My dear General,

Your favor of the 25th with letters of Sherman & Scofield at hand, I regret taking these from you for I fear you had them put away to keep. If you should need them please say so and they shall be returned. Many thanks.

Col. Haskell is out of town to-day but I do not think he will object to the use of his name on the pay of letter. Mr. Laban Pratt gives the use of his name. All at home send love to you yours.

It is very cold here to day but no snow.

With regards Very Sincerely

Maj. Gen. Howard

Dear Sir:

Last October you kindly expressed a general acceptance of the Club's invitation, but were unable to fix a date.

Can you be with us at Hotel Brunswick on the morning of Wednesday, July 28, or Wednesday, March 28?

An early reply will confer a great favor upon us.

Yours very truly,

James P. Frenci

My dear General:

Your letter of the 26th duly received. In regard to the Standard Gas stock of which I spoke to you when you were here, I am sorry to say that due to the bad faith and treachery of Mr. Sage the outcome of the disposition of the stock has not been at all satisfactory. The Estate has been subjected to a loss which I estimate at about $200,000, and my personal affairs have also been subjected to loss from the same cause. This state of affairs instead of making me feel "flush" and liberal has a contrary tendency.

It seems that Mr. Sage has not got enough of this world's goods and by breaking promises which he had made to me and to other members of the company he added to his own store about $400,000. This amount which he acquired by the sale of his honor without doubt he will use as a "Peter's pence" to get through Purgatory.

I have not yet got far enough along in my personal affairs or the affairs of the Estate to know where I stand, but, upon the whole, as I have an institution to found and to take care of
it is a question in my mind whether Charity does not begin at home. In this matter if I am unable to do as I hope or would like to do you must charge it up to the fat bank account of Uncle Russell and some time when you are down here you must go over and make him a call and ask him for a contribution equivalent to the amount which he wrongfully and indefensibly took from me and the Estate, which he will, of course, gladly hand over to you.

Regretting that I am not in shape to do anything, I am, as ever,

Your friend,

General O.O. Howard:

Your letter of Jan 22 was duly received in answer to my inquiry as to the first day battle of Chatanoga. It satisfies me that the Deputy Correspondent's statement is correct that the Confederates again possession of Orchard Knob. The morning of the first day and no decision of any sort was made. Grant's Memoires states that one morning in full possession the 2nd day Battle I think you very much for your letter in answer to mine. It settles the question in my mind as full. I think well of the function you seek me out and later I think I will make a small donation for the Reformer Memorial at Leuton. Very truly Albertus Whitteard.

Dear General:

Your very welcome letter duly received.

I rejoice that I shall have such a strong advocate and friend at Washington, and I expect great things from you. I hope my dear General Howard, that you are not making this long journey solely for me, as I think too much of you to put you to so great an inconvenience, as to leave your comfortable home, at this unpleasant season, notwithstanding the great value that you will be to me. I do not know how to thank you adequately for your constant kindness.
I spoke to Mr. of your intended trip and he at once said, "Tell General Hume that he must stop here on his way.
I should like indeed, very much, to see you my dear friend always at any time. You know that you have a standing invitation here. As they say in Kentucky, "the latch string hangs on the outside" or in Cuba, "this is your house." If you cannot stop here on your stay, please let me know when you will be in Washington and I will have a friend meet you at the depot.

With kindest regards for yourself and family, I am very faithfully yours,

Charles R. Gill.

Dear Gen'l Howard.

I have reached Boston and find your letter of the 25th.

I left N.Y. three-loads and shall probably be here several days. I saw

Dr. Wesson of Springfield Mass. for just a moment. Left him a circular and told him I thought

you would write to him. He ought to give something to educate those in the Med. who use his remedies.

Had three Webbs dies-

and from Springfield.

P.W.

Morn of Worcester was out of the city when I called today. He
is in Chicago, but his head man, Mr. Stoddard, said he would try and arrange matters during the next few days so as to send 3 or 4 tons of barbed wire. This will be a needed gift just now. Wish you would write Professor Neff at Washington, D.C., Stoddard, just a word thanking him for his interest.

