Gen. O.O. Howard;
Honored and dear Friend;

From Mrs. Lansing's letters I am pleased to learn that she has had the privilege of meeting you and several other gentlemen of the Board of Trustees now in Cumberland Gap. This is a real gratification to me and very enjoyable for her. She has a passion for missionary work which I know is congenial to your own feeling and she is on the ground there, moved by the same spirit and purpose as that of yourself and your associates. That I here, have a portion of the same feeling may be inferred from the fact that yesterday being our Foreign Missionary day in the church of which I am pastor, we there at that time initiated a movement sure to be successful, by which our church shall have a Hospital in China. Already one of our officers has one there and we think a second would fall out to the furtherance of the Gospel.

Mrs. Lansing in detailing the many pleasant interchanges which she has had with you and the other gentlemen of the Board has remarked incidentally that she thinks you may have felt a degree of pain at something which I had written to you about the Cumberland Gap work. This suggestion she did not amplify nor did she say that you had indicated this in any word you had spoken. But I am only too glad if such is the fact, to have such an inking of it that I may make haste to assure you at once of my regret and of the certainty that it was farthest from my design to inflict the slightest wound upon your noble and heroic spirit. I do not know that there is anything for me to explain and I do not know that her apprehension is true. But I do know that for you in common with many of your fellow Christians, I entertain a respect so heartfelt and a confidence so genuine and profound that I would not willingly give you a moment's discomfort. I hope that while you are at the Gap, Mrs. Lansing will see you often since I am sure it will give her much pleasure and I hope it may inure to the furtherance of the important missionary endeavor which you and she and others are now putting forth in that very important field. I beg to assure you and your associates of my very high estimation of the work you are doing. With the utmost good will, I am

My dear Sir:

We are deeply grateful and highly delighted to have your acceptance of our invitation for May 30th, received by telegraph this morning. The fee which you name is certainly modest.

As you may never before have been at so small a place as Lawrenceville, let me suggest that from New York you take a train over the Pennsylvania Railroad to Trenton, New Jersey. Kindly advise me by which train you will arrive.

The hour for the service has usually been half past ten in the morning, but to make it safe, let me name provisionally, eleven o'clock. If you prefer some other hour of the day, let me ask you to express your preference. But whenever you are to arrive at Trenton, kindly favor me with an announcement so that I may be able to meet you there and drive you out to Lawrenceville, a distance from Trenton of about six miles.

I know of no one in the whole country who would be equally acceptable to the members of the school. We shall count it a rare privilege to hear you and to see you.

With great respect,

Very sincerely yours,

Major-General O. O. Howard

I suggest that you visit New York, and take a train from the Pennsylvania Railroad to Trenton, New Jersey. Kindly arrange to write and let me know when you will arrive.

The house is very large, and we have plenty of room for you to rest in.

Please let me know if you will be able to accept our invitation, and we will make arrangements for your comfort.

I hope you will be able to accept our invitation, and we will be happy to have you join us.

Yours truly,

Very sincerely yours,

With kindest regards,

My dear Mr. Howard,

Yours from Boston about reports concerning Mr. Larry is interesting. It isn't fair at all to say of our friend Larry that he hasn't a good reputation in Providence. Sorry that he couldn't come and didn't pay all his debts before leaving here but I have faith in him. I'll have faith when he comes back. I heard that he will have to refund some of the money he borrowed, possibly by selling some property. He hasn't been married for some years and has no children. I think he should have done better than some people. I think I should have known Providence better. I think I should have heard something about his bad reputation have heard something about anything of the kind. He was chargeable with anything of the kind. I hope to see you at the annual meeting. My dear General Howard:
I have really no words to express the profound pleasure
Mrs. Millikin and I had last evening in Park Street Church,
its chief feature to me was to look into your face and take your hand. I have
studied the battle of Gettysburg as fully as I can stay
anything but I knew the theme work you did after the death
Of Gen. Reynolds. Indeed, before I all things that awful battle — Oh! how great was your service for our country in those awful hours! I, too, have the Lord Jesus Christ in my heart. A most touching prayer found a ready response in my innermost soul. Pardon the seeming intrusion of this brief note. May our Heavenly Father bless you most abundantly.

