Gen. O. O. Howard,

Dear General,

Dr. Roosa, and

I are mentioned
in the will of Dr.
Benjamin Howard
as his literary exec-
utors so far as his
medical writings
are concerned.

You, I understand,
are getting out
his work on Prisons 4

and perhaps also
on some other subjects.

I find among his
papers left with a
number of photographic
negatives appearing
to relate to prisons.
Also some bearing
upon his residence with
the Circus. Such of them
as you can use in your
part of the work ought to
be in your possession.
Will you kindly let me
know how much of the

Dear General Howard:-

A day or two ago I wrote you relative to the honorary doctorate, which you kindly thought you would be able to secure for Mr. Henry Bréal, of Paris. My letter, as well as one from the French Consul of this City endorsing the proposition, were addressed to Lincoln University, Cumberland Gap, Tennessee. I write this hoping that if the communications mentioned have not been forwarded to you that you will be so good as to make inquiry.

Believe me, dear General, with warmest regards,

Sincerely yours,

Dear Mr. Howard:

The plate is all right. I wish
you might send me another
one for another paper. You
suggested that I write about
June 1st and that possibly you
could furnish one more. I will
see that both are returned
directly after the meeting.

Please tell the General that I tried
to excuse the gentleman he mentioned
in ~~his~~ letter to me and he was
unable to make arrangements
with us for that date. Major
Bright, Editor of "Christian Work" will
speak. He has written me that he
will make his address short and
not run over.

I will write out the program
which is as follows:

We hope that the General will
be with us ^{the 16th} Saturday. Vice Chancellor
Pitney will entertain him and we
want to do all we can to make
his visit with us enjoyable.

We have about decided to send

According to my official Records and my distinct recollection, I have endorsed the sentiments expressed in the letters of Generals Grant, Sherman, Logan, & myself written in September 1864 concerning Major M. R. William Grebe and addressed to the Governor of Missouri. These letters I read. Comrade Grebe has served his country well & is one of the few who attained the distinguished honor of receiving the "Congressional Medal of Honor," and to my knowledge Grebe was deserving of this marked recognition. By gallantry in action, he served us well indeed, and reflected credit, as such a soldier does, upon the land of his birth as well as that of his adoption. June Second, 1900.

Dear General Howard:

Having in mind your generous support of my relief work for the Armenians of Eastern Turkey, I have been sending to you, from time to time during the past year and a half, pamphlets and circulars calling attention to the need of relief among the helpless reconcentrados of Cuba. I shall take it for granted, therefore, that the nature of the work of The Cuban Industrial Relief Commission is, to some degree, at least, known to you.

As funds with which to carry on that practical and successful charity are more urgently needed now than at any time since the work was begun, I earnestly invite you, General Howard, to join with us in our

efforts to redeem to the widow and orphan of Cuba the promise of human help which Our Flag brought to them. Our task in Cuba is far from finished; our duty only partly done.

The necessity for justifying the Cuban widow's faith in the people of the United States was never more pressing than at present. Shall these wards of our superior civilization look to us in vain ?

Yours faithfully,

Dear Mr. Miller,

After considering the matter carefully, I concluded that it will be better for the interest of the University not to visit Mr. Andrew Carnegie in the way of solicitation as my advisory board wishes to have the field clear.

So please do not see him, and greatly oblige

Dear Gen:--

Yours enclosing letter to Freeborn Garrison Smith at hand. It did not contain the Lansing letter referred to hence I am altogether in the dark as to what you say about your taking the office of President. That letter would probably explain what to me now is simply a great puzzle. If I could see the money with which to travel I should go at once to Detroit and I may be able to do so yet. Somewhat as the Gov. of No. Carolina said to the Gov. of So. Carolina "It is a long time between" Payments.

I am not complaining, but I have to govern myself accordingly.

It is very evident to my mind that we shall have to reduce expenses here as well as to make an effort to increase income.

