and Front of Atlanta. I marched to the sea and marched up with Averasboro and Bentonville. I was mustered out June 5, 1865 at Washington D.C., and mustered out June 5, 1865 at Washington D.C.

Business adversities render me without position. Physical disability prevents me from attempting field duty, wherefore I am endeavoring to find a position, as indicated above. I have also applied for a governorship in one of the branches of the U.S. Home for disabled Vol. Soldiers. There is however no vacancy at present. Hoping to be favorably received in an early response. I have the honor to be

Your obedient servant,

Dear Father & Mother

I will not send another letter to you from this point for some time. We are all ready for the field and probably leave on Tuesday.

The inexperience of all is shown in the method of our getting ready. The colonel ordered us to have our trunks & rolls ready yesterday although the bides for transportation were not to be opened till Monday afternoon. Perhaps he thought that it being Saturday made a difference. No battalion adjutant has yet been appointed. I want it but do not expect to get it. If we have any engagements in occupation of Cuba as adjutant I could be better employed than as a Company Cient, as I have more knowledge than most of my rank. If State troops go into the field
I have kept here an old man to care for horse, Brittec & the house at $300 per week — if Brittec breaks up here we will sell Frank.

I am sorry we could not go to the Chitt & Chickamauga wait hack as I have been studying the ground there so I expected to go there.

I wish my alfie would issue an order doing away with Swedes for officers as it is a nuisance which marching of foot — which is my job. Now I must do some thing so I go to breakfast.

Send my love to Harry & all the family — I wont get time to write them. Tell Harry his desk will have to wait as I have been too busy to stop

Now with lots I love from you &

Beannie from your son

John
If you see a chance for my advancement won't you please give me a boost.

Remember that at my present age you were a Brigade commander (not you mother but father). I have the reputation of being zealous and efficient in the performance of duty—and in the field, my western life experiences have come to my aid.

I shall take a trunk as far as Mobile and thence a hickory and grip. I shall carry some gold coin with me as a reserve fund. Any pay acccts I shall mail to the bank here for Brittie or at least some of them. Brittie will come here with her mother till she hears to leave the post. I bought her $25.00 value of certificates of deposits so that if she needs cash at once there it is. She will keep up my insurance, which
paid up for one year from March 16, 98 — $500.00.

Would you write to some one in Washington for a map of Cuba. The Government map in 3 parts is on a large scale & I want one very much. There are plenty if one has a pull. Lieut Root had one sent him by a clerk there.

"Military map of Cuba from latest data."

Lieut Smoke remains behind with eight men to take care of the post. Brittle will take care of the safe deposit in town.

My side is now quite nicely well & gives me no pain except from a slip or unusual jolt.

Tell Father all about this Volunteer service which Father is interested in.

Address all letters to Mobile care Dr. Price, 19th U.S. Infantry. Until further notice, I shall try to study a little Spanish in Mobile.
