My dear General

Your favor of the 25th with
letters of Sherman & Scofield at
hand. I regret taking these from
you for I fear you had them
put away to keep. If you
should need them please say so and
they shall be returned. Many thanks.

Col. Haskell is out of town
to-day, but I do not think he will
object to the use of his name on the Carnegie
letter. Mr. Laban Pratt gives the use of his
name. All at home send love to you & yours.
It is very cold here to day, but no snow.

With regards Very Sincerely

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the matter of the Young Men's Congregational Club, Boston, Mass. I am sorry to hear that you are unable to attend the meeting of the 12th inst. I am sure that your presence would have been most valuable. I am sure that the matter will be settled to the satisfaction of all parties concerned. I am, Sir, very respectfully,

My dear General:

Your letter of the 26th duly received. In regard to the Standard Gas stock of which I spoke to you when you were here, I am sorry to say that due to the bad faith and treachery of Mr. Sage the outcome of the disposition of the stock has not been at all satisfactory. The Estate has been subjected to a loss which I estimate at about \$200,000. and my personal affairs have also been subjected to loss from the same cause. This state of affairs instead of making me feel "flush" and liberal has a contrary tendency.

It seems that Mr. Sage has not got enough of this world's goods and by breaking promises which he had made to me and to other members of the company he added to his own store about \$400,000. This amount which he acquired by the sale of his honor without doubt he will use as a "Peter's pence" to get through Purgatory.

I have not yet got far enough along in my personal affairs or the affairs of the Estate to know where I stand, but, upon the whole, as I have an institution to found and to take care of

In this matter if I am unable to do as I hope or would like to do
you must charge it up to the fat bank account of Uncle Russell and
some time when you are down here ^{we} you must go over and make him a

Dear General:-

your very
Welcome letter duly received.

I rejoice that I shall have such a
strong advocate and friend at Hdqrs.
and I expect great things from you.

I hope my dear General Howard, that you
are not making this long journey solely
for me, as I think too much of you
to put you to so great an inconvenience
as to leave your comfortable home, at this
inclement season, notwithstanding
the great value that you will be to me.

I do not know how to thank you
adequately for your constant kindness

I spoke to wife of your intended trip
and she at once said, "tell General Howard
that he must stop here on his way."

I should like indeed, very much to see
you my dear friend, always at any
time. You know that you have a
standing invitation here. As they
say in Kentucky "the catch string hangs
on the outside" or in Cuba "this is your
house". If you cannot stop here on
your way, please let me know when
you will be in Washington and I will
have a friend meet you at the depot.
With kindest regards for yourself & family
I am ever gratefully yours

Charles R. Gill.

CRIPPLE CREEK, COLO., Jan. 30th. 1900.

Dear Uncle Otis;-

I had hardly gotten back before I was nominated on the Republican ticket for County Judge. The nomination was by acclamation and the defeat was just about as easy. The entire ticket was defeated in this county. I had saved about a thousand dollars and it all went; not all for campaign purposes but the extra expense and the assessment of six hundred dollars helped it along.

I am practicing law but find it harder than I thought to pick up again my scattered business. While I was away, my best friend here, a man about my own age, with whom I have done a great deal of business in the past, obtained a lease on a gold mine and is now on the broad road to great wealth. He has been very kind to me since I got back, but gave me the comforting information that had I been here and not in the army I would probably have had an interest in his lease. That only shows that we do not always know what is best for our individual interest. I do not regret the army however.

I have made up my mind to make an application for a Federal appointment of some kind and that the only method that will succeed is to bring the proper influence on Senator Wolcott. I believe I can do that in Colorado, as my acquaintance is quite extensive and I can get recommendations from the judges of the different Courts and a large number of influential men.

What I will have to do however is to make an application for a particular position and you may, through some friend at Washington, be able to help me by finding out what, if any,

position,for which I have the capacity,and which would suit me is open.

As I have now spent some sixteen years,except the sixteen months that I was in the army,in the study and practice of law,I would,naturally,like best a judicial position or one in which my years of study would be of advantage. Next to a judicial position I am best fitted for a Land Office,as I have had more or less experience in Land Office matters in my practice here. I would gladly accept a consulate,and believe that I could easily and quickly learn the duties. Failing in all of these I would be glad of any position with a salary in it,that I could support my family upon and perhaps lay aside a little for a rainy day. What would please me most would be to go to Honalulu or some of the Sandwich Islands. I would be willing to go to Manila,and it may be that the government is organizing or about to organize civil courts there. I got so, while in the Philippines that I could speak Spanish fairly well and in a short time I could perfect myself in the language. That might be of advantage in New Mexico or Arizona.

I write all this that you may advise me and help me to determine on a line of action. After I do that I will go at the thing systematically from here. If you cannot easily ascertain what may be open please do not go to any trouble in the matter.

Jennie has to install
the "Loomobile" to
exhibit too and that
will give him more
work to do in Paris.

We have arranged for
our house, as I planned
in the beginning. Two
friends of ours, a father
and his son are going
to sleep here and
Annie will take care
of the house in the
day time.

We have engaged our
state rooms for

Tuesday,

1900

Dear Father —

I loved Father Mr.
Chamnet's letter Jennie
and I have read it.
As Jennie shall probably
have to stay longer
in Paris than me
at first anticipated,
he may have time
to see the Chamnets.

March 6. on the Laule. They are
in the middle of the boat and no
one should be seen sick there. How-
ever, I do not know what I
may do.

We enjoyed Capt. Gray's visit very
much, wished it had been longer.
Hildrey did give us a little fright.
She is sick again and it seemed at
first like measles, but the doctor
said to-day, he hoped to have her
all well again to-morrow. While
measles are nothing very dangerous
as a rule, it would be very un-
venient time for her to have them
now.

I enclose a letter or part of a letter
which Alice sent us to read and to
return to you.

We shall be glad to see you on your
way to or from Washington or both.
Gabrie has gone to Lowell Mass. to
give an address. With love to all
your loving daughter
