Dear Gen. Howard:

We are working on the catalogue but have been hindered from the fact that new type had to be ordered and the supplies are not reached. The names have been set out and we shall soon be ready for press. I have just written to my agents for all their information. Your account as our invalids, ladies, board, nurses, teachers and calendar for coming year.

I shall send 1,000 copies, but shall need about 500 more and perhaps we can all agree in my and $5 Industrial Dept. a little later. The answer to that call, our people made a great announcement that I must unannounced. I was surprised at the money they raised, and am writing that, perhaps, I shall go to the Gap [287] just as soon as the way is clear and when it is clear, wise to close. I do not ask much, only what is ab-
Solute necessary to develop the work.
How shall I see Mr. Hym's name in the Catalogue?
We ought to be in Missouri.
If you know his present abode, I wish you would have some one send it to 347 Richmond St.
Also I want like a hundred of these folders.
May the Lord open the hearts of those who have

Upon us. Evangelists would be remembered.

Truly yours,

John W. Lamm

and believe me my desire is to help the boys that are in the Philippines now.
Your recommendation I know will have great weight. I would like to go with one of the volunteer regiments now being recruited. Hoping to hear from you and that you will send my regards to Washington.

My dear General,
I am very glad to say that I am much better now and feeling well and hearty. Since I resigned my position at Grant Park I have left my studies at the University of Chicago.

My dear General,

I was taken to a hospital in a police ambulance. April first the University of Chicago gave me the degree of Bachelor of Divinity. Because of my continued poor health I was then not able to take a charge as I went back to old

My Dear General:

I appreciate and thank you very much indeed for your kind invitation, received today, to accept your hospitality while in your City, and I wish that I could except it, but my duties as Adj. of the Legion will demand my remaining at headquarters all the time, for in addition to the duties of the office, I have had those of transportation placed upon me and have to countersign all the members' certificates. One-half of the pleasure that I anticipate in visiting Burlington is to see you, whom I hold in so high esteem. Please thank your people for me and kindly remember me to them.

Yours truly,

My dear General:–

I have your favor of June 23rd and am very glad to hear from you and that you ran against my old friend, Mr. Hammond, at Yarmouth, Me., and that you plucked a $50 plum from that tree. I must say that as a fruit gatherer you are a success and that your talent is never hid in a napkin during your travels.

I enclose the pictures of Rev. A. A. Myers and wife which you gave me to copy. Mr. Purdy has done remarkably well with them considering that it was a difficult job to reproduce Mr. Myers' picture from so small a sample. The pictures are 14 x 17 in size, framed in dark oak 22 x 28, and I have ordered them shipped to the Harrow School, Cumberland Gap, Tenn., and they will go today. They will cost you or the University nothing, and you may present them to the University as my gift, if you see fit, as they probably by this time begin to know who I am, or you may present them in Mr. Purdy's name, whom they do not know. Mr. Purdy being always anxious to please me in every way he can in these matters as a partial return for what he considers the many favors I have done him.

Will you kindly send me a letter of introduction to Senator Frye whose home, I believe, is at Lewiston, Me., as I may want to invite him to our Massachusetts Club outing the second week in July? Don't you think he will be a drawing card, having been

on the Paris Commission appointed by the President?

In your letter to him will you kindly state a little as to the Massachusetts Club and your knowledge of it and if I invite him, I shall hope he will accept the invitation. I think you know what I want, General, about the same as you wrote to Admiral Phillips with reference to the Club. Will you let me know about Senator Frye's commission, the title and the position he held on it?

Are you to be in Boston the second week in July, say the 13th, 14th and 15th? If so, please let me know a few days ahead. With best wishes to you and yours, I am always

Sincerely,

On the further consideration and discussion by the President

In your letter to me you kindly refer to a statement you made in your knowledge of the fact that I have been asked to consider the possibility of a representation of the United States in the Association of the Nations. I am glad to accept this invitation, and I am sure that you will be pleased to know that I am determined to do all in my power to further the interests of the United States in the work of the Association.

The question of the title and position is one which will be discussed in detail at the meeting of the committee. It is my intention to make a full report of the discussions to you and will be pleased to have you attend the meeting.

Sincerely,