I will try and become a dynamo here. Would it not be a good plan to have a letter sent to Dr. Pearson this last of next month, signed by the Advisory Board, the Man of York, etc.? This time will be due for Berta the 1st of March. I told Col. Adams that I would not bother him with

Dear Uncle Otis;-

I had hardly gotten back before I was nominated on the Republican ticket for County Judge. The nomination was by acclamation and the defeat was just about as easy. The entire ticket was defeated in this county. I had saved about a thousand dollars and it all went; not all for campaign purposes but the extra expense and the assessment of six hundred dollars helped it along.

I am practicing law but find it harder than I thought to pick up again my scattered business. While I was away, my best friend here, a man about my own age, with whom I have done a great deal of business in the past, obtained a lease on a gold mine and is now on the broad road to great wealth. He has been very kind to me since I got back, but gave me the comforting information that had I been here and not in the army I would probably have had an interest in his lease. That only shows that we do not always know what is best for our individual interest. I do not regret the army however.

I have made up my mind to make an application for a Federal appointment of some kind and that the only method that will succeed is to bring the proper influence on Senator Wolcott. I believe I can do that in Colorado, as my acquaintance is quite extensive and I can get recommendations from the judges of the different Courts and a large number of influential men.

What I will have to do however is to make an application for a particular position and you may, through some friend at Washington, be able to help me by finding out what, if any,
Dear Mr. Gore:

I was recently notified that I was nominated on the Republican ticket for County Judge. The nomination was made at the Republican State Convention held at the Coliseum and the convention was held on the same day that I was elected to the County Commission.

I assure you that I will devote all my attention to the business of the County. I have always been a member of the Republican Party and I will not deviate from it.

I am not a man of business and I do not wish to be. My only desire is to serve the people of this county to the best of my ability.

I have made up my mind to make an application for a position.

I have been out of work for some time and the only way I can think of to make a living is to find a position.

I have been working regularly for the past few months and I believe I am capable of doing the work required.

I will be glad to have any information you can give me on the position.

Yours truly,

position, for which I have the capacity, and which would suit me is open.

As I have now spent some sixteen years, except the sixteen months that I was in the army, in the study and practice of law, I would, naturally, like best a judicial position or one in which my years of study would be of advantage. Next to a judicial position I am best fitted for a Land Office, as I have had more or less experience in Land Office matters in my practice here. I would gladly accept a consulate, and believe that I could easily and quickly learn the duties. Failing in all of these I would be glad of any position with a salary in it, that I could support my family upon and perhaps lay aside a little for a rainy day. What would please me most would be to go to Honolulu or some of the Sandwich Islands. I would be willing to go to Manila, and it may be that the government is organizing or about to organize civil courts there. I got so, while in the Philippines that I could speak Spanish fairly well and in a short time I could perfect myself in the language. That might be of advantage in New Mexico or Arizona.

I write all this that you may advise me and help me to determine on a line of action. After I do that I will go at the thing systematically from here. If you cannot easily ascertain what may be open please do not go to any trouble in the matter.

Very Respectfully, Your nephew

She is sick again and it seemed at first like measles, but the doctor said today he hoped to have her all well again tomorrow. While measles are nothing very dangerous as a rule it would be very much in her time for her to have them now.

Hoping to see you in your place at the time of the Conference,

My Dear General:—

I take pleasure in handing you herewith my receipt for the final instalment of your subscription to the salary of the President of Norwich University. In reply to your request I hand you the terms of agreement which you signed, presuming that the notice I sent you slipped your mind. I sent the notice for final payment about the first of June, 1899.

The President has survived the interim since the notice was sent. Seriously, we cannot express to you and others who have materially assisted during these three years the University at a time in its existence when it was being placed on a more thriving basis our gratitude, our appreciation of such kindly favor. I think your money was well invested.

Again thanking you, I am,

NORWICH UNIVERSITY

W. B. Brown

Northampton, Aug. 24, 1900

My Dear General:

I have pleasure in informing you personally of a matter of

the utmost importance. I have reason to believe that the

immediate removal of Mr. W. H. White, Assistant Professor of

history at Norwich University, is necessary for the proper

conduct of the institution. I have come to the conclusion that

his presence is detrimental to the welfare of the institution.

Therefore I request you to take the necessary steps to

remove Mr. White from his position at once.

I have also determined that the institution cannot

continue with the present faculty and am convinced that a

change is necessary to ensure the maintenance of a

standard of excellence that will be fitting for a college of

this character.

I have therefore taken this step with the hope that you

will see fit to act expeditiously.

Very truly yours,