I herewith send you a statement of amounts reported
as paid to Col. H. H. Adams, Esq., also a statement
of amounts reported as received by him, which show
a discrepancy between his account and that of
Gen. Howard & M. Fairchild of $780.17. ($1600 more than
I stated at the annual meeting.) In preparing
the statements for you I discovered, more than 2
years ago in Nov. 1899, Gen. Howard had sent to Col. Adams
check for $600.00 for reimbursement of the Gen. Howard Hotel. Bank. For $460.00.

I am very sure that the difference will be discovered in one of these reports. You will notice that I have assumed
that Gen. Howard in Nov. paid all subscriptions received to Col.
Adams except $300 which deposited in Howard Hotel.

My dear Sir:

I have your letter in answer to mine, stating that you would give us an address on "Grant and his Generals." That is perfectly satisfactory.

I think you need not take so early a train as that which leaves New York at six o'clock A.M., as you will see by the enclosed time-table. As we prefer to have the address begin at eleven o'clock, and in order to permit your own convenience, you could leave New York at 8.25, if you leave from the Twenty-third Street Station, or at 8.30 from either of the other two, and reach Trenton at 10.13. Unless advised to the contrary, I shall take the liberty of meeting you at Trenton at 10.13, with a carriage, and drive you out to Lawrenceville. It will take us forty-five minutes, or a little less.

At the same time, it will give you no chance to rest between the time of your arrival and the beginning of the exercises. If you would prefer it, therefore, you might leave West Twenty-third Street Station at 7.55 and reach Trenton at 9.25. In case you should take the 7.55 train, I should be grateful if you would telegraph me to that effect, so that I may not fail to reach you at the station and relieve your mind of care.

Lest this letter by some chance should miss you, I shall send you a telegram to-morrow.

With great respect,

Sincerely yours,

Dear Mr. O. O. Thompson,

As I mentioned in my recent letter:

I am more than ever aware of the need for increased production and efficiency in the dairy industry. This is particularly true in the current economic climate. It is essential that we work towards streamlining operations and improving the quality of our products.

Please consider the following suggestions:

1. Advanced training programs for staff:
   - Implementing regular training sessions to enhance skills and knowledge.
   - Providing opportunities for staff to learn new techniques.

2. Utilization of technology:
   - Investing in state-of-the-art equipment to automate processes where feasible.
   - Exploring the use of software for better management and tracking.

3. Cost-saving measures:
   - Reviewing costs associated with raw materials and energy consumption.
   - Implementing strategies to reduce waste.

I hope these ideas will be beneficial. Please let me know if there are any concerns or questions you have.

Best regards,

Dear Mr. Howard:

Our committee are sending you by American express today, an invitation to be present at the ceremonies connected with the unveiling of the Dewey Cannon in our village park, Thursday June 29th. We sincerely hope that you can accept. Miss Helen Miller Gould has accepted our invitation and is to be an honored guest on that occasion.

We are mounting the cannon in plain view of all passenger trains on the main line of the Michigan Central railroad, so that the traveling public for all coming time can secure a view of the cannon. I enclose you herewith two photographs taken early in the season, one of the cannon as it will look when mounted upon the foundation stone and also a general view of the park showing the outline in full of the foundation stone, mound, and flag staff.

We are desirous of making it a historical monument of general interest. The gun will carry an inscription giving its history, and a statement that it was the gift of Admiral Dewey to the National Monument for the Martyrs of the Maine. The cannon will moreover bear the names of the guests of honor present at the ceremonies. We should also be pleased to have you speak. It will be a fitting occasion for the utterance of words that
Gen. Oliver O. Howard, #2.

we as a nation ought to hear at this time.

Many special reporters will be present and the arrangement with the associated press so perfect, that sentiments uttered on that occasion will go to the entire reading public of the United States.

We shall of course expect to pay your expenses for the trip and would gladly do more, but we are a small village and in preparing for the celebration must necessarily incur heavy expenses.
