Burlington, Vt.

My Dear Sir:- Yours with circulars at hand. I am glad to hear so good a report as to the affairs of the University.

I start on Wednesday to New Orleans to attend the meeting of the National Editorial Association. I expect to be home again about the 8 or 9 of March, and certainly shall be glad to see you again in this city.

I notice that Dr. Pearson is arranging to make disposition of his property and I hope that he can be induced to remember the Lincoln Memorial University with the other institutions.

With kindest regards

Yours sincerely

My dear General:

I have been intending to write to you for some time but I have been unusually busy of late. I have seen many favorable comments about your article on Lawton in the Review of Reviews.

I will send you some more subjects in a few days as soon as I have a talk with some of those editors. I went over to your office at 156 Fifth a number of times for that Union League book, but found the door

My dear General Howard:

I duly received your letter of February 14th, and have looked, with much interest, at the circulars which you enclosed; and I return to you the newspaper cuttings, as you may wish to keep them.

In regard to your request for transportation, you will, of course, upon reflection, see that The Pullman Company could not possibly undertake to give free travel in its cars to even a small fraction of those engaged in benevolent work in the United States, and our business extends all over the United States; and, therefore, if there was no

at

other consideration in acting upon your request, it would be absolutely necessary to make the explanation to you which we so frequently have to make.

But my old personal relations to yourself make me wish to oblige you, and while I am not able to send you a pass, under the system which the Executive Committee of this Company wish carried out, I enclose tickets which will, so far as you are concerned, accomplish the same purpose.

I wish to assure you of my great sympathy in the overwhelming affliction which came upon you. I can well understand that it was a heart-breaking blow both to Mrs. Howard and yourself; and I sincerely hope the journey she is about to take will be of practical benefit.

Believe me,

If I have not written you it is not because I have lost interest in the work. A gentleman called here two or three weeks ago, saying he wanted to invest some money, in the kind of work you are doing. I advised him not to take the say so of any one, but to go and examine for himself. I wrote to Mr. Myers to meet him at the train, and he was to report in a day or two. EAST NORTHFIELD, MASS.

February 21st, 1900.

My dear General Howard:

I am writing to inquire if you have any material either in the matter of data or reminiscences regarding my Father's work in connection with the Christian Commission during the war that you would be willing to contribute in helping us in our preparation of his biography.

Of course it would not be necessary to have the material consecutive in any sense as we are bringing out the biography in periods of time, and wish to have as far as possible a large number of contributions from friends from which we can gather the principle events of his life.

We should very much appreciate your kindness if you could take time to dictate to a stenographer with the least inconvenience and trouble to yourself, such data as you think we could use, and kindly let us have a memoranda of the stenographer's time that we may not put you to any expense in the matter.

I regret as much as anybody that there is some clashing here now and then. But, Dear General I have earnestly prayed to be directed ~~by him~~ in this work, and have tried to do the best I could.

I still think that all will work out for the best in the end.

I understand that Bro. Myers has gone North.

New students are still coming in, and we are still taxed to the utmost to care for them. I have just made a careful estimate of the amount that will be required to pay salaries and bills that will be due March 1st. It will require \$1,300⁰⁰, which amount, please request Col. My Dear Sir.

You will remember when I met you and other Generals in Lincoln, during the canvass preceding the election of President McKinley - I spoke of the possibility of my writing the history of the Freedmen Association ("The National Freedmen Relief Association") in connexion with the Freedmen Bureau - during the winter I have been quite busy with the materials I have: I have the bound volume of "The National Freedman" of which I was editor, & much correspondence with the Superintendents & teachers sent to several Departments in the South, agents in the various camps of freedmen on the Mississippi: I have now completed the history up to March 1st 1865 - Your Bureau was organized, during that session of Congress, I have the published account of our officers meeting you in Washington & arranging

or rather classifying our work & defining - the proper work of the Freedmen Associations &c.

Can you give me the exact dates of your appointments, if you have any brief account of your entrance upon the work, I would be much pleased to receive it or any documents you may have bearing on the subject - my purpose is only to speak of the conversion of the Association, with our work and give credit to the Bureau for its ^{valuable} assistance. I have now 169 pages completed - I think of submitting the MSS to some Chicago publisher & with your valuable endorsements, I believe it might be regarded favorably - I would ~~would~~ like to submit to you what I have written if I could conveniently do so - I read with much interest your article on Gen. Saxton, do you know the Gen. Nathaniel Hawkins, who made so grand a charge at Santiago? ^{he} is a cousin of mine & I think Col. Hawkins who died on the way from Manila was also a relative.
