My dear Eliza,

Harry went to the train to meet Jeanie and her nurse on the early train this morning. She was pretty well tired out from the journey. The night was very warm and she could get no rest, but slept this morning. Will be in bed some days. Eliza has swollen wrists and hands from tramping through poison weeds, days he is a swell and cannot even use...
this hands. Mary and Bessie are both taking a sleep this afternoon.

He spent yesterday afternoon at the office and sent off all the letters.

The contracts have all been sent to you for these dates, and I presume you have received them all right.

Major Pond will reply to your son's letter of the 25th inst. as soon as he returns from New Hartford which will be some time this afternoon. I am sure you deserve a good rest after the splendid work you are doing and I trust it will be very beneficial to you.

Yours Sincerely,

Sibyl L. Glass.
I’ve been thinking a lot of you lately, and I feel a strong urge to reach out and express my thoughts. Perhaps I should start by saying how much you mean to me and how much I appreciate your presence in my life.

The thought of not seeing you or having you close by weighs heavily on me. I understand that life is full of uncertainties, but I hope we can stay connected and continue to support each other through the good and the bad.

I’ve been trying to find ways to keep us connected, through letters, emails, and the occasional phone call. I hope these means of communication are helpful and that they help alleviate some of the distance.

Please take care of yourself and let me know how you’re doing. I miss you and hope to see you soon.

Yours sincerely,

May Gen. O. O. Howard
Washington, D.C.

General:

In March, I sent to Gen. W. H. Shafter, M.C., an application for an appointment as Capt. of A.R.M. of Vols in favor of our friend — I am now aware that lately 20 more appointments are authorized by a bill that has passed the Senate.

I would ask of you the favor that you urge my appointment with the force that be.

My grandfather, Gen. Samuel Howard of Kingsport, Tenn., served in the Revolutionary war and was present at the battle of Lexington. My father, Sullivan Howard, was out as Capt. in the N.H. Militia in the boundary troubles between Maine & N.H., and was given a Col.’s commission for his services at that time by the Gov. of N.H., which he was unable to accept on account of personal toills. I served 2 yrs in the 41st A.V., from April 1861 to April 1863 in the Civil war, and my son, Acree Howard, Jr., has served 5 yrs in the Colo. Militia. He is now 30, educated that it is his
Idaho Springs, Colo., 1889

duty to stay at home— I would like very much to continue the honorable record of my branch of the Howard family by service in the present war—I asked for the 8th dept because I was in that dept for 2 years in the civil war and am familiar with its duties and think I have some value to the dept—I was recommended by Rev. J. M. Jones, of Cross for Capt. in '63 but no appointments were made after that was filed—I was twice Auditor of Montgomery Co., Jailer and twice Justice of the Peace thus I think my neighbors whom I have lived there thought me worthy of honor— I was in prison of war between 9 & 10 mos during the last war.

Mr. Smith has had charge of the matter but he is a Silver Republican while I am a Republican and about 65 miles to vote the Republican ticket. He will give you all the information in the case. I can tell you of my qualifications for the position.

Now General will you not add your influence to my application in to secure my appointment?

Very sincerely yours

Henry Howard

Dear Sir:—

Many of the delegates to the Nashville Convention will visit Chattanooga at its close and we hope you will be among the number. State rallies are being arranged for with the soldiers at Camp George H. Thomas, and the Endeavorers of Chattanooga have arranged to hold an “Echo Meeting” in the city on Tuesday evening July 12th.

We would be much gratified if you could be present and favor us with a short talk at the echo meeting, upon some subject to be chosen by yourself. If you can be with us and can conveniently give us your subject in advance we should be glad to know it, in order that it may be announced here.

Yours fraternally,

My dear General:-

Owing to illness I was unable to be present at the union meeting in this city a few evenings since and hear your address in the interest of the Young Men's Christian Commission. Had I been present at that time I, most certainly, would have made some change in the order of the service by sending a note to my friend, Mr. Hollister, the chairman of the meeting, with reference to yourself, and in a way, I am sure, which would have strengthened the force of your language.

You will, doubtless, remember me as an officer on the staff of General Wadsworth at the battle of Gettysburg, for I called on you for instructions many times during the eventful fighting of the first day. I shall not forget your cool and quiet manner in all the confusion of that dreadful day. Nor shall I forget a very peculiar incident of that day that appealed to me in the strongest manner. You had been talking with me about the movement of some of our troops, and just as calmly as if we had been in a ladies parlor, when a Captain of General Wadsworth's staff rode up to you in the greatest excitement, for the battle was raging terribly. When you asked this officer how the battle was going he replied, with an oath, that it was dreadful. With a smile on your face you dropped the reins from the one hand which had been spared you and, gently touching this officer on the shoulder said, in the very simplest manner—"Captain, be careful of your words. The battle is not yet ended." Your action was so kind that this impulsive officer accepted it in the happiest spirit, and many times later spoke of your courteous conduct on this occasion. You had won his heart by your manner of speaking.

