Dear Gen. Howard:-

We are working on the Catalogue but have been hindered from the fact that new type had to be ordered and the foundries are now washed. The names have been set and we shall soon be ready for press.

I have just written to Mr. Eager for certain information, Local board as now constituted, Ladies' Board, Directors, Teachers and Calendar for coming year.

I shall print 2000 copies, but shall bind but 500 just now as perhaps we can add something in regard to Industrial Dept. a little later. In answer to that call, our people made a unanimous protest, and I must confess I was surprised at the many strong words that were uttered. But I shall go to the Gap (D.C.) just as soon as the way is clear, when it is clearly wise to do so. I do not ask much, only what is ab-

solutely necessary to develop
the work.

How shall I use Mr. Myers'
name in the Catalogue?

He ought to be in it sure way.
If you know his present
address I wish you would
have some one send it
to me to 34 Richmond St.
Also I would like a hundred
of these folders.

May the Lord open the
hearts of them who have
to spare and helps us
solve the problem laid
upon us. Evangelism
would be remembered.

Fraternally Yrs.

Your recommendation
I know will have great
weight. I would like

My dear General, -

You will doubtless
recall the sick preacher-
soldier that was on board
the Segurancin last August
coming from Egmont Key &
New York. I have had, my
dear General, a very hard
seizure of it since then; but
I am very glad to say that
I am much better now and
feeling well and hearty.

Since I resigned my
pastorate at Grant Park
Ill and left my studies
at the University of Chicago

have not to carry a gun &
defend our flag in the name
of humanity, I have not
had any regular pasto-
rate. This of course was
due to my very poor health.
The day that I was mustered
out in Chicago, November 17th,
I was taken to a hospital
in a police ambulance.

April first the University
of Chicago gave me the
degree of Bachelor of Divi-
nity. Because of my contin-
ed ill health, I was then
not able to take a charge,
so I went back to old

Calgate (Everybody remem-
bers your visit there
in ninety-seven), think-
ing that Hamilton would
be a good place for me
to recuperate. While
there I did enough
work, so I received
a diploma from there
last week. Enough,
my dear General, concern-
ing the past. I beg the
privilege of asking your
assistance to get an
appointment as Chaplain
in the army. You know
something of my spirit

My Dear General:

I appreciate and thank you very much indeed for your kind invitation, received today, to accept your hospitality while in your City, and I wish that I could except it, but my duties as Adj'. of the Legion will demand my remaining at headquarters all the time, for in addition to the duties of the office, I have had those of transportation placed upon me and have to countersign all the members' certificates. One-half of the pleasure that I anticipate in visiting Burlington is to see you, whom I hold in so high esteem. Please thank your people for me and kindly remember me to them.

Yours truly,

My dear General :-

I have your favor of June 28th and am very glad to hear from you and that you ran against my old friend, Mr. Hammond, at Yarmouth, Me., and that you plucked a \$50 plum from that tree. I must say that as a fruit gatherer you are a success and that your talent is never hid in a napkin during your travels.

I enclose the pictures of Rev. A.A. Myers and wife which you gave me to copy. Mr. Purdy has done remarkably well with them considering that it was a difficult job to reproduce Mr. Myers' picture from so small a sample. The pictures ^{are} ~~in~~ 14 x 17 in size, framed in dark oak 22 x 28, and I have ordered them shipped to the Harrow School, Cumberland Gap, Tenn., and they will go to-day. They will cost you or the University nothing, and you may present them to the University as my gift, if you see fit, as they probably by this time begin to know who I am, or you may present them in Mr. Purdy's name, whom they do not know, - Mr. Purdy being always anxious to please me in every way he can in these matters as a partial return for what he considers the many favors I have done him.

Will you kindly send me a letter of introduction to Senator Frye whose home, I believe, is at Lewiston, Me., as I may want to invite him to our Massachusetts Club outing the second week in July? Don't you think he will be a drawing card, having been

on the Paris Commission appointed by the President?

In your letter to him will you kindly state a little as to the Massachusetts Club and your knowledge of it and if I invite him, I shall hope he will accept the invitation. I think you know what I want, General, about the same as you wrote to Admiral Phillip with reference to the Club. Will you let me know about Senator Frye's commission, the title and the position he held on it?

Are you to be in Boston the second week in July, say the 13th, 14th and 15th? If so, please let me know a few days ahead. With best wishes to you and yours, I am always
