My dear, Gen. Howard.

I do not know
where you are, but when
this finds you, will you
kindly write a short letter
for me, to the ^(congregational) Church at
Stamford, Connecticut.
Its pastor has just resigned.
It is such a church as I
did like to serve - and

an early letter from Jay
may avail. Have friends
here. Your brother spoke
before the Ch-go ministers'
meet'g lately. He was earnest
a interesting. Once or twice he
reminded me of you. Mrs.
Sherrill is getting better. after
an illness of two years. Please
give my love to all yr family
and to your dear self, from
yr respectful & ever loving friend.

A. J. Sherrill.
Wish I might go to Stamford.

My dear Sir,
I have the pleasure to inform you that the Metropolitan Federation of Epworth Leagues has been organized and is now in operation.

The object of the Federation is to promote the work of the Epworth Leagues in the Metropolitan area, and to provide a means of co-operation and mutual assistance between the various Leagues. The Federation is a voluntary association of Epworth Leagues, and its members are the various Leagues themselves. The Federation is not a separate legal entity, but it is a body which can act in its own name, and it is able to enter into contracts and to sue and be sued.

Yours faithfully,

My Dear General Howard,

As you may have noted in MEN, we gave a special editorial notice to your work in connection with the Lincoln University which made it more emphatic than it would have been to have been simply a special headed article of the same. I hope you have heard something from it. I send you a cheque for \$5 which came in to us, and I wish more had come in. I suppose, however, that a matter like this has to have earnest solicitation, as with other colleges. I wish you would find it possible sometime to write some sketches on conversions coming under your notice. As we look at many of our churches we see how infrequent it is to find a clean cut conversion where a man has felt deep conviction and repentance for sin, and has sought forgiveness of God.

With very best wishes and hopes that the work is prospering, I am,

he shall be here the last of

This month - and will confer
with me personally about
Mrs Taft's claims: he will
give the necessary advice
I am sure. The necessary
records of Col. Taft's career
can all be obtained here
I suppose.

Again thanking you for your

I thank you very much for your kind words concerning my lecture and will ask you to excuse this tardy acknowledgment.

I have been overwhelmed with the generous expressions of approval it has received from Dr. Booth, Mac Arthur, Virgin, King, Madison Peters and others, but by none more than by your own cordial words.

I am to deliver it next Friday night, the 18th, in the New England Cong. Ch., Brooklyn. It is my earnest prayer that God may use me this glory,

Dear General Howard:-

I wrote you in September, and not receiving a reply, I conclude that my letter has gone astray.

My business is that of a surveyor and civil engineer; have had an experience of twenty-five years. But I have always had the desire for a higher object in life than merely making a living or accumulating riches. When I read your letter in the "Advance" in regard to "Lincoln Memorial University", I thought that with my knowledge of, and fondness for mathematics, and my practical experience as a civil engineer, I would be able to do good work as instructor in mathematics or in engineering. I wrote to Rev. L. G. Baldwin of Claremont, Cal., formerly president of Pomona College, for his advice as to my fitness to fill such a position satisfactorily, and received a reply which I enclosed in my former letter to you.

President Baldwin knew me as a student in College, being then my professor of Latin, and has known something of my work as an engineer since I left College. As he has had long experience in educational work, I have a high regard for his opinion as to my ability for that work. Hearing favorably from him, I thought it would not be out of place for me to write you, and learn what your views would be in regard to this, and if favorable, what the opportunity would be for my engaging in the work, at "Lincoln Memorial University".

(over)

Will you kindly let me hear from you in regard to this.
Wishing you the highest success in the work you have
undertaken for this institution, I remain
Very respectfully,

Dear Sir, I have the honor to acknowledge the receipt of your letter of the 11th inst. in relation to the proposed course of study for the students of the University of the State of New York. I am very glad to hear that you are so interested in the subject, and I am sure that your suggestions will be of great value to the institution. I have already discussed this matter with the faculty, and we are all in favor of the proposed course. I am sure that the students will benefit greatly from the study of the subjects proposed. I am sure that you will be satisfied with the result. I am, Sir, very respectfully,

Dear Sir:-

My work, as Editor-in-Chief of The National Cyclopedica of American Biography, brings me in contact with the foremost personages in the land; and being quite a hero worshipper, I am gathering into an "Original Calendar" solely for my own pleasure, a characteristic verse, quotation from one's own writing, drawing, or bar of music,- from the world's brightest intellects, and I beg to ask from you for this purpose some slight contribution from your genius and attainment over your own signature, on the accompanying sheet.

You must be sensible of what entertainment such a galaxy of originality would give to you, and I trust you will lend me your good will and aid, as regards yourself, in helping me to this gratification.

The sheet will be bound at the narrow end. Please keep the writing within two and one-half inches from the top and left hand margins, and within one and one-half inch from the other margins. Please return in the same envelope, tearing off the label, and restamping with enclosed stamp. The Calendar will be ready to bind upon the return of a few more leaves, and you will render me very much your debtor, if you will make an early response with something for the date reserved for you in my arrangement. My dear General Howard:-

On Sunday night,
December 4th, will be held the
anniversary of the Missionary
Society of the Lafayette Avenue
Sabbath School (formerly
D^r. Cuyler, now D^r. Gregg), the
congregation and school
participating. It is always
an occasion of great

public interest, and the church is usually filled; capacity about eighteen hundred.

A very general desire has been expressed that you should be the speaker on that occasion, and our people unite with me in a most cordial invitation to have you do so.

Dr. Gregg, Dr. Duyler, and all our people will be delighted if you will come.

Can you not do so?

Coming on Saturday to my house and spending

the Sabbath with my family.

A general missionary address is what is desired. Our school raises about two thousand dollars per annum for missions; city, home, foreign, &c., We touch all the fields.

Your acceptance of this invitation will delight us all. May we not have it? You can say some things about the army and navy work, as we all
