Dear Sir:--

Yours of May 6th is at hand. I think I fully appreciate your position, but it is not a particle different from the many others who, like you, have done great services and made great sacrifices for the flag. I am afraid, however, that my ambition may get the better of me, and I may a little later request one of our senators to write you. Meanwhile, may I ask your opinion for publication or confidentially, as you may dictate, as to what the practical value of sharpshooters is, organized upon the Berdan plan of Sharpshooters of which you saw more or less during the war. It seems to me that the time has come when every soldier who is given a musket, should be able to hit something with it.

A line of sharpshooters recruited according to the sharpshooters' test could do effective work upon an advancing line at fifteen hundred yards, or even more, and continue that work until the other line should reach a point at which it could do effective work, and unless the Spanish Infantry are better shots than some of our own men, the advancing line would have to make two-thirds the distance before it could do much damage to the sharpshooters.

Yours very truly,

C. Munroe

The new Judge Boentano has ruled four times against you and either he does not know the law or he is prejudiced against you and in any event you cannot succeed in getting justice before him so I want the case taken before another Judge.

Everything is ready now to close issues and to put in the evidence and the evidence is all ready.

Please sign your name where indicated in pencil and go before a clerk of some Court who has a seal and swear your petition and forward it to me as soon as possible. I need it here on the 23rd day of this month in order to get the Change of Venue.

General O. O. Howard,

My Dear General Howard,

I find that the letter you wrote MEN is being quoted all over the country. The following Sunday I heard it read from the pulpit, and our Associations have used it generally. I believe it will result in very much good. I note that you are engaged in our work in the South, and would appreciate it could you write me anything out of your experience and observation. I do not wish to burden you, but I do wish the best guidance and direction of our cause to the glory of our God and the salvation of men.

Sincerely yours,