Later;--We have had a Directors' meeting since I started this letter and the money ? was the chief one discussed. I feel that we have gone through the period of maximum expense and shall find it easier sailing in the future.

Mr Myers was there with his many suggestions but we got through pretty well considering. We have elected a new farm manager who will take his place in the fall. He has agreed to take the work of both Mr. Overton and Mr. Crosshorn. Mr. Overton will keep his place till the first of July and Mr. Crosshorn will stay till the first of August, perhaps later.

Everything is looking well on the farm though the weather remains very dry. The wheat all about here is ruined but we shall get a pretty good crop. The products of the farm will be a great help to us the coming year. We ^{have} put in sugar cane and expect to raise our own mollasses now.

You ought to see the new wagonette that we hoped to have ready to take the Directors to ride in. It is a fine carriage I assure you and helps bridge the distance to the Gap.

Now it is very evident to me that I shall not be able to get to Detroit. I will see what I can do to meet you in N. Y. the day you are to be with Grant post.

We found your overcoat the other day in one of the closets and I trust you have received it by express by this time.

When I shall have seen Mr. Lansing's letter that you referred to I will deliver my mind on the question of the Presidency, but till I know the idea advanced, it becomes me to remain silent. In the mean time let us all work on for one of the grandest causes it was ^{ever} the privilege to be engaged in.

I enclose you a draft of the foundations on which we propose to erect a girls' dormitory. I hope that lady will take that matter in hand for we shall have our hands full raising the means to carry on the work already begun.

Regards from all the family and the workers
Yours fraternally,
John Hale Larrey.

Dear General:

After the last annual meeting of the Board of Directors of Lincoln Memorial University (May 15th), Mr. C. F. Eager, Secretary, wrote to me that my bill which I had submitted to you had been presented to the board and by the latter referred to a committee consisting of Mr. Eager, Rev. A. A. Myers, and Mr. H. Y. Hughes. Mr. Eager asked me to go to Cumberland Gap to meet that committee.

Last evening we had such a meeting. Mr. Myers led in the deliberations. Among other things he stated that it was distinctly understood all along that I was not to receive a dollar of compensation. This he said notwithstanding the fact that he was present in February, 1897, when I was elected president with the understanding that my salary should be fixed at a later time and it was expressly provided that I should be allowed a stenographer; and notwithstanding the fact that he was present a little more than a year later when I was elected assistant managing director with a salary of \$1000 for the year. Mr. Myers further stated in effect that I went into the work as his subordinate and that I never did anything that was of any value.

It seems strange that the Board of Directors should have placed my matter into the hands of a committee of which a man who is so unbalanced as Mr. Myers is, is a member. This hardly seems kind.

Mr. Eager and Mr. Hughes both stated last evening that they did not have before them sufficient information upon which to base action; that they wanted to allow me all that I ought to have, but that they did not know how much I had done from the time of the purchase of the Four Seasons property to date; that there were those who contended that I had done nothing of value to the institution and was not entitled to anything. Mr. Eager intimated that statements ^{in that effect} had been made at the meeting of the Board of Directors. The committee decided to ask Mr. Myers, Dr. W. C. Gray, and you to each submit a written statement of what I had done during the periods the first two were president of the Board of Directors and for the period during which you have been Managing Director. Mr. Eager is to write to Dr. Gray and you requesting such statements.

Dear General:

At the last annual meeting of the Board of Directors of Lincoln Memorial University (May 1899), Mr. O. F. Baker, Secretary, wrote to me that my bill which I had submitted to you had been presented to the board and by the latter referred to a committee consisting of Mr. Baker, Rev. A. A. Myers and Mr. H. I. Hughes. Mr. Baker asked me to go to Burlington and get to that committee. Last evening we had such a meeting. Mr. Myers led in the deliberations. Among other things he stated that it was his understanding that I was not to receive a dollar of salary. This he said notwithstanding the fact that he was present in February, 1897, when I was elected president with the understanding that my salary should be fixed at a later time and it was agreed that I should be allowed a stenographer and now I asked you that I was given a little more than a year later when I was elected assistant managing director with a salary of \$1000 for the year. Mr. Myers further stated in effect that I went into the work as his subordinate and that I never did anything that was of any value. It seems strange that the Board of Directors should have placed my matter into the hands of a committee of which a man who is so well known as Mr. Myers is a member. This hardly seems that.

