General O. O. Howard,

BURLINGTON, Vermont.

My dear General:

I have your postal card about Harry, and am, as always, glad to hear from you, upon any subject whatever. I said to Harry that I would write to him if I found I could secure for him what I desired. I realize now that I ought to have written to him anyhow; but I have been so circumstances that letter writing has seemed difficult if it was not actually so. I found upon inquiry that the Honduras transaction had fallen through, for the reason that the drought in Honduras made it impracticable to secure there the cattle, the purchase of which had been contemplated. Harry is near to me and I am not thoughtless of him. I only hope that between now and fall I can develop something that may prove of interest to him.

Yours very truly,

Wager Swayne

-1-
The Hon. O. Howlett, Rutherford, Vermont

I have your telephone call of April 1st and am very glad to say that I feel sure I can induce the President to give me the opportunity of being of service to the State and its people.

General,

Yours very truly,

Received Oct 27, 1899

[Handwritten note on the back of the paper:]

[Additional handwriting and notes, not fully legible.]
Mr. H. P. Howard,
Burlington, Ia.

My dear Sir:

The date chosen by Gen. Howard is entirely satisfactory. The scarlet fever fright has caused our regular July speaker to postpone their addresses. The disease is only scattered and has been completely stamped out so Gen. Howard need have no cause for alarm.

He shall expect him to address us on the morning of July 30th in place of our regular chapel service and sermon. The whole corps will be present as well as the officers' families. He shall be pleased to have Gen. Howard also visit our regular evening prayer meeting as a visitor only. However, if...
he cares to speak a few words there also, his talk will be very welcome.

Very sincerely,

Mary C. Tubbuck
The Village of Three Oaks.

Office of President.

Gen. O. O. Howard,

156 College St.,

Burlington, Vt.

Dear Sir:

Your very kind explanatory note of the 18th received.

Please accept thanks for the same.

Yes, we are pleased to say the matter has been settled to our entire satisfaction, having received the news that we have won the cannon and that it has been forwarded to us. We send you by this mail one of our local papers, which will give you some of the general facts connected with the contest, although a number of the leading dailies are giving quite full accounts of the same. Our people are very much delighted over the prospect of having the cannon.

With best wishes I remain,

Sincerely yours,

E. K. Warren

Pres., Village of Three Oaks.
The Flattening of Other Opals

Dear Sir:

Your very kind explanatory note of the 16th inst.

Please accept change for the same.

We are very pleased to see the greater improvement getting to our

self-satisfaction, having received the news that we have now the

opportunity to supply you with a sample of the best pants we have ever

been able to make. We have worked on this project for some time and

have been able to produce a number of the pants. The pants are

finished at the high quality level and will be sent to you as soon as

they are ready.

After that I expect to return.

Yours truly,

[Address]
Palmer, Mass., July 20, 1899

Maj. Gen. O. O. Howard:

Dear General—

You will pardon my liberty in writing you perhaps when I explain that I am the husband of Capt. Ware's sister in whose behalf you have so kindly interested yourself at the instance of Sen. Frye. Since Mrs. Ware wrote to the Senator I have received a reply to my telegram of July 14th asking information in regard to Capt. Ware. It throws no light on the case at all. It is from Col. H. T. F.,
24 Jly. Commanding at Fredericksburg.

From certain data on back of my letter of inquiry I judge the report given me was at the instance of Dr. Moseley, who I presume is the Surgeon who makes the accusation.

It simply says Dr. Ware showed signs of insanity in Nov. last and again in June, but now appears all right.

It is singular that a man showing such tendencies should have been left in charge of hospital as he has been, should have been obliged or allowed to serve on several Courts Martial, should have attended to all of his duties without cause of complaint and been trusted so many hours.
out the day if his health was broken.

Dr. Ware has never uttered
a word of complaint nor
does he indulge in any
charges against his Superior
except to deny charges made
by one.

I have his letters
written 7/8 1/2 7/8 all showing
perfect family and never
any communications from
their shown anything else.
The first charge made was
drunkenness but they found
he was a man who never
tasted liquor in any form.

He is a man who never
Presents the Club, plays golf, and the like which may account for some of the feeling. His medical record is unimpeachable, graduating #1 in his class and passing his army examinations, without college training. While not a Christian he has ideas of right and truth are high and his faith in Eternal justice and his own vindication are strong. I have known him for ten years and during that time as in his previous life his record is clean. My only fear for him is in the nature of the charge it leaves a man defenseless and nothing he may say will count in his favor.
Palmer, Mass., 189

If the report is true and he is in the wrong no one will acquiesce in the decision of the Court more quickly than his friends. An ex-parte tribunal is not always sure to mete out justice however especially in army life. Of this we have had abundant evidence in the case of the Maj. Gen. Commanding the Army. You know Mass. is very loyal to Gen. Miles and we believe that his vindication is near.
press my personal thanks for your interest in this case and to assure you that any weakness you may have is physical and not moral.

