

LINCOLN MEMORIAL UNIVERSITY,

CUMBERLAND GAP, TENNESSEE.

June 13. 1899.

Dear Gen. Howard,

Your kind letter of 8th inst, at hand, enclosing your report for Apr. & May. You did not send the names and addresses of the donors in this report. If you will send them, I will soon be ready to enter all their names, addresses, and amounts received in our new donor's books, that I have just received, and ^{will} furnish you one of them, which will assist you very much in next year's work.

Col. Adams deposited \$250⁰⁰ to my credit in the bank in N.Y. City. I have drawn out nearly the whole amount, and will need more funds in a few days. As I have already written you it took more money to make all the final settlements than I had estimated, and then since you were here we have been repairing Harrow School building, and making the changes that were agreed upon when you were here. We have been pushing this work as fast as possible, and will have it completed in a few days. The taking down of those two large chimneys, building smaller ones, changing the partitions, papering the rooms, painting the floors, repairing the blackboards, putting in a bath tub and some more water closets

Plastering the kitchen, repairing the range &c. &c. will cost us at least \$200⁰⁰ or \$250⁰⁰. But it is money well invested, as the property seems to need much repairing. Most of the help we get to do this work, such as plumbers, plasterers, paperhangers and carpenters want their pay as soon as their work is done. So it becomes necessary that I have some funds on hand, and I would ask you to request Col. Adams, to either forward me a check for \$200⁰⁰ or 250⁰⁰ or deposit the amount for my credit in the N.Y. Bank. I think this amount will pay all the bills till July.

We have done nothing about ~~putting~~ getting water into Grant & Lee Hall except to ascertain that we cannot run it over the ridge back of the Hall as we thought we could when you were here. In a few days we will try another route, i.e., over the little-tunnel and across the property of The Harrogate Land Co. We will ascertain the levels, and cost of pipe &c. and make an estimate of

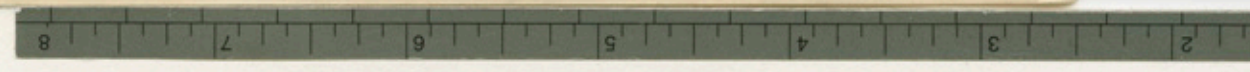

GENERAL O. HOWARD, Managing Director

pertaining to the kitchen, repairing the roof
 \$2.00. Will cost me at least \$200.00
 or \$250.00. But it is covered well
 mounted, as the property seems to need
 much repairing. Kindly let me know
 if you can do the work. Such as plumbing,
 painting, paperhanging and carpentry.
 Now that you are so close to this work
 I have some funds on hand, and I
 would not like to depend on Mr. Adams.
 I have the amount of \$200.00
 in the bank. I think
 the amount will pay all the bills
 I have.

I have been waiting for you to
 get the water into the house. I
 expect to ascertain how we can
 run it over the ridge back of the hall
 as we thought we could when you were
 here. In a few days we will try
 another coat of paint over the little
 and across the property of the Harrogate
 Land Co. We will ascertain the bill, and
 cost of pipe etc. and make an estimate of

LINCOLN MEMORIAL UNIVERSITY,

CUMBERLAND GAP, TENNESSEE.

what the whole cost will be. We are now of the opinion that it will reach nearly \$1000⁰⁰ to put running water into the building. As soon as we can make the estimate will let you know.

I think we will begin work on the new road soon, although the boys will be quite busy for some weeks make hay on the farm.

I hope you will find Dr. Larry the right man to come here and take full charge, Or if he is not the one, then some other good man; We very much ^{need} a general head over all the affairs of the University here on the ground most of the time.

I am glad that payments are being made on the farm, and hope the time is near when the whole debt will be paid;

I received a nice letter from Mrs. Blanchard this morning. She is anxious to do something for the school during vacation and wants some circulars. I have none. If you have any will you please send her some? I would also be pleased to have some. Sincerely yours,

Chas. F. Eager Sec'y.