Mr. Baker and Mr. Hughes both stated last evening that they did not have before them sufficient information upon which to pass action; that they wished to allow me all that I want to now and that they did not know how much I had done from the time of the purchase of the four seasons property to date; that there were those who contended that I had done nothing of value to the institution and was not entitled to anything. Mr. Baker indicated that statements had been made at the meeting of the Board of Directors. The committee decided to ask Mr. Baker, Dr. W. D. Gray, and you to each submit a written statement of what I had done during the period the Board was president of the Board of Directors and for the period during which you have been Managing Director. Mr. Baker is to write to Dr. Gray and you respectively such statements.

68

It is to be expected that Mr. Myers will make a written statement similar to the oral statement which he made last evening. Dr. Gray's active term as president of the Board of Directors was short and he can therefore not say much. He will probably ree-
collect that I visited him several times and induced him to make his visit to Cumberland Gap, so that everything he did himself and led others to do came through me.

You have a better knowledge of what I did in connection with this work. Your knowledge of it dates from February or March, 1896, when I first presented the matter to you, until the present, and I trust that you will take pains to make such a full statement as will give the committee a basis for doing justice to me. As stated in my letter to you accompanying the bill which I rendered, the amount of the bill is small for the time and effort which I gave the University. I could not ordinarily afford to undertake a similar work for such an amount. The bill covers practically three years of time and covers the hardest work I have ever done.

Above all, I hope you will not lose sight of the fact that I had a plan of my own for organizing Lincoln Memorial University before I had ever seen or heard of Mr. Myers and that I joined with him through your recommendation; that I led in making the purchase of the Four Seasons property after you had recommended it; that as a result the University has a splendid property, the value of which is far beyond its cost.

As stated in my last letter, I should be glad to donate all that I have done; but duty to my family requires me to ask for the small amount which I have named in my bill.

Very truly yours,

Cyrus Kehr,

My Dear Brother:--

I am much pleased to have your letter of June 1st with the enclosure to Gen. Martin T. McMahon. I am a good deal in the dark as to what vacancies there may be, if any - whether they really want any Inspector at this time. I wrote you something about Gen. Swain. Do you know any other members of the Board, or can you suggest any other friends that would be willing to lend me a helping hand? It seems to me, my strong point should be that I belonged to the Inspector General's Department of the army, and had a large experience in that direction, also in the reconstruction period as Inspector of schools, at one time in the Bureau, and perhaps still better, as Inspector of Indian Agencies more recently for three years.

Can you tell me anything of Gen. McMahon's history, as I do not seem to remember him.

We are all delighted to think you are to be this way early in July. Let me beg of you to spend at least a day and night with us, or more. I hope you will never come this way now a days, without at least going home with me for one night.

Now there is one other matter: Perhaps you have already received word from Commissioner H. Clay Evans, that Mrs. Wilson's claim is again rejected. I will enclose to you the letter which has come to Mrs. Wilson, and which has lately been put into my hands. The fact is, the whole thing went right back, in my judgment, into the hands of a