Now will you ponder if I say at this time something that has no bearing on the case in hand and which it is not my intention should have; that is to tell you the inspiration your own career as a Christian man in the midst of the temptations and trials of Army life, your quiet acquiescence in what seemed to me as an injustice in Army preferment and above all the Constant
Example you have set
young men to always
stand up for the right
under all circumstances.

It is life more than
profession that leaves its
impression upon the mind
of the young man and it
may be a source of pleasure
to you to know that one has
studied your life with benef
to himself. You will
forbid my abuse of your
time to read this but I wished
you to know all possible
about Dr. Hunt. Sincerely yours,
D. L. Bodfish.
Long Beach, Wash. July 21

Maj. Gen. N.C. Howard
Burlington, Vermont

My Dear General,

It has been so long since I have heard from you, how is your health any way? It is too bad that I cannot get to see you once in a while. I am here with my dear old wife. I will be here with my aged wife until the end of Aug. My children are now all married, we are all alone I am 78 years old since the 12th day of Jan last, my dear wife is 67. The Lord has blessed us in every way. I look back with dear recollection of my connection with you, yours
Dear Professor [Name]

I am writing to express my deepest gratitude for your generous support and guidance during my time at the [Institution]. Your mentorship has been invaluable in shaping my academic journey and in fostering my interest in [field]. I have been honored to have you as my advisor and your insights have been instrumental in my growth as a researcher.

I am currently working on [project/thesis], and I am excited about the potential impact it could have on the [field]. Your encouragement and feedback have been crucial in keeping me motivated and focused on my goals. I am confident that with your continued support, I will be able to make significant contributions to the field.

Thank you once again for your time and attention. I look forward to the opportunity to discuss my work with you in the near future.

Sincerely,

[Your Name]
good counsels to me, together with your good influence, as never left me. May the dear Lord bless you and keep you. I wish I was as sure of heaven as you are. I humbly ask for to be remembered in your prayers. I am at a great distance from you but the Lord will hear you. We are both nearing the end of our journey. God helping us we will be faithful on to the end. I hope when these few lines reach you, they will find you and yours enjoying good health. With plenty of good wishes I remain as ever your true and faithful old Scout, Captain Edward Chambreau.
LINCOLN MEMORIAL UNIVERSITY

Gen. O. O. Howard,
Burlington, Vt.

Dear Gen. Howard:—Your letters of 7th and 12th have been received, and the several matters pertaining to the University referred to by you have been considered at a meeting of the Executive Committee.

Mr. Kehr.

We considered very fully Mr. Kehr's proposition to move here and establish some department or departments of industry. It is the unanimous opinion of the committee that we would not be justified in telling him to come and attempt to carry out his plans until the debt against the farm is paid and funds in sight to pay the teachers and other expenses the coming year, such as grading the new road to the farm, repairing water-pipes and the pumping engine, getting the buildings in good order, buying some more school desks &c.

There must be about $6,000 more due on the farm, and we estimate that it will take at least $5,000 more to pay the teachers and other current expenses.

As you say, his salary should be provided for before he comes, because with a family of wife and several small children to provide for, he would very naturally need his salary as fast as earned, especially when he has no other income.

We also do not see any reason to furnish the money he would need at once to move his family here and to procure something in the way of an equipment for him to be prepared to do some work after he came. We think that the first thing to do is to pay the balance of the debt, then secure the funds to meet the expenses of the work already laid out, and not employ any one at present to attempt new work unless he assures us that he can raise the funds to carry his plans. We all know that Mr. Kehr has not been successful in that direction. I have written him about the same as I have written to you, trusting that he will clearly appreciate the situation.

Mr. & Mrs. Lawrence:

After considering carefully the complaints against Mr. & Mrs. Lawrence we thought it best to tell them plainly all about it, and Mr. Overton and myself have done so. We have told him everything and then asked him to suggest some plan that would remedy matters. Mr. Lawrence is very positive in stating that they had in every way tried to the best they could to attend to their own business and had not intentionally done anything to hinder or delay.

As I wrote you June 28th, I still hope that I was in error in
TUNELL.

Commander G.R.T. Head, July 5, 1940.

Gen. O. Howard, M.Eng.

Subject: Final contributions to the University.

Dear Gen. Howard:

Your letter of June 18, has been read with great interest.

The problems and business of maintaining our instruction and facilities are not easy for the University to finance, and we have been considering a method of raising the needed funds.

We have approached various local organizations, and have received some expressions of interest and willingness to contribute. We have also been considering a public appeal, possibly in the form of a special day of contributions, or a bond issue.

