My Dear Genl Howard:

Permit me to thank you
for your very kind thought
of me for Sec. of Bible Soc.

I have resigned my pleasant
charge here for a season
of rest and recuperation, and
have no definite plans for the
future. I fear then to keep my
mouth open to the divine in-
fluence, and not to "disobedient
to the heavenly vision".

Our dear little dog had a
most delightful visit in your
home. She says "it will al-ways be to her a joyful memory" 588

My dear friend Howard,
I have just sent you
a copy of my new book
of one for the 1st of June.
I have arranged my plan
and change here for a season
and am now in the
most comfortable position for the
time being. I am to keep my
out office in the same
house, and not to disturb
the family.
I am being this day but a
little brighter than in the
past. I am in a better way.

Your friendship, my dear
Gert, is greatly prized. Our
home always open to you, and
always a warm welcome
awaits you.

With kind remembrances
to your family, and hoping
to see you ere long. I remain

Yours very sincerely

Sept. 9th 98

Dear Gen; -

The survivors of our
old Regiment, had a most
enjoyable re-union at Bath,
as several of the comrades
wrote me. Next year they are
to meet at Waterville probably
but the second wednesday in
August certainly. Please make
a note of this now, ^{and} consider
it an engagement for that date.
I shall try very hard to be there
myself, ^{and} mean to make an effort

to have all the survivors present.
The ladies of the Pension Office
have been earnestly working for
the soldiers who have passed through
Washington on their way to northern
camps during the last three weeks.
We are still working for them and
will continue our work until they
have all passed through. This work
was commenced or first suggested
by Miss Chamberlain (Harry's friend)
who went down to the station to meet
her brother on his way to Montana.
She reported the terrible condition
in which she found the troops on
the train and had a meeting of the
ladies called and they organized
for action - rented rooms - a hall -

on the rail-road line, put it up for putting the
soldiers as they came through - raised money in the
Pension Office for this, and for food and we have done
and are doing a wonderful work. Last Saturday the
Main Regt. went through (waiting an hour for lunch
we had provided) and we gave them one hundred and
twenty-five gallons of strong milk to drink, beside the
condensed milk in the casks, and three thousand stand-
bishes with tomatoes. Besides we - beside all this for
the sick - Last evening between 6 and 7.30 o'clock, the
ladies gave lunch to eleven hundred - the boys leave the
hairs and come up to the hall where seats at the table are
ready for them. Many of them say with gratitude - they are well -

Dear Genl. Howard.

Your welcome letter
came to hand today
with enclosure.

I was very glad to receive
news of you. As I imagined
all sorts of hardships that
might befall you down in
Cuba. and hearing so
much of the suffering of
our people down there from
fevers and other ailments
naturally made me more
anxious to hear from

Commander Admiral Schley
the other day, which I was
very happy and proud to receive.
I feel very proud of having
served during my life with the
two great heroes of the present
war. Admirals. Dewey & Schley.
I hope you found your wife and
family well when you reached
home.

I have had a very hard
time this spring and summer
business has been at a stand
still. but I hope to make
some headway this fall and
it looks as though I will.
No shepherd will be as glad
to hear of you as I was. Shall

You are that - you have
returned safe to your home.
Am sorry you ~~are~~ have imbibed
the catarrhal trouble but
hope it is not serious
and will not prove a
lasting complaint.

I read the slip you sent
enclosed in your letter
which speaks of your work down

of Genl. Lee. and his warm
friendly feelings towards you.
But you deserve it all and
more.

I received a very pleasant

Dear general:-

Your kind letter of the 29th is at hand. I have been revolving in my mind the subject of a lecture at Greenwich, Conn., and I am much in favor of same. Mrs. Adams is Regent of the Greenwich Chapter of the "Daughters of the American Revolution". I think we will arrange this lecture under the auspices of this organization, and ask them to invite the Lombard Post of Greenwich to co-operate with ~~them~~ ^{us}.

It occurs to me that Oct. would be the most desirable month, and ~~still~~ ^{ing} give opportunity for selling tickets and laying the plans. I hope you can then arrange to come down and bring Mrs. Howard and your daughter, Bessie. I have at once communicated with the D. A. R. Lombard Post, of Greenwich concerning the matter, and trust you will be able to name some date, ~~the early part of~~ October, say the tenth or eleventh.

Many thanks for your kind letter; I will endeavor to co-operate with you on Lincoln University matters; will write you further concerning same. Please have sent to me all the printed matter you have, concerning the origin, purpose, and present development, etc. of the Lincoln University, so that I may be conversant with all of the proceedings thus far.

Dear General:-

*My letter
translated
O. O. H.*

Your letter of the first inst. came this morning. I believe that I can now see a way to carry our matter through successfully, if we only keep calm and push ahead. First I will say that, after all, Mr. Herbert had trouble in getting out the last edition of his paper, so that he barely had time to get ready to go to Denver to attend the annual meeting of the National Editorial Association. Mr. Herbert is, I fully believe, in earnest in his desire to help the University, and I believe he is able to give valuable assistance when he has opportunity, but this was an inopportune time for him. As to Mr. Fairchild, I have nothing to say, excepting that it does not look to me as though he made any effort to do anything since the meeting of the Board of Directors at Cumberland Gap. It is true that he came to Chicago and staid about two days, but during that time he did practically nothing. I hardly believe that he is much in earnest about giving us assistance. Whether Mr. Myers has made any special effort to collect money for the land payment, I do not know. In a letter which I received from him yesterday, written at Hillsdale, Mich., he said that he is giving his time to preparing to get the teachers started with the opening of the school and he merely inquires what progress is being made with the farm payment. I look upon him as being disabled and that we should not expect much active work from him. He is too much broken down for active work.

I fully agree with you that the money needed for the payment of the entire debt can be raised within a few months; certainly by February 12, Lincoln's next birthday, if the people at Louisville wait for us. But I should not expect them to wait longer without a substantial cash payment. Let me give you a suggestion for getting money for making a payment at once and thereby securing all the time we need for deliberate but persistent work. I saw Dr. Pearsons again this morning and he manifested such a serious interest in the work that I have concluded that if you should request it as a personal favor, he would advance enough money for a payment at Louisville, and give us such time as we may need for continuing the work on the plan we have adopted. The first note due at Louisville is \$3210 with interest. If I could go to Louisville and propose to take that note up on con-