Now there is one other matter: Perhaps you have already received word from Commissioner H. Clay Evans, that Mrs. Wilson's claim is again rejected. I will enclose to you the letter which has come to Mrs. Wilson, and which has lately been put into my hands. The fact is, the whole thing went right back, in my judgment, into the hands of a

few clerks who had rejected it before. They sent it out here to some Inspector or Medical Inspector, and he conferred with one person - the Dr who, gave the certificate as to the cause of death. You will observe that the claim is, that the disease which caused the death, was not connected with the disability for which Capt Wilson was pensioned. He was pensioned nominally for deafness of both ears, supposed to be result of catarrh. This latter, as to the cause of his deafness was a mere supposition. All three of the physicians who gave their testimony, held that the deafness which showed itself immediately after he returned from the army, was the result of the severe typhoid fever in which he was unconscious for a long time. In a sickness in the hospital he had malarial fever, had a relapse and then typhoid, and his nervous system, as those Doctors all testified, was more or less shattered by that sickness, and one of the immediate results was deafness. That however, was merely a symptom, and other symptoms quite numerous showed themselves and became more and more serious as the years went on, in my knowledge of him and constant intercourse with him. The fact that one of the results was deafness of both ears brought the trouble very close to his brain in its manifestations, but the trouble itself was a shattering of the nervous system very closely allied to the brain from the start.

I suppose you did not retain any copies of the papers, but if you should be going to Washington of course you could have ~~them~~ produced and brought before the Commissioner, all of those recent papers signed by yourself and me and James W. Wilson, Milton George (who had known him ever since he came out of the army) and Dr. Beebee who gave the death certificate. All these papers it seems to me, looked at impartially and judicially, showed that he died from a disease which was developed from that which caused his deafness, and the decision is merely a persistency in a former conclusion, and not a fair consideration of

Gen O O Howard. Dear Sir. A letter from
your son received today, says that you kindly
accept my offer to lecture for \$50 at our
Clear Lake Assembly Friday, Aug 10 at
3 pm. I will furnish transportation from
Chicago to Clear Lake and return but as
your agent, Mr Wagner informs me that
you are to speak Aug 7, at the Assembly
in Lincoln, Neb, that Assembly no doubt
will provide for your transportation from Chi-
cago to Lincoln and from Lincoln to Clear
Lake. In that case I will furnish transpor-
tation from Clear Lake to Chicago. From Oma-
ha to St Dodge and thence to Mason City (same
line as Clear Lake) the line is direct. But there is
plenty of time yet to arrange routes.
As to subject I will ask the G. A. R.
boys at Clear Lake. I allow them to man-
age "Patriotic day" at our Assembly.
I thank you very much for making me a
special rate of \$50 so that we can now af-
ford to have you for "Patriotic day".
Sincerely Yours
H H Fairall

Dear Sir at

request of Mr. Blanchard I hand you
Mr. Rice's letter. It is candid
and evidently just. How odd it is that
such a good man as Rev. Meyers is,
should be travelling a brother Carey round
continually. I am sorry for Mr. Larry,
to be yoked with Mr. Meyers upon that
Executive Committee for a year,!!

My, what a school of patience!
I am very much exercised over the
dangerous position in which are
many of our Presbyterian Missionaries
in North China; we have a large
force in Shantung province. Several
at Pao-tung-fu & around Peking.

It is taking quite a little of my time,
the discussing subjects connected
with matters in China, (not that
we can do anything.) I would
not be surprised if many lose
their lives before the difficulties
are over, and that many native
Christians are murdered.

I am also giving a good
deal of time to the Executive Com-
mittee of the Indian ~~Familial~~ Relief
Committee, - in raising money
for the sufferers, so I am remain-
ing to keep busy. At 2³⁰ I met
in our Board Trustees of Canton,
(China) College, - annual meet-
ing. - Training Chinese boys out
there, especially for the ministry.

The more I think of it
the more I feel pleased at the result
of our pilgrimage to the Sep. A good
deal was accomplished in one way
& another. Recd a good letter from Mr.
Avery yesterday. Delicate.

Dear Harry.

