Dear Father:

I would certainly like to go South with you & can arrange to leave here for N.Y. on the 21st. to meet you, but would much prefer to go a few days later if it would make no difference with you. However, I can rearrange my work to suit your convenience.

But please let me know in time i.e. as far ahead as you can.

Gertrude & I believe are spending a week with us. I all are well.

Send love to you, Mamma & all. Your loving son, Chas. E.
Dear Father:

Your postal card read insurance at the age 28 for 1000 policy to be paid for in 10 payments would cost $39.27 per year, as marked on enclosed card. The company will not continue to issue any more policies like this after much longer. They have had their policy Holders Meeting and decided to amend their Constitution as soon as same is on file with the Sec. of State (at Harrisburg, Pa.) Their charter number all of its agents will be notified to take no more applications except at the new and higher rates; in December case it will be $51.92 per year or $418. if paid up all at once.

Dear Sir:—I tried to visit Maine and shipped on the Portland steamer last night, but our attempt was vain and after 12 hours, we are landed in Boston. One read in the SS. Blanchard's office, as you see by the list. You will get a lunch, but you owe a few pounds for you. Shot him for you. I am going to the Gap. He said, come here to try and come here first. And personal etc. Is a great power etc. I presume he will until you his ideas. I hope you will find Mr. Miller the
Dear Sir,

If you want to raise money, you are a pretty good judge of men and ought to know he is capable.

I have been busy this week, as you know, and have been up a press for the larger work in Paris. I hope to get my hands at a handson sheet in September.

Will write again as soon as I return from my return to Paris, which will be before Sunday morning.

Address me when at 14 Richmond St.

Yours faithfully, John Hale.

My Dear General:—

I called on Mr. Larry yesterday in Providence but found that he was out of town. In calling on Mr. Blanchard this morning, he informed me that Mr. Larry was at his place yesterday waiting to see me. We hope to however make connection Monday or Tuesday of next week. Mr. Blanchard expressed himself very willing to assist me all in his power. Will write you again next week.

Yours very truly,

My dear General:

Your esteemed favor of August 11th just received.

It seems as if Fate were continually stepping in my way to frustrate desirable ends.

I received a telegram yesterday which necessitates my going immediately to Colorado to attend to a mining matter there connected with the estate of W. C. Andrews. It will require at least two weeks for me to make the trip and attend to the business and consequently I shall not be able to meet the appointment in accordance with your letter. I assure you I regret it very much for I would consider it a great treat to go to Gettysburg in your company and look over the field.

However, I trust that this may be simply a deferring of your kind proposition and that some day later in the month or next month we may be enabled to take the trip which you so kindly offer to make with me.

Regretting very much the intervention above stated, I remain, with high esteem,

Very sincerely yours,

To

Your estimate of August 1st was interesting.

I have a letter from the Secretary of War, Mr. [Name], who states that he has ordered the 2nd Regiment to report to you as soon as possible. He also expresses the belief that the 2nd Regiment will be sent to Europe as soon as possible.

I have been requested to forward this letter to you. I trust you will take the necessary action to ensure the proper handling of this matter.

Very sincerely yours,

He has preached here three years, so we feel we know him very well. They do not propose to be married very soon, I believe.

This came and stayed over Sunday with us. He appears to be prospering—We suppose David must be in San Fran. before this. Thank you. An offer than we do. I hope you are all well this summer. I was glad to see any of you whenever you can come.

Now does the “University” flourish? I wish I could send you a check for $1,000 for it—With love to all.

It was too bad that when you were so near, as you could not have given us the pleasure of a visit; but I thank you for your good intent. We hope we may see you before very long.

I find myself wishing I could talk over matters with you.
I do not know what is best for Rowland to do. He has been a year in Fryeburg Academy and done well I judge, in his studies, but he is not ready for college. He will require another year's preparation certainly. Then come the four years in college and then I do not understand that he is ready for work — I have not the means to send him to school so many years — he thinks he will teach school this fall and I approve of that. He will find out now better what he knows and learn more than he can in any other way.
I do not want to trouble you with this, but if anything occurs to you, as good for him, please let me know.
Ella is exploring new fields of knowledge — she has become engaged to our minister, Rev. Edwin R. Smith. She does not feel quite satisfied until she has his uncle Otis' approval.
Mr. Smith is the son of a minister, a friend of Rowland's.

Need it not for myself, but the printers etc. I expect to see Mr. Miller today, he called Tuesday when I was in Boston. If I do not see you before you go to the Cape, I wish to send my regards to there. I met there I came thinking of them.
And make my vacation time 5 January. The

Providence, R. I., Aug. 14, 1899.

Dear Gen. Howard:—

Mr. Miller with his employer, Mr. Denforth, have been here today and we have gone over the subject of raising an endowment, etc., very thoroughly. I think him admirably adapted to approach men of means and include them to aid the work. It seems to me that Mr. Blanchard being a business man...
he wanted to be able to satisfy himself in regard to the legality of the parties. I told Mr. Miller that if you were satisfied and Mrs. Blanchard made no objections, I thought there was no risk in having them undertake to raise at once some of the tax but that when a certain limit, enough for a starter, was raised as you suggest, the Directors should be called together to endorse the method etc. Payment should be made only in Checks, payable to you. This should be on the subscription blank.
I found this will think it will cost considerable, but it will not cost so much as the time is worth in which we are keeping the work waiting for the funds. I had but one cut of STL Hall. I let him have it for a day. I must have it back for use in matters I am having printed. Letters, headers and folders. I think if he goes at work at once I may be able to open STL by February, perhaps sooner. I want to get it so that it will enter into a good

All through the winter I was up and down with neuralgic pains, I went to California and organized my health. I changed stations upon my return from Fort Sherman to Fort Wright as this post is now closed. I found a Chaplain here in command named Joseph B. Batcheler Jr. This regular individual I come to know much about. He was not loud and in front. One of the arts of this kind of matters was to place me in arrest because I coughed at the train as I wished to go to town, and as I had asked permission for transportation to do so in the most proper full manner after repeated refusals. Will I waited patiently, and kept still. Batcheler was relieved of command and sent to Manila. I am still here.

My dear General

I am sorry there has been any delay in respect to the $200, but you will remember it was with much regret that my conscience allowed me to reach the final point, and only then when you made the terms so easy, and I could comfortably await the outcome of certain pending matters which I had expected to reach their "cask" termination a week ago. The Court officers decide, however, that 30 days must elapse before they can reach a judgment. When they do I shall be able to hand you the amount of my subscription, and if in the mean time I can send you anything in account I will do so. Very sincerely yours,

Dear Sir,

I am writing to express my concern about the recent developments in our community. I believe it is essential that we all work together to ensure the safety and well-being of everyone.

I have been closely following the news reports and feel that it is important that we take immediate action to address the situation. I am willing to help in any way that I can to support our community during this difficult time.

Please let me know how I can be of assistance.

Sincerely,

every day. He bought a "motor" to run the Dynamo
last Friday. — He is very contented now that
his friend, S. B. Jenkins, mechanical engineer
supervisor of those, is coming to him permanently
with him and work with him. — This was cor-

his business relations in Boston and has cut loose
and will work henceforth, shall he, with Mr. R. in the technical side of things. You
can imagine what a relief this is because Mr. J.
is a man who Mr. R. knows and trusts deeply
in technical detail.