The whole purport of this letter is to show that we may fight great battles and may, later, tell pleasing stories to loyal audiences, but there is something stronger than the simple hurrah of patriotism, so I repeat that, if I had been present at the recent meeting, I should have looked back and beyond your well chosen words and even your empty coat sleeve to the incident which I have related and which I wish every young soldier in this country could lay to heart. There is a lesson in it.

"Faith, hope, love—these three, but the greatest of all is love."

Yours truly,

Clinton Hill successfully.
May Gen. General:

I am writing to express my appreciation of the time and effort you have spent in the recent meeting with the Young Men's Christian Association. You have demonstrated your strong commitment to the YMCA and your dedication to the cause of youth development.

Please accept my deepest gratitude for your participation and your kind words. Your presence and support have made a significant impact.

I am confident that your commitment to the YMCA will continue to inspire and influence many lives. Thank you for your outstanding leadership and your unwavering support.

Dear General:

Do you think Dr. Leland's friend's donation is now sufficiently
definite for announcement among people among whom we seek money for the
debt on the land?

It occurred to me that you might wish to change the letters on which Misss Witmer is now working so as to read like the sample enclosed with this letter. Please let me know whether you wish this change made and return the sample.

Dr. Gray has just told me that if Dr. Leland's proposition is put into a little more definite form, he will take hold in earnest to help us raise the money needed for the payment of the debt.

Will you go through Chicago on your way to Nashville? I have thought that it might be well if you could go with me to see the men in Louisville who hold the notes against us. If they should meet you, it might be easier to get further time from them. I am confident that if we should bring them $2,000 and let them know about the Leland donation they would give what time we may need.

Dr. Leland says he will be here in a few days. Perhaps it might be arranged for you and him to meet here on your way to Nashville.

Our Motto:
Organization, Education, Evangelization

Our Aim:
1. A Sunday School within reach of every house in the State.
2. A Convention or Institute within reach of every Sunday School teacher at least once a year.
3. A working Sunday School organization in every county and township.
4. The education of every house to visit all to Church and Sunday School.
5. The Bible in the hand of every man, woman and child in the commonwealth.

Every Sunday School in the State is requested on that day to take an offering for the State Work.

The Port Huron Convention had representatives from 45 Counties of the 83 in our State, as follows: 111 Superintendents, 491 teachers representing 1,449 denominations. Let every county in the State be represented at Saginaw, in '38.

My Dear Brother:

At a meeting of our State Executive Committee yesterday they voted unanimously to accept of your proposition to be with us at our State convention to be held in Saginaw E. S., Nov. 15-17, 1898.

They desire you to give the opening address on Tuesday evening and if our soldiers are still at the front, it is a special desire of all that you give us an address along the line of the duty of the S. S. workers to the soldiers in the field. There is very much that can be done and we owe them a duty. We want them to feel that the souls of our soldiers are valuable and are in danger. I know of course you will be able to give us something along this line, and you probably know something of the work of the Home Department in our schools.

W. A. Duncan of Syracuse, N. Y. is the originator and he is very anxious that we shall take up this work and push it.

The thought is so far as possible, to get our soldiers to study the lessons with us, we furnishing quarterly and having reports from them every three months.
However, in your own way, please do what you can to arouse the S. S. workers of Michigan.

We desire you to take charge of the devotional exercises Wednesday morning and if you can be with us until noon, as you can get a fast train at 1 P. M. to any point and reach there as early as if you were to take an early morning train, would like a talk from you that morning. Hoping that you can make arrangements that will be a profit to us all, I am

A member of the State Council of France, a body char-
ged with preparing bills, laws, statutes, is devoting his attention
to the best possible legislation to ameliorate the condition of our
Colonial Races. Colored people, Asiatic, Caucasic. Two systems
are in presence; either to try to elevate such races by giving them
the same education, laws, institutions, as are imparted to the
White race in the most civilized countries, or to only adopt such
methods as would slowly & gradually perfect such institution of
those races now base.

In order to decide what direction to follow, the State Council
for thinking that the experiments made in the United State, to
promote the condition of the native colored races, would be most
appropriate to show what results are obtainable. I have indeed
be obtained by either system if any has been adopted here.

Under the influence of the means adopted, has the colored
race shown any improvement? Is there any hope that the race
will be completely assimilated to the white race in admixture &
progress? Or, has the experience shown that the race is
decidedly inferior & of difficult assimilation.

I am told that you are a most able student of that
State problems & that no one can better than you, draw conclusions
on the results of the efforts attempted to promote the aborigine