Your letter of May 13th came in due time, and should have been answered sooner, but the fact is I have not been as well as usual this Spring. I have not been able to get any offer for the Gas Stock. Have called at Major Hopkins' office several times only to find him not in. I missed your father by about ten minutes when he went through here, for which I was sorry. I seem to be failing physically - my feet and legs are giving out. so I cannot walk as fast, or as far as I used to, - I feel the loss of my wife more

and more, as the days go by. Mrs.
Safford has taken her mother's
place as far as she is able. but
no one can fill the place of
the lost one. Tell your father that
we had a very harmonious meeting
of the Trustees of the University - but a
ripple disturbed the meeting -
The family are all as well as usual -
The weather begins to get a little
hot. just enough to make one
sigh for the mountains of Vt. -
I should like to go to the Commencement
at Amherst University, but don't expect
to. Love to all.

Yours Always
J. M. B. Crook

My dear General:-

I trust that
your Western trip was pleasant and successful
and that you have returned home in your
usual good health and that all is well with you.
We enjoyed your little visit very much
indeed and greatly desire that you will
favor us again in the near future.
We trust that your daughter Beessie's
health is improving. We would like
very much to have that little visit
from her and I am sure that the pure
sea air and the quiet restfulness which
she could enjoy at this truly delightful
place, would do very much to completely
restore her to health. As it has done so
much for me I would like to have others
also enjoy its benefits.
We will not be able to share the delights

of Fort Trumbull much longer as the Battery has been ordered to move on the 26th to the neighboring islands at the entrance of Long Island Sound, leaving but ten men here. I presume that I will be left here for some little time, until some one is appointed to receive the Hospital property. What will become of me then I do not know. I trust that I will not be separated from my little family for some time yet.

I would like to go with the Battery on the islands but as there is already a surgeon there I do not expect it. While of course I am willing to go wherever I am ordered, if the interests of the service would be conserved it would be a favor and a great benefit to me to remain on this coast during the approaching hot weather as I am not yet entirely restored to my former strength and I am improving here every day.

If you will my dear General cast a fatherly eye

over my future, I think that the General should be able to do kindly with me. When my full vigor is regained I will be glad for active service.

If it is at all possible you must give us a little visit soon, because should I be ordered away, there will be no telling when I will see you fatherly face again.

Mrs. Dixie, Dr. Blake and others here often inquire concerning you.

I am sure that you captured the hearts of the poor people of this town. I trust that General Sherman is doing well. I presume that you received the money that was collected here, in due time from Dr. Dixie.

With kindest regards in which Mrs. Gille joins me for yourself + family and with a kiss from Grace, Jessie and little "Richard George Howard" I am

Dear General

Enclose article written by Judge
Spurr. & Individualist that I asked the Judge
to give you "a little send off." We still hold
the 40th flag at Vicksburg the color brand
were it under his shirt and we hold it
yet. This act of Union is tattooed and
born only as ^{an} emblem of the "Lost Cause."
I always ^{thought} we should ^{have} taken the old flag
and by may show that we ^{had} a right to
do so. In other words we are True Americans

and as body do not allow any L. A. R. to
question our loyalty ^{to day} I was orderly Sergl Co
K 40th Ala was detailed as Ord Sergl & refused
to leave my Co or the 40th Ala could have
left it and been promoted but told the
Howards you and the Bellamy are nearly all
secessionist and all the Parole I have is
to stay with the 40th I went in with a
musket and came out with one ~~tho~~
1400 men ^{at outcome} came out with 73 at Salisbury
My Col Geo Hargley should have been a Gen
tho he twice during the Atlanta Campaign
Col Baker was to have taken command
of 2nd Hargley took command ^{Baker} he was a
big job near the "Ala" "rich is life"

New York City:

Dear Gen. Howard: Mr. Keh's account for services and time cover a period from July 24, 1896, to May 14, 1900. During the year June 1st 1898, to May 31, 1899, he held the position of Asst. Managing Director and was to act in your place and according to your instructions, and for his services was to receive \$1000⁰⁰ for the year.

Please inform the committee appointed to adjust his account, what services were rendered during this year by him for the University, under ^{your} directions, and if only a portion of his time was occupied for the the University, can you explain why it was not? and how much services were rendered. An early reply will very much oblige.

Sincerely Yours, C. F. Eager Sec'y.

Dear Sir,
