I notice you are announced to speak at the Middlesex Club dinner on the evening of the 27th Inst at the "Grant" dinner.

This leads me to say that Mrs. Blanchard joins me in a cordial invitation to you to be our guest when you come to Boston next week.

There is illness in Mr. Grandin's family, though he will be with me at your address before the club. If you accept our invitation you will have a quiet time and do as you wish when in the city.

Gen'l O. O. Howard,

My dear General,

Mr. Rockwell, President of the Midland Railroad Co. of Staten Island says that you have made considerable investigation pertaining to the destruction of the mosquito pest in certain sections of the country.

For a month or two in the Summer we are troubled with mosquitoes in Prohibition Park. We have no stagnant water pools in the Park and no place that would in our judgment breed mosquitoes, unless it would be from a stream running through the lower part of the Park, which at times runs rather slowly, but it seems to be a pretty strong stream. The lower part of the Park after heavy rains is quite wet and damp for several days.

Mr. Rockwell tells us that on your advice, I think, that he used last year crude oil which he sprinkled over ponds in the neighborhood of Midland Beach, and that it worked very satisfactory. Would you recommend that we sprinkle the whole of the ground of the lower part and these streams with oil, and if so how often? Also do you think it will assist in any way to get rid of these pests?

Thanking you in advance for your advice in the matter, I remain,

Very respectfully,

Dear General:

The National Volunteer Reserve is now in the fourth week of its existence and is meeting with unqualified success throughout the country. Thousands of enrollments have come to us and hundreds of patriotic citizens are recruiting in all parts of the United States, even in far-off New Mexico.

Sixty thousand enrollment blanks have been sent from this headquarters to date, as well as over 100,000 pieces of literature explaining the movement; 40,000 enlistment blanks are now in press and the demands have become so great that a few days will exhaust the supply.

Until our bill is passed in Congress giving us the privilege of having our literature and enrollment blanks printed at the Govt. Printing Office, and the right to frank our mail, (no very inconsiderable item) the expenses, as a matter of course, will be rather heavy. The cost of carrying on this work thus far has been borne by a couple of gentlemen on the Committee, and while they have been perfectly willing to do all that has been requested of them it is manifestly unfair to increase the burden they have so cheerfully and voluntarily assumed.

We do not deem it expedient at this time to ask for public contributions. The matter would be one of small moment if each member of the Military Committee would aid us, and contribute something, no matter how little, towards carrying on this great work to a successful issue.

We therefore send you this that you may have an opportunity to assist in defraying the necessary expenses of this patriotic movement. Whatever sum you may feel disposed to give, please send to Gen. A. McD. McCook, Acting Treas., National Volunteer Reserve, 1 Broadway, N. Y. City.

Dear Grandpa.

Papa has gone to Alaska. He is at Vancouver B. C. There is an old house across the street from us it is about 20 years old and a man is tearing it down. It is very rainy to-day. The hills look very pretty. The roses are in bloom in our yard. There is a little fox-terrier next door to us that carries a stone in its mouth all the time. We have taught it to drop it when we tell it to. I have the letter you sent me a year ago. Do you think they will have war. I hope they will not. Grace found a gold pin with a ruby in it the head of it is the shape of a sickle. I am beginning to grow tall. I have grown about two inches since last summer. My teacher is cross to the children. She is not cross to me very much. I go to the Harrison School. I hope we can go to Alaska next summer. We could slide on our sleds and my mother thinks she can teach the little Indian boys and girls, but I think she will find it pretty hard to teach them. Papa has sold his wheel. I think I will sell mine if we go to Alaska. I go to Sunday school every Sunday I can. I did not go to church or Sunday school at all in Burlington. To-morrow we have examination. It is dark now. May is in her second term of the high school. The name of the boat Papa is going to run is the Golden West. The name of the boat his brother is going to run is the Golden North. They are going to run up the

Dear Brother:-

Did I write you a few days ago concerning an application, which I had supposed you had made to the Commissioner of Pensions, on behalf of Mrs. Josephine M. Wilson, the widow of Cap't J. I. Wilson, 36th Ill. Infantry.² Cap't Wilson and his regiment served in the first division of the old Fourth Army corps under your command. Cap't Wilson lost his health by reason of terrible sickness and hardships in connection with campaigns in Missouri and Arkansas. He was associated with me in business for a number of years, his constitution always greatly impaired, and he finally was entirely disabled, and died, as the doctors stated, from the effects of the army exposures and sickness. I sent the application to you to sign, together with a certificate from Surgeon Crawford, who had known him many years, and Surgeon Pearce of his own regiment. I asked you to inclose these certificates, together with the application of Mrs. Wilson, to Commissioner Evans. This was June 17/97.

I write now to ask if you received these papers and if you forwarded them to Washington, and particularly whether you received any acknowledgment of the same.

