My dear Mr. Howard—Yours of the 14th came to me last evening. It will be a very great disappointment if you do not give your address. A letter must be sent here. I know, but is it not possible to defuse the matter by a few days? We can fix it so that you can take the sleeper at 10:16 on the evening of the 18th which will put you in N. Y. at 6:40 A.M. on the 19th. It is really a very serious matter with an entire meeting not to hear you here. Many, many people are coming chiefly to hear you on the subject so near their hearts. The people always want to hear you, but especially at this time, there has been a joyful anticipation. Do not disappoint us in all our plans, unless it is absolutely unavoidable. No one could fill your place, and we will be utterly unable to secure a substitute. It is only a week, fortunately. Read my telegram, but really, it is serious.
Macdonian cry. Be do come. may I not hear from you at once.

Most sincerely for the committee.

General:

Your letter of recommendation to Mr. Sloane, President of the Del. Lack. & Western R. R. Co. was received yesterday evening and I hope it will lead to my permanent employment with his company.

Thanking you very much for your kindness in giving me this letter. I am with sincere respect,

Yours very truly,

I have been entirely misrepresented, as newspapers repeat generally are. We have been greatly annoyed by it. When I see you I will give you the correct account of the very Mrs B— has disposed of her property. I hope we shall see you very soon. You will always be a most expected in our household. I trust you will never forget us. I know you never will. I am very far from well, having little strength, & a very poor appetite. I am depressed & disconsolate all the brightness

Dear General:

Your letter of the 7th. inst., enclosing signed certificates, Nos. 104 to 108, inclusive, and No. 111, has been received.

The laws of Tennessee use the term, “Board of Directors” and speak of the members as “Directors”. The name, “Trustee” is not used at all. Hence it seems that “Managing Director” is in itself complete. I like “Trustee” better; but we should follow the law in all our official work.

A letter from Cumberland Gap says that the 25th. inst. will best suit for the annual meeting of the Board of Directors. I shall accordingly prepare notices for that date. Kindly mark this on your calendar.

Very truly yours,

Cyrus Rohr

Dear Professor [Name],

I hope this letter finds you well and enjoying a quiet evening at your residence. In light of the year's events, I am writing to provide updates on the progress of our project and to offer my congratulations on the success we have achieved thus far. The recent additions to our team have brought new perspectives and talents to our existing efforts. With the current momentum, I believe we are on track to fulfill our objectives.

A recent survey conducted among the faculty and students has shown positive outcomes in terms of engagement and satisfaction. This is particularly encouraging given the recent challenges we have faced. I would like to express my gratitude for the support and dedication of all those involved.

I am optimistic about the future of our project and I believe we are well-positioned to overcome any obstacles that may arise. Please keep me informed of any developments and share your insights and recommendations.

Sincerely,

Additional note: For the summer months, the Board of Trustees will meet to discuss further steps and necessary updates.

My dear General:—

Your letter just received. Sorry you cannot be with us.

As I wrote you in my previous letter that we are preparing some tracts adapted to the soldiers, if you desire it I can forward to you at any address packages of such that you may have for any camps you may visit, and if agreeable to you I would like to have you officially represent the Society of the Temperance work, and if so our Board will at once send you such document.

Wishing you success in your undertakings, as well as success to our Arms, I am

Yours very truly,

Dear Sir,

Your letter has recently been received by me, and I am pleased to learn of your progress in the Temperance movement. It is very encouraging to know that your efforts are being noticed and appreciated.

As I hope you will, our organization's mission is to promote the virtues of temperance and healthy living. If you have any suggestions or ideas for improving our efforts, I would be grateful to hear about them. We are always looking for ways to expand our outreach and make a positive impact on society.

I am pleased to see that you are actively supporting the Society's work, and it is heartening to know that your efforts are having a positive effect.

I wish you success in your endeavors, as well as continued success in your work.

Yours very truly,

Gen. O.O. Howard;—

Dear Brother;—

Mr. Klock, of Norwich, writes me that you have asked release from your address at our State meeting next week and I understand the reason.

