Dear General:-

I have sent to you by express, prepaid, a bound copy of the book "Twenty Years Among Our Savage Indians" by Capt. Humfreville. You will remember my interview with you in this city a few days ago in which I stated the dilemma in which I find myself placed with regard to this book. When you read the proof sheets of it for the purpose of writing an Introduction to the volume, you made a good many suggestions and corrections which I was exceedingly grateful for, and every one of your suggestions were carried out and the alterations were made in the plates. These altered plates had never been on the press, and our recent disastrous fire not only destroyed them completely, but all our records, correspondence, data, etc., and we do not know what the corrections were. The plates of your Introduction were likewise destroyed but I have just one printed copy of it so that I shall be able to reproduce it. We shall make an entirely new set of plates and while doing it we would like to make as many alterations and corrections as may be necessary to make the book as truthful as possible, and I hope it will not be asking too much of you, under these circumstances, to read the book at your leisure and give us the benefit of your experience, knowledge, and judgment for the good of the book.

The copy sent to-day is one of a few that were printed before the plates were altered. It does not contain the beautiful illustrations which I once showed to you in New York, but they will all be included in the forthcoming new edition of the book.

Thanking you in advance for any help you may extend, I remain

Very sincerely yours,

A. D. Worthington

Lieut. O. O. Howard:

My Dear General:

Your letter of June 1, saying that you were wanted at Bowdoin June 23^d & to know if I was sure to go on the Duluth trip set me to studying the sailings. If you are right the ship leaves Buffalo June 16 & is due there again June 23. She is in port at Duluth from 6.30 P.M. to 2.10 P.M. I could not possibly do my business in that time. I had supposed we would be there the better part of his days. ^{I really need 3 or 4 days to go over the ground thoroughly} I think therefore that I ought not to hold you to the trip on my account. I could be with you only one way in any event and should have to stay over till another sailing for the return. I think I will try to get away a week later taking the journey more leisurely.

although if I find that things adjust
themselves all right here I shall make
a run for the boat sailing June 16th.

I am sincerely sorry to miss the pleasure
of this trip with you. We have never
been off together when we could talk
free from ^{our} surroundings and I had anticipated
this opportunity very much. I am under
deep obligations to you for your kindness
and I hope for another opportunity to journey
with you. If you are at home when
I return I might stop over long enough
to discuss Cumberland Gap with you.
