My dear Geo. Howard.

I enclose a letter from a good old colored woman who is a member of Dwight Place Church & has been for many years. I buried her husband June 11th, his year, a faithful Christian & a veteran of the war. He was born free but enlisted & went south & helped his brethren. He desired the permission which, of course, to him & his debts he had for some years received. Now according to order his pension should go to his son who has an income & lien.
$6 a month when her circumstances favor her. Just now she has only $9. She is troubled but her application does not meet with a more ready response. As to this I have told her not to worry, but if you could say the word that should get some money, yet her hand shortly I am sure you are justified by all the facts in the case. Dr. Mitchell was always kind to her and her family. They were always at church together until his death. If you can do anything in Dr. Close please do so.

Sincerely Yours

Mrs. W. [Signature]
P.S. I am expecting you soon to take a collection for your work at Cumberland Saf. If you have any printed papers that will be of use in my statements to the people here I would forward them.

Gen. O. O. Howard,

Dear Sir:—

I am a Vermont boy and am attending school at Black River Academy, Ludlow, Vermont. I am now having my summer vacation last term I studied History, Solid Geometry, and English Literature. I enjoy my literature as much as any study. In connec-
tion with it I have an 'author's book,' consisting of autographs, also pictures of authors, cut from magazines etc.; whole books I have read. I am especially desirous of procuring autographs and pictures of Vermont authors. I have just finished reading 'Fighting for Humanity' and enjoyed reading it very much. What other books have you written? Can you inform me where I can procure your picture, if it has been published in any magazine? I should also be very much pleased to receive your autograph. Hoping in asking these favors I am not troubling you too much, and that you will not refuse the request of a Vermont boy.

Respectfully yours,

Harold G. Rugg.

Dear Brother,

The missionary Coin of the First Cong. Church of East Orange have heard with much pleasure of your election to the position of President of C.S.M.S. and hasten to congratulate you. The Society, we feel, is also to be congratulated in being honored by your acceptance of this office. We are endeavoring in line with the suggestions of the Coin of 1877 to increase our missionary efforts, and have just had Dr. Wishard speak to us, and as a result took up pledges after his speech amounting to over $500 for the support of a Foreign Pastor. We feel something should
be done along Home Miss lines, and an on-
table and offering for the C.H.M.S. on Sunday
Nov 1st. We would like to make a
special effort at that time to increase out
Collection. The Com. feel sure this can be
accomplished if you will consent to speak
to us on that morning. Can you favour us?

Wishing you much success in your new
office and great pleasure in the associations
consequent thereto. I am

Dear Gen. Howard: Your letter of 11th inst. at hand with your report for May, also your check for $1,000—the receipt of which I hereby acknowledge. Still find a difference between your account and Col. Adams' report for April. You remember that I spoke of it when you were here, and we thought that it might have been on account of overlapping of dates between your reports and that the May reports would show the discrepancy. I now have reports from both of you for May, and the difference still exists.

Col. Adams in his April report credits you and charged to himself, Apr. 5th $836.83. Your April report on same date charges you and credits yourself, $61.86. A difference of $224.98 in your favor.

Dear Sir:

I am writing to inform you of the recent developments in our university. The Board of Trustees has approved the construction of a new dormitory, which will accommodate an additional 300 students. This project is expected to be completed by the end of the year.

Furthermore, we have initiated a new scholarship program for incoming students, providing financial assistance to those who demonstrate academic excellence and financial need. We anticipate this initiative will attract more qualified students to our institution.

I am also pleased to announce the appointment of Dr. James Brown as the new Dean of the College of Arts and Sciences. Dr. Brown brings with him a wealth of experience and a commitment to academic excellence, which we believe will be a valuable asset to our university.

Please accept my congratulations on your continued leadership and your dedication to the education of our students.