Allow me to say that it will be a great disappointment to us. We shall have ministers from all over the State and they will be the younger men, whom we need to see at the National H.M. meetings more than we do. You speak before the State Home Missionary Society, whose work is part of the general work in the land and must be kept closely allied to it in every way.

So, if you can possibly adjourn your Southern trip until a week later it will be a blessing to us and I trust, no loss to the camps in the South.

Cordially and truly yours,

Edward N. Packard.

Dear Sir,

The veterans of the various Posts of the City of Albany, in conjunction with Steinwehr Post No. 192 of New Haven, and Vet. Asso. of 29th Regt. of Philadephia have erected a monument to the memory of Gen. Adolph von Steinwehr at the Rural Cemetery in the City of Albany, and propose to dedicate the same on next Decoration Day, the 30th Inst. It is the wish of every veteran who has taken part in this movement that the former Commander of the 114 Army Corps should be invited to be present and address his old comrades on this memorial occasion. I therefore, extend to you, in the name of the Central Committee, an invitation to be with us in the City of Albany on next Decoration Day, and hope that you can make it possible to comply with our request.

Yours truly

My dear Gen.:

I sincerely thank you for your cordial endorsement of my application for Chaplaincy in the Regular Army. I have forwarded it to Senator Hawley who has offered to present it to Gen. Alger for me. My hope is that Congress will make provision for Chaplains for the Regulars.
Dear Friend,

Your reference to her who was my wife misleads me to tell you of the great trial she which I have been passing. It is a long and complicated story but in brief the facts are these:

While I was abroad 3 yrs ago Mrs. Fisher was told by subtle influences into "Christian Science" which unbalanced her mentally & morally. She went into it with all the intensity of her nature & it became a sort of misery. She left me while pastor.

Yours sincerely,

My dear General -

Hearty thanks from the whole family for your splendid letter. It goes before Algar to-day. I will let you know what the result is.

If I had the power, you would be at the head of a good big command now. It seems to me that if the men in power had sons going to the battlefield, they would naturally prefer that they should go under the leadership of men who have known war and soldiering in all its phases. Why then don’t they think of other people whose sons are going. Well, I hope there will be very little for us to do in Cuba. The victory of Dewey at Manila grows as we study it. Sampson of course has a different task on hand, - vessels of much greater power to combat; but if he wins a decisive victory it will practically end the war. God grant it may be so, and come quickly.

With all regard,

Very truly yours,

James Tanner.

Dear Mr. Smith,

I hope you are well and that your family is thriving.

I have received the letter from Mrs. Jones and I am very pleased to hear from you. I will take your advice and forward the enclosed letter to Mrs. Jones. I will keep you updated on the progress.

If you need anything else, please do not hesitate to contact me.

Thank you for your kind words. I hope to hear from you soon.

Dear Colonel Nicholson:

I am glad to be able to congratulate you upon the magnificent condition of your Government roads. We found them so good after all the wet weather of the past two weeks that even our friend, the English officer, admired them constantly. It is not among the least of your good works that you are showing all America an example in this respect.

Always truly yours,

MAJOR GENERAL O.O. HOWARD, U.S.A.

DEAR GENERAL HOWARD:—We rejoice to learn you are at the front. It is, we all know, just where, in times of danger, you most love to be.

The American Humane Education Society has just received from Secretary Long, in response to its communication, assurances that the Quarter Master General of the Army has received instructions to give careful consideration to the killing of horses and mules left hopelessly wounded on the battle field.

As a vice-president of the above Society I yesterday addressed the enclosed appeal to Miss Barton. Will you kindly read it—as it explains distinctly our hoped for desire.

Remembering that you share the love which Grant and Lincoln and other great souls have ever manifested for these dumb creatures of God, I believe you will think it no intrusion if I address you, asking that the Relief Commission which you represent shall amid its other sacred duties have a thought also for the poor animals whose piteous sufferings add to the distresses of every battle field, and that you will urge, when possible, that when hopelessly maimed their sufferings shall be quickly and mercifully ended by pistol shot. I am sure I am not mistaken in believing that the prolonged dying of the battle horses will appeal painfully to your sympathetic heart.