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the purchase of the site for the proposed building. It is my pleasure to inform you that the site has been located and the purchase of the same is being made. The building will be erected on the site and will be ready for occupancy in the fall of 1900. I am glad that you are interested in the progress of the work and hope the time is near when the whole debt will be paid. I have received a nice letter from Mrs. Hubbard this morning. It is anxious to be connected to the school during vacation and wants to see you. I have more of you here and will give you the same. I have also a number of books to give you. Maj Gen O.O.Howard,

Dear Comrade & Brother.

Permit me to volunteer a few words about Mr Benj.Warner, who has been to see you about his farm in Illinois.

I have been acquainted with Mr Warner ever since he came to this city, about seven years ago, and probably more intimate with him than almost any other man out of his family.

He is a most excellent christian man, but not in his right mind upon all subjects. Two physicians in this city have examined him, and Mr Charles B.Warner (the son of Benj) has the certificate of both Doctors that the old gentleman is not of sound mind.

Mr Warner Senior, owns a small farm worth about \$1800. or \$2000. encumbered by a mortgage for \$800. I am told. Think I have placed the valuation of the farm at more than it would sell for.

Rev Dr Hawes, Pastor of the First Church in this city, told me he had a letter from some one in the Cong church in Rosemond, Illinois, where the farm is, -that they would not accept of it if they had to pay off the mortgage on it, as there would not be enough in it to pay for the effort.

It is all that Mr Warner owns, and he bids fair to live long enough to eat it all up, in three meals a day.

So please do not disturb yourself, or any one else, by what he may say to you.

Sincerely yours,

Geo. E. Davis

Dear Sir: -

Two weeks ago, I wrote you a note of enquiry, but afterwards learned that you were not in town - so I write again. I much hope that you will wish to keep the money, due in August another year - as it is so safe with you.

However, if you feel that you must pay it, will you kindly let me know as soon as possible. I expect to leave Burlington the last of this week - or next at latest, and it is quite necessary that I know your decision

Dear Sir:-

You will remember that I told you at Cumberland Gap that I expected to make a settlement of my business affairs soon after returning to Chicago. The matter is now far enough along to be completed as soon as the Second Mortgage on the Four Seasons property is paid. While this remains unpaid, the settlement will be held in abeyance, and this will leave me with my hands tied.

As soon as this entire matter is disposed of I shall be free to go to Cumberland Gap or any where else in the United States. Whatever I may do, the settlement is of great importance to me and my family.

I have wondered whether you might not be far enough along with the collection of pledges to soon pay up this Second Mortgage. Could you not pay this off before completing the payment of the First Mortgage? The people at Louisville have now received so much that they are probably satisfied that they will now receive all without loss. At any rate, I am confident that there is no danger of foreclosure.

I would not trouble you by mentioning the matter at all, if I could get myself free without the payment of this 2nd Mortgage; but under the circumstances I am tied down in an uncomfortable way and cannot move in a new direction.

Very truly yours, *Cyrus K. W.*

Dear Sir:-

Herewith find biography of yourself prepared from data lately sent to us. Kindly revise it and return it with your approval.

It considerably exceeds the average length of the biographies designed for our Encyclopedia, but, aside from the inherent interest of your record, the writer was impelled to expand the sketch because of personal reasons. His grandfather was General Lysander Cutler, a native of your State and a fellow commander, and, we believe you will admit, a brave one. Although not old enough to have personal knowledge of the Civil War he ^(the writer) has read history and has, moreover, often heard his father affectionately couple the names of General Howard and General Cutler.

Hoping, therefore, that we shall have the pleasure of producing both your biography and your portrait in our forthcoming work, we inclose subscription and portrait blanks for your consideration.

If you desire to favor me with the latter, please mail us photograph indorsed as follows: "Make my portrait from this photograph" (signature).