Dr. Larry left here last Monday morning expecting to meet you in New York Tuesday evening.
I note what you say in regard to his going into the field, and I believe we appreciate the situation.
In fact we supposed from the first that he would go, as soon as he could thoroughly organize the work here. We think the idea that he ought to be ready for field work as soon as we have a real live principal to take charge of the educational work, a captain of the farm who will live on the farm and devote his entire time with the boys on the farm, (we think that we have secured the right man for that place),
Some one to take charge of the Mountain Herald and the printing office, and if so fortunate as to secure funds for building, then would be needed a competent man to oversee the mechanical work.

The comment that Mr. Spencer is all right for that place. With well qualified persons in all these places, and a Cooch good teachers and instructors, everything ought to move right along, and St. Kate's ought to be able to spend the larger part of this time in the field, and I know of no reason why she should not be successful.

With the $1,000 just received and by giving notes due in 90 days, some of them on or before 90 days, I will be able to settle nearly every amount due. I have given some notes due on or before 90 days, so if you get funds before June 25th, that can be used toward paying notes. Send it right along and I will stop the interest. I am glad that Miss. Gould has been so kind to Bledsoe, I hear that one letter to the members of their board had a good effect.

Wishing you success and much happiness.

I have just received a letter from the President of the University of the State of New York, enclosing a copy of the report of the special committee appointed to investigate the condition of education in the state. The report is very interesting, and I am sure that it will be of great value in directing our attention to the need for more thorough and comprehensive education in our schools.

The President of the University has expressed his entire satisfaction with the report, and he has asked me to forward a copy to you, with his own recommendations. I believe that you will find the report very informative and useful in your work.

Dear Friend:

We are planning for a one-week Sunday-school Encampment near Saugatuck, Mich., on the east shore of the Lake, about eighty miles from Chicago,—August 11 to 18. We are inviting Sunday-school workers of all denominations from various parts of the country, and are looking forward to an enjoyable time. The meetings of the encampment will be under our own direction, and all our Editors are expected to be present. There will be day and evening programmes. The object of this gathering is, not only to be helpful to Sunday-school workers, but to place our Editors in closer touch with the large audience to whom they speak through the printed page, and thus make their work more practical. We should be pleased to have those of our writers attend the Encampment who can make it convenient to do so, and to plan for meetings for discussions where each may have a part. Our programme is now being prepared, and in it we would like to announce names of writers who may be expected to attend. Can you encourage us to think you will do so?

As to expense, we will do what we can to make it as light as possible. Good rooms and board at hotel can be had for nine to ten dollars per week, and private board for five to six dollars, but we think you would better enjoy camping. Tents can be rented at usual prices, if you do not wish to bring your own. There will be a good restaurant at camp, where meals may be had at reasonable prices. Grocery, milk and market wagons will call at the camp daily. Camp is convenient to post-office, telegraph and telephone.

Saugatuck is reached by boat from Chicago, and also by rail. We expect to secure special rates of transportation.

No charge is made for the use of the grounds, and no admission price to lectures or other meetings. If you write us that we may announce you as a possible attendant, we will send you a programme as soon as issued.

Hoping to hear favorably, we remain,

Yours truly,

David C. Cook Publishing Company.

General O.O. Howard:

Dear Sir,-

We have wished for some time to call your attention to a letter which you will please find inclosed, on your forecast and Captain Hoenig's. Your comment on the contrast will be interesting; but we fear that would be possible only in an interview. If you should be coming to town in the next week or two we should take the liberty of sending to you a reporter who will invite you to speak on that phase of the subject. Meanwhile, however, would you not like to follow up your astonishingly accurate forecast of the course of the Boer war with a retrospect, giving an outline of the lessons of this conflict? We will print it as an interview or a letter, as you prefer; in the form of an interview we could recall the article referred to in the clipping inclosed.

Your commission as the second-in-command to the Chief of the Department of New Mexico is an important step in your career, and we trust that you will use your position to advantage.

You are now in command to a great extent of the Department of New Mexico, and we feel that your influence and your efficiency will be of great importance. We therefore take this opportunity to express our confidence in you as a leader and a public servant.

We want you not only to lead but also to lead in your own estimation. We think of you as a public servant, and we are convinced that you will use your position to the full extent of your ability.

With the assurance of our esteem, we have the honor to remain,

Yours truly,