There may be several ways to approach this matter. If it is decided to go ahead with a public appeal, we will be willing to assist in any way we can.

We have been in touch with our own financial situation, and we believe that we can meet our current obligations. However, we are always interested in hearing about new possibilities for financial support.

As you are aware, the University's operations are dependent on the continuous support of our alumni and the general public.

We are always willing to discuss any matter that may be of interest to you.

Yours sincerely,

[Signature]

[University Name]
thinking that they were inclined to oppose and delay our plans. We do not see how we can make any change just now, we do not know of any one whom we can secure to do the work that Mr. Lawrence is doing. Under all the existing circumstances we would be glad if some one could have been secured to fill their places, but we do not know of any one who can be engaged right now, and there is still considerable to be done to get every thing ready for the opening of next year's work. We did hope that Mr. Myers would have influenced them to withdraw from the work, but he has not done so, and now seems to be inclined to have them remain. We do not think it would be good policy to wholly disregard his wishes in the matter, after he has done so much in founding the work here, and especially just now while we are still struggling to pay the debt and make a start on an endowment fund. We certainly need the co-operation of all our friends in the East to accomplish what we desire. We also hoped that Dr. Larry or some other good man could have been secured to come here and assume full charge of every-thing that would simplify matters very much.

As it is we will do the best we can and are confident that we can arrange the work so that there will be no friction.

We hope that Col. Adams will reconsider his anticipation of severing his connection with the work as every one here was much pleased with his interest in the work. We want to assure him that no one has been retained on account of favoritism, but that we are anxious to do the best we can with the material available to have a good school. We believe that being right here on the ground we are better able to judge of what is most economical to be done.

CONTRACTS WITH TEACHERS:

We note what Col. Adams has written to you in regard to this, and your reply to same.

I enclose one of these contracts (the one with Miss. Fairchild) which is the same as I sent to all the teachers. They have all signed and returned them except Miss. Treat, who did not at first accept the terms of compensation. I have received a letter from her stating that she would now accept our proposition and that she would sign and send me the contract as soon as she returns to her home.

We are very much surprised that any complaint has been made about the requirements as no objection has been made to us.

You will notice that we do not oblige them to any certain church &c., but that we expect them as far as possible, guided by their own judgment, to attend religious services &c.

They have always had the option of attending church or Sunday School where they choose, but we think that they ought to attend somewhere every Sabbath, as that is what we require of the students.
Gen. Howard #3
and they ought to set the example.

PROF. WEAVER:-
I received a letter from him a few days ago stating that he was recovering and hoped to be with us in a short time to resume his work in the school. WE regret that more field work is not being done and that on account of his sickness the printing of the catalogues has been delayed; we have not received them yet and school will open in about six weeks.

Mr. Myers is out most of the time. Some of the boys are already coming in to arrange to come to school.

DONORS SUBSCRIPTION BOOK:-
We have had some nice subscription books made, in which can be entered all the donations to the school, showing every amount received during the year, the name of the donor, the date of his gift, post office address &c. Would you like one of these books showing all the donations received from all sources last year?

By the way you did not yet send me a list of donors and their addresses from whom you collected in April and May. You sent me only the total amount collected.

Please send your report for June and oblige.

To pay those who are working on the farm and about the buildings and for material it will require about $300.00 Aug. 1st.

Please request Col. Adams to deposit that amount in the New York bank to my credit.

We borrowed $125.00 at the bank here to make the first payment on the tract of land in front of the Four Seasons. This can be paid any time we have the money for that purpose, or we can renew the note. If you have it to spare now then add the amount to the $300.00.

General, I wish it was convenient for you to come down and stay a week or longer before school opens and see the students when they come. Can you not arrange to be here when school opens?

Sincerely yours,

Chas. St. Eggle Sec'y.

P.S. Please return Mrs. Farnsworth's contract.
You may send this letter to Col. Adams to read if you choose, as I have not written as length to him.

Of Eggle Sec'y

September 10, 1923

Dear Mr. Andrews,

I am writing to you from the hospital where I have been staying for the past two weeks. I had a terrible accident last week while working at my job as a nurse. I was injured on the job and had to be taken to the hospital. Since then, I have been unable to work and have been living on my savings.

I am writing to you because I am in serious financial trouble. I do not have enough money to pay my bills and I am in debt to the hospital. I am trying to find a way to get back on my feet, but I am not sure what to do next.

I was wondering if you could help me in any way. I am not sure what you can do, but I am hoping that you can offer some advice or guidance. I am grateful for any help you can provide.

Thank you for your time and consideration.

Sincerely,

Emilie Wood

July 26th at 3:30 p.m.

To Mrs. Russell,
my thanks for
photo. address.

July 22nd, 1899.

Mrs. George W. Hammond.
July 24, 1899.

