My Dear General:—I was a member of your brigade at the first Bull Run. You probably do not recall a drive the Sunday following, from the Scott House where you were holding religious services, to your headquarters in the matter of a leave of absence for Captain Sherwood of the Fifth Maine who was severely wounded. It was your humble servant that drove you over. I have a son living in Maine who is a most enthusiastic "Son of Veterans." He is endeavoring, for a very laudable purpose, to secure autograph cards to fill an elegant autograph card album of soldiers of the Civil War. He has secured a very large number including nearly all the General officers now living, as well as a number of comrades such as McKinley, Dewey, Harrison and others who have attained high distinction in civil life. He is very anxious to secure your autograph card for this album and I write you in his interest. Will you oblige me and please him by writing your autograph on the enclosed card and return to me.

Yours very truly,

John O. Winship
Dear General:

I was a member of your platoon at the time of the Great War. You property go on record as having the Speedway following from the north home where you were potting artillery shells. I was your platoon adjutant. The platoon and my platoon were severely wounded. It was your platoon regiment in the matter of a fire of enemy gunboat of the 7th Lth Battery and was severely wounded. I was a platoon adjutant. To have a son living in Maine who was a mortar - for home grove your order. I have a son living in Maine who was a mortar.

Theodore "Son of Veteran." He is endeavoring to fill an empty section and is being transferred to service another career to fill an empty section and all. It was your platoon regiment in the Great War. He has come in a very large number of members of the platoon who are living as well as a number of comrades such as McKinley, Dewey, Grinnell and others who have

Major General O.O. Howard,

My dear General,

You will of course remember speaking and writing to me at different times about the trouble in our Home Missionary Church at Tryon, N.C. I understood perfectly that you were considerably annoyed by the complaints made to you as President of the C. H. M. S., and set myself to work in earnest to learn the real condition of things. My first move was to stir up our Executive Committee.

After hearing all there was to be said, the Committee voted to send our good brother, Dr. J. D. Kingsbury, down there to make a thorough investigation. He attended to the duties assigned him, and finally reported as follows, viz:

"I visited Tryon and went from house to house making searching investigation. I found that Mr. Brown, who made the complaint, had been so long a thorn and source of trouble every way, that by an almost unanimous vote he had been excommunicated from the Church.

The vote was entirely unanimous with the exception of a few who wanted to give Brown a little more space for repentance, and possibly one man who voted for Brown with no reservation. I found that Brown's allegations were not true.

The pastor has done a good work. He is an able man, has built up the strongest congregation in that section. He has some infelicities, owing probably to a physical weakness from partial paralysis. According to his own statement this occasions a certain irritability which he deeply laments.

Perhaps owing to this, there was a feeling in the Church that he should lay aside the pastoral work, which he has done.

He had tried to work among the native population, but his health was not equal to much more than his pulpit work.

The man who succeeds him will have a grand opportunity in a strong, united church, and in the field of work opening among the "Mountain Whites".

I consulted all the members, and the testimony I gained was all our way, with the exception of one man, who is a bosom friend of Brown." 

Sincerely yours,

J. William Rice

My dear General Howard,

We are now so far along with our church building project that we hope to break ground soon and build this summer.

The second Sunday evening of May, the 10th, there is to be a meeting held in the Madison Avenue Presbyterian Church in the interest of our building fund. The pastor of that church, Dr. Johnston, will speak, and some other good men, perhaps Dr. Babcock, pastor of the Brick church. But whatever else we may have our board of Trustees would very much like to hear you speak. There would be many who would be glad to hear you, and I know that your commendation of their work would be felt.
ful. We have never yet made any personal appeals for aid, but we think we ought to let the friends of the Kingdom know what we are trying to do, and thus give them a chance to share our burdens and blessings if they will.

I trust it may be possible for you to help me on that occasion. Hoping for a favorable reply, I am,

Sincerely yours,
