In reply to yours of inst.

My dear Gen<sup>l</sup> Howard

After many days we have made out to Ship one hundred & one gallons of paint to your address (Rumbelean & Co) Tenn and I have notified Mr Larry of the fact - The bill is duly receipted & enclosed to Mr Larry - Perhaps I made a mistake in mailing the bill to him instead of to you but if so, it can easily be corrected - It is made out in your name because I know you & promised to supply one hundred dollars worth paint - when you asked for it - Detroit next week and receive any criticism you have to make

Sincerely yours

Dear Sir:

Some weeks ago I received your very cordial note in answer to my letter of Application for a position in the Lincoln Memorial University. You stated that there might be a place for me and that you would see the president in a few days. In the meantime I have written to the president for catalog, information etc., but have not heard from there yet.

I will have to let the trustees of Redfield College know in a few days about my decision. Might I, therefore, ask you to telegraph me, at my expense, the possibilities at Cumberland Gap?

Thanking you for the kindly interest shown toward me,  
I am yours very sincerely

Dear Sir:-

Understanding that a movement is on foot to bestow upon Monsieur Henry Breal, of Paris, an honorary doctorate, permit me cordially to second this excellent proposition. Mr. Breal is a graduate of the University of Paris, a man of distinct intellectual ability and one who has certainly commended himself to those interested in the co-operation of American and French universities, by his devoted efforts in behalf of students from the United States. Rest assured, dear sir, that any institution that might honor Mr. Breal with a decree would honor itself in doing so, and would confer a courtesy that would be appreciated by many distinguished citizens of France.

Dear General. There is a chance of our being able to sell blocks 5 & 6 Oak Park addition, McMinville to the city, as there is a nice Oak Grove on Block 6 which gave the name to the tract, "Oak Park".

The city now seems to think it would like a Park and suggest we give <sup>them</sup> a price on both blocks 5 & 6. I am told you acquired title to lots 2 & 3 in block 6 under the Hamel & Storrell Mtg. and we would like to have your lowest price on them, as the parties in McMinville with whom we are negotiating say the price will have to be low.

Within the past hour I had a talk with a gentleman who owns 5 lots and my company owns 5, which is 10 of the 18. I told him the transaction would re-

Dear Sir,  
I am writing to you to advise you of  
the fact that the Board of Directors

has decided to purchase the  
patent rights in the  
invention of the  
"Automatic" or "Self-acting"

The price for the

\$5,000.00. The  
total cost is

give 10% commissions for selling  
so he suggested we name the price  
as \$1650.; thus giving \$1500. for owners  
and \$150. for selling. This will give  
you some idea of the conditions and  
present values, and yet both of us  
will be willing to take even less rather  
than not make the sale, as property  
is very low in McMinnville in fact  
every where, but the country towns  
seem to suffer most and we would  
like to realize on some of the lots there.

Some considerable trouble will be <sup>had</sup>  
in concluding the sale, so the charge of  
10% will be low, but this will be all the  
cost unless we should have to fur-  
nish an abstract, which the city will  
probably make <sup>for</sup> itself. I shall personally  
superise the matter and will keep the  
expense down <sup>to</sup> the lowest point and

will get all the price I can.

There are eight persons interested in the two blacks including yourself, and all shall be consulted and satisfied with what is done.

Selling this to the city may call attention to the tract in a way which will help our remaining holdings but of this we cannot be certain.

I called on Mr. Wood in behalf of this business, and found he is still in New York; his partner suggested my writing you direct, hence this letter.

We rejoice as we see from time to time that you are still interested and active in good things. God bless you and spare you many a year.

The Honorable Gen. O. O. Howard,

My dear Gen. Howard:-

Permit me to recall to you the matter touched upon during the pleasant hours spent with you, at the time of your visit to Chicago. You will remember that I mentioned Monsieur Henry Bréal as a person who would do distinct credit to any university that might bestow upon him an honorary decree, and that you kindly offered to propose his name to the Board of Bowdoin College. The printed matter, which I placed in your hands, will indicate to you the great services rendered by the Comité Franco-Américain, of which Mr. Henry Bréal is corresponding secretary. Mr. Bréal's personal efforts, in advancing the interests of our students, have for the past five years been constant, devoted and successful, while at the same time, he is a man of distinguished intellectual attainments. Were Bowdoin College to honor him, in the manner proposed, his official position would cause the courtesy to be construed as bestowed upon the whole committee which he represents, and which, as you are aware, numbers in its membership many of the greatest men of France. I sincerely hope, dear General, that through your mediation we may be able to secure some recognition of the great services which Mr. Bréal has rendered.

Gen O. O. Howard. Dear Bro. You will remember that two years ago I engaged you for "Patriotic Day" at our Clear Lake Assembly. I need not tell you how much I did to advertise you so that the G. A. R. boys of Iowa might rally to see and hear you - nearly the last one of the honored Union Generals. Major Bond did not positively notify me (that you could not on account of quarantine get to us in time to meet your engagement) until within a week of the date. The result was that I could not find distinguished military officer to take your place. Large delegations of the G. A. R. which had arranged to come did not do so when they heard that you would not get there. I think we lost about \$75 by the disappointment. Last year I had Gen. John C. Black on "Patriotic Day". This year I would like to have you Aug 10 and your agent Mr Wagner, of Chicago, makes me the same special rate of \$75 and transportation from Chicago to Clear Lake and return, but dear

General, we have already engaged so many attractions that we will likely come out in debt. Clear Lake is a small town and we can charge only \$1.50 for a season ticket of 2 weeks of attractions. The Epworth League young people in charge of the assembly barely pay expenses but they want to do good. It is not a money making institution but an organization of young people to honor Christ and his work. I have had charge five years and practically give them my time and services free. I can omit "Patriotic Day" and save the expense. I dislike to ask you if you would come for \$50 and expenses from Chicago to Clear Lake and return but I may have to pay even that amount from my pocket. Will you allow me to try to get you some other engagement in Iowa or Nebraska at \$75 and all expenses if you come to me for \$50? This is a personal matter and I suggest that you do not confer with your agent unless you are under obligations to do so.