One other man of the Battery, enlisted, Affeld, also signed the certificate. It did not seem necessary to prove his service, only to prove his identity, and for this we had the three witnesses as I have mentioned. These papers were inclosed to you with a letter for you to sign, addressed to the Secretary of War. I said in a postscript to that letter to you that we would wait till we heard from the Quartermaster Gen'l's office before taking up the new claim for the balance due him. So now, I simply want to know if you have heard from it? If not, would you not drop a line to Secretary Alger, simply asking what was done about the claim. Your letter of April 19th was received this morning. I have requested Colonel Wagner to send you two copies of the official maps of Cuba, and he will do so at once.

The bill introduced into the House of Representatives and somewhat amended, providing for the organization of the National Volunteer Reserve, is making satisfactory but slow progress. tion. So grand a scheme cannot be consummated in a short time, but will mature and ripen, I doubt not, as rapidly as the necessities of the country will require it.

I have heard some talk of a proposition in Congress to authorize the President to recall into active service officers now on the retired list, but I do not think that suggestion has yet taken any definite shape. There is, of course, a natural apprehension on the part of the younger element that such a measure might possibly interfere with their chances. I have taken every opportunity to disabuse our younger companions of the idea that we could, by any possibility, be persuaded to interfere with their legitimate desire for the exercise of appropriate commands in time of war, and no doubt that apprehension will disappear in time. Yet, where so many hundreds of thousands of young men are desirous of active service, it is natural that a little thought should at present be turned toward the availability of older men to serve the country. The time may come very possibly when the wisdom of availing of such ability and experience as characterizes many of the officers on the retired list will be manifest to all.

As ever,

I am much pleased
to know that you will be
with us Monday. I will meet
you at the Union Station on
the arrival of your train Monday
A.M. If you do not see me
at once, go to the large waiting
room and I will find you
there. You will have a warm
reception at the Congl. Club
and you can give them your
views of the war or anything
else you wish. Trusting to see
you Monday next I remain

Yours cousin

Major Gen. O. O. Howard, U. S. A. Retired.

Dear Sir:

I heard a short time since that the government was intending to form a corps for active service, of such nature as circumstances permitted, to be composed of veteran ex-soldiers of the civil war; and I saw an announcement in the New York papers giving your name in connection therewith; but I have been unable to get any clear statement as to how a veteran who was disposed to be useful can enlist, or who or where to make application for information about the matter.

I did duty for about 3 years as a Hospital Steward and in the Hospital Corps, Medical Dept, from 1863 to 1866.

Have forgotten nothing that I learned then
of the various duties required of the non-
commissioned staff of the Medical Dept;
am 54 years of age and in very fair
health and strength; and can join the
army today if wanted, and will do any
duty that the interests of the service and
the needs of the commands require done.

Any information concerning ~~to~~ where
or where to apply for enlistment or appoint-
ment - will be thankfully received by

Very truly

Your obedient servant

G. W. Sargent.

I know, - it does not seem
to me that I could ever reach
the state of national fervor
where I would cheerfully
say to my best beloveds, "There
go and fight the Spaniards."
I would feel differently in
a case of civil war certainly,
but now I can't believe that
the Spaniards are worthy of
the financial and civil dis-
aster they are bringing to our
country. You must tell me

My dear Friend, -
It was a very
great disappointment to
know that you could not
come to see us on your
way to Berlin. But I
understand how it is, and
so we must try to be
content. It is enough to

237

From that you think of us
and love us, and count
us as your  grateful and
devoted friends. I am

greatly concerned about the
sentence in your letter
where you spoke of the
men and women who
were seeking to enlist
on your staff for the next
Cuban expedition. Does
this mean that you are
going to engage actively

in the war? Please let me
know, for I am so anxious.

It does seem as though we
could not let you endanger
your life for the sake of
Spain's stubbornness. And
is it not even a question
whether the people for whose
sake we would fight in Cuba
are not inferior to the noble
men who would give their
lives for them? Of course
it is the principle at stake

Again soon, and I wait
Ever impatiently for a
glimpse of you.

John sends his very
truest, and affectionate re-
membrances, and as for
me - well it enters more
your room, and words are
not needed. We are
happy in our love and in
the knowledge that you love
us both.

Very faithfully,
John P. Little

If I am not patriotic. I don't
want you to be disappointed
in me, but I  have to be
honest, and this is just the
way matters seem to my
mind. It delighted me
greatly to read that Buffalo
Bill is going to organize
and lead a regiment of
live bloodthirsty Indians
into the fight. I hope
when we count up our
trophies of war we will find
some Spanish scalps hanging

To our Government - well.
Indeed I do hope for the
peace and freedom of Cuba,
But - I wish there were means
of obtaining this end, other
than those of plunging this
Country into debt, and
killing off tens and hundreds
of our noblest citizens.

Fales and I are in peace
in spite of the political tu-
mull - and we are rejoicing
in our little home. ^{Pathe}
and many are back from

the South, much improved
in health. Faltin has been
very sure of the final
peaceful settlement of
affairs, until recently. Now
he believes with the best -
that War can not - be a-
verted.

We shall think of you
at Berlin, and the Mid-
West Club, and wherever
you are - always constantly
and with love. I hope
you can send me a line