Were my sister Mrs Upham here, she would wish to join us in faithful and sincere remembrance.

I send my kindest wishes.

Very sincerely yours,

To Mayor General Howard,

Dear General Howard:—We rejoice to learn you are at the Front. If we all
know it well, in times of danger, you more than others, are always to be
with us, whether of action, or of energy; and your voice, your love, to the
American Humane Emigration Society, and your unremitting efforts for the
Suffering of fellow men, will make your noble example the one never
forgot by the beneficent. I am happy to learn that the Executive Committee
of the American Humane Emigration Society have the honor to inform you
that the American Humane Emigration Society has the honor to inform you
that you have been elected President of the American Humane Emigration
Society for the year 1866. The Committee of the American Humane
Emigration Society, in the course of your duties, will be glad to have a
better opportunity of knowing you, and to assure you that the American
Humane Emigration Society will do all in their power to promote the
interests of the Society. I am happy to learn that you are about to leave for
the front, and that you will have the opportunity of seeing the wants of
the poor inmates of those prison martories and the threatened of
winter. I have no hesitation in assuring you that the Executive Committee
of the American Humane Emigration Society will be glad to have a
better opportunity of knowing you, and to assure you that the American
Humane Emigration Society will do all in their power to promote the
interests of the Society.

Very respectfully yours,

MISS CLARA BARTON,

PRESIDENT OF THE RED CROSS

DEAR MISS BARTON:—The thought of the civilized world turns towards you in grateful remembrance of your noble life and splendid services for the relief of humanity.

Soon contending forces will be again marshalled in conflict against each other.

As a vice-president of the American Humane Education Society permit me to address you in behalf of "one division of our great army" whose needless, but easily avoided sufferings impress us with keen regret. I refer to the horses that will soon lie hopelessly maimed and injured on the Cuban battle fields. Our desire is that so far as shall be possible, they may be mercifully shot, and thus be spared a lingering death from prolonged pain or starvation.

We learn that in the German Army the Veterinary Surgeons, after a battle, go over the field and fulfill this mission of relief.

A communication regarding this subject has been forwarded to Secretary Long, in Washington,—the subject having been otherwise also submitted to him.

Realizing the great influence which you have with our Officers now in the field with whom you are co-operating, I venture, in behalf of the humble, speechless beings whom we are pledged to protect, thus to address you, trusting that you will see fit to bring the matter to the attention of those in command.

Surely it will be greatly to our Nation's honor, if in addition to our other achievements, we show forth a humane sentiment, evidenced in our care for even the "least of these," upon whose indispensable services in our lamented conflict our success must so largely depend.

Trusting that all of Heaven's choicest blessings may rest upon you,

I beg to remain,

Faithfully yours,

Dear Miss Barton,
The President of the American Humane Association, in his capacity as President of the American Humane Association, hereby appoints you to be a member of the American Humane Association, in recognition of your services in the relief of animals during the recent civil war.

I am informed that you are now engaged in the work of the American Humane Association, and I am glad to know that you are doing so with the approval of the President of the Association.

I trust that you will continue to do your work with the same energy and devotion that you have shown in the past.

With best wishes,

My dear General:

Your letter was duly received as you say that you had forwarded it in his paper with your endorsement. I took no further steps of the matter.

May I have an opportunity to request on my own part? My own belief is that the. I never set out to attain a second lieutenantcy in the army, and if I should be. I should be greatly obliged for your influence on the part. 
Department is as grand as it might be—and you need to send enough to present this respect to the Secretary, with your hearty monument.
I think he would probably succeed with increasing my salary.

My very best regards,

Dear Sen. Haskell,

I enclose your copies of correspondence that you may see what is going on. We cannot, now overhear my letter; as to your late Senator, I am sure he will be wise and would have printed the letter I enclose to you now.

I have expressly stated that you knew nothing of my writing. How would you like to hold these notes, which I made up the New York Tribune Line?
If they do not get you any thing to do at Washington,
I shall be pleased to have you visit my house.
I have the daughter of the American
Revolution at my	house June 19th.

Wish you were at us at that time. I leave

We shall be ready to

It will be very profitable
