Gen. O. O. Howard,
10 East 23^d Street. City.

Dear General:

I am very grateful
to you for your favor of the
22^d in which you suggest
the best way to secure Gen.
Merritt's presence at the Eng-
lish Club dinner. I have for-
warded the letter to the chair-
man of our Com^{tee} and am
waiting to see what action

Y^{rs}

he will take.

I wish we were in a
condition to further your plans
for Lincoln University. It is a
magnificent idea worthy of all
support. There are, of course,
a great many calls upon our
church; but if it is ^{to secure} possible,
a suitable contribution toward
the end you have in view, I
shall be glad to do so.

Yours very truly,
Franklin Gaylord.

General O. O. Howard,
10 East 23rd St., New York City.

My dear General,-

I thank you for your very kind reference to my father and myself in your communication of the 22nd. I had a brief word with your Secretary respecting the matter of which you write and he left with me a circular giving some of the recent subscriptions to the Lincoln Memorial Fund. I wish that I could aid you, but I am altogether at this time particularly loaded up with too many obligations to warrant me in adding this to the list to aid educational institutions. I wish I had my father's purse as well as his heart, for I know you are doing royal good work in these matters and are entitled to the aid and confidence of all who can join you.

Regretting that I have to write you as I do, believe me,

Cordially yours,

L. R. Pratt

Dear Genl. Howard

I reached here at 10.30 last night. At 9.30 this A.M. I called to see Mr Hall at "Hotel Hanover."

He left the Hotel on the 22nd and did not leave any address for his mail. I could not learn his address at the P.O. So I return the check to you, as you doubtless know his present address.

I leave for Wash-

to reach Cumberland Gap

Tuesday and leave Wed.

Hope you have
the \$1000. By this time
I will try and write
some letters while I am
south.

March 27: 1899

My dear Gen. Howard

When I returned from church yesterday and saw that one of my letters had your name and address in the corner, my heart gave a bound for I had been watching and hoping for that letter since last August. But I was doomed to disappointment - The Memorial was not yet received! It seems to me if it had reached Burlington, you would have heard of it in some way.

Will you, upon your return let me know of its fate? My stock is getting low, but I want to send you another if that is lost. The book was compiled by Rev. V. C. Miller - an old friend - who has a little son named for our General.

Did you know Stuart was living in Plainfield
and attending to business in New York?
His office is 66 Broadway - Manhattan Life
Bldg. Could you not, when down
town, give him a call?

What a glorious work you are
engaged in! Lincoln! No name
of this or any other century, stirs and warms
my heart as does his. How greatly
you are honored and deservedly so, in being
President of that Memorial M.

Gladly would I send many "mites",
but Gen., after Old Darling's death, the liberal
income he thought would be mine, was so
shameless by dishonest men, I am obliged to live
very carefully, and I ^{must} ~~am~~ ~~obliged~~ ~~to~~ deny myself the
pleasure of giving to any object, but those of absolute
duty, and I assure you it is a trial.

Please
General don't forget I want to hear very much if
you finally receive the Memorial, and if you like it.
With love for Abby. Howard
Most cordially yours
Abraham Lincoln

Your favor of the 9th inst. was received. Please accept my thanks for your remembrance of my connection with your work for the Lincoln Memorial University. I will take pleasure in acquainting my brother, and Dr. Gray when next I see him, of your progress,--in fact, will send your letter to him. It is too bad you did not get the money you wrote for. My dear sir

Your very gratifying letter of the 15th inst was duly received & should have been answered sooner. Extreme age & its attendant infirmities is my excuse. To answer such a letter the mind and body should be in a good condition which has not been my case.

I rejoice in your success. Having done what I have in life I can appreciate your work as others cannot. I know the work & the pleasure of success. You are doing a noble work for learning, religion & our country. I wish I could live to see your statue erected on the grounds you will have made sacred. But you seek no return for yourself, only the consciousness of doing a great good. I very much wish I could do much for you.

Perhaps you might call on me.

Henry B. Hyde
128 Broadway

Hyde of the Equitable & Vice Pres. J. W. Alexander
who have money and good men. If necessary
you can use my name. They could render
you much aid. Then there is Rev Dr George
L. Prentiss a pastor there who once had a
very distinguished brother in the South.

If you have a copy of the article you write
for a New York paper please send to Mr
John May Jr of this place, a man of money &
noble spirit & a good friend of mine.

As to A. Carnegie. I suppose you
have done all that can be done.

It has occurred to me that as he is
seeking popularity, if he can see the location
of your University in these states &
its influence on the South that he cannot
do better than by giving it a handsome
sum for library or permanent endow-
ment. I do not suppose I could add any-
thing to what you have said, but I wish
I could see him. He knows me well & has
corresponded with me. I want to hear
that he has given you 50 or 100,000.

Your plan for your institution is just
right for the times, just such an
institution as the locality demands.