My dear General:--

Your letter came this morning. What a time you must be having! I have just learned that William George Jordan, editor of The Saturday Evening Post, has recently left the paper and gone elsewhere. This probably accounts for the reason you have not heard about your other article. I will write to Philadelphia and look the matter up. Did they accept your "Issues of 1900"?

My uncle is improving. He leaves Thursday or Friday for the White Mountains in company with a doctor and a nurse. I shall leave here Thursday to go to Worcester to run things and return the following week. I have succeeded in running it smoothly although part of my time has been spent here, and have been able to show a large balance at the end of each week to my uncle which has served as good medicine. He will probably resume his responsibilities by the first of October and then I shall be able to devote all my time to the work here. Thank you very much for your letter to Dr. Halsey. The committee is still at work and it has not reached any decision yet. If I can get that position I shall be fixed fine and my connection with the Church News Association will continue. We have just paid a 10% Dividend for 1899. Those who put in their money three years ago have had it more than doubled, but of course their ownings are on a small scale as we are not a big concern. Shall be glad to see you at any time and let me know if I can do anything for you.

Very sincerely your friend,

P.S. If you come down here work at my room where you will be. Don't go near the office as Carr is still on leave. Be careful of the range of an explosion & it is quite sensitive external matters.
May we meet some time soon. What a fine you must be.

Having I have just learned that William Green, your brother, and one of the trustees of the church, has not been accorded your honor. I will write to Philadelphia and look the matter.

My name to be your "Instructor at 19005"

My name to be "Instructor at 19005"

To the meeting of the church at Philadelphia and a future.

If I can get that position I shall be happy to leave and my next position with the church's affiliation.

That having a date of December 1899. I am not to date, and I am not to date. I am not to date. I am not to date.

May we meet some time soon.
Chicago, July 24, 1897

Dear Mr. Howard,

I am pleased to hear from you and your kind reply to my letter. Your letter is of much interest to me, but from its character it is evident that I did not make my question clear to you. I trust that you will bear with me while I try once more.

In a volume of history on the Battle of Appomattox Court House entitled "The Great Rebellion" by Appleton, on page 405, address the following statement:

After
deciding, let me attempt on the Lord to cut our lines he further writes “Divots Cav” which had reached the battle field the coming provos x x was sent around the far end right to accomplish the same purpose x x. The movement of these troops were fortunately discovered by Gen. Howard from his elevated position upon Cemetery Hill. Ed. Pro Moclue was immediately notified. The inquiry I desired to make is, at what time in the afternoon did your first made the discovery referred to in the above paragraph ?

trusting you Ed. of finding the favor of a reply I am yours truly

Lincoln Memorial University,  
Cumberland Gap, Tennessee.

Lakeside, Cook Co., Ills., July 24, '98.

Major-General O.O. Howard,

158 College St., Burlington, Vt.

Dear General:

I have received your letter of the 12th inst. and have also since received a letter from Mr. Eager stating that the Executive Committee has voted unanimously that it would be unwise to assume any additional financial responsibility at the present.

In accordance with the suggestion contained in your letter, I have in mind going to the Gap on my own account, with a view to taking up some part of the work. I think that through my patent practice and in other ways I can for the present make my own living.

I now have a client at Buffalo, N.Y. who has several inventions which he wants patented, and there is another man there whom I wish to see in regard to some inventions. These things may go a long way toward making up my year's expenses, if I handle them properly. I can do this better if I go to Buffalo. Perhaps you will be willing to help on these matters by letting me have your Nickel Plate pass for a trip. If you send the pass, I suggest that it come in a registered letter, and make the address full—"Lakeside Cook County, Illinois". I shall be ready for this trip in three or four days.

Very truly,

[Signature]
LINDON MEMORIAL UNIVERSITY

CUMBERLAND COLLEGE, TENNESSEE

Lakeville, Cook Co. Ill. 1910, July 19, '10

Dear General

I have received your letter of the 15th inst. and have
after due consideration a letter from Mr. R. B. Johnson, agent for the week of
the Tennessee Historical Commission that it would be proper for me to
execute the work in connection with the survey of the Tennessee Historical
Commission. In connection with the survey, I have to go to Peoria, Ill., and
it will be some time before I can return. I have found in the papers,

journals and letters of the late Governor, Mr. W. H. Panco, a compound which
is supposed to be the original letter of Mr. W. H. Panco. I wish to see in regard to some
information. I have been in the United States Navy for ten years and
have been in the Pacific Ocean for many years, and I believe that
the government of the United States, in my experiences, I believe

property. I can do this better if I go to Peoria, Illinois, and
will be willing to help on some matters of detail that you
might desire to have a draft. I can see that you are interested
in the work of the Tennessee Historical Commission, and
these papers may be of interest to you.
