My dear General:-

We are anxious to secure you for Thursday evening, August 23d, to give an address at our military camp at Niantic, Conn. The State Young Men's Christian Association has, for the past ten years, carried on a tent work for the soldiers, and each evening we give some sort of entertainment or address.

Our committee would like very much to have you with us on the above evening, and to have you give a talk about the battle of Gettysburg or about any other of the scenes that you were personally engaged in during the Civil War. Could you come? And what would be the lowest amount that you would do this for?

You know it is expensive to carry on this work, and I trust that you will favor us on the price all that you can. I shall endeavor to get the Governor to preside if you are to be with us. Our tent is quite a large one, and the men would be very happy to have you present.

Let me hear from you soon, as we must make arrangements early for each evening.

Sincerely yours,

E. T. Bates

The machinery also broke
down our last trip over
and she really ought not
to have made the trip
again without being over-

is all for the best I
did not get away. I have
applied to go on the

but I do not know positively
yet. Of course just now
if the corn is need-

Dear Father,

I wrote
mother last week that
I was still here did
not get away on the
Grant. It was so late
Saturday when they decid-
ed that the ladies
go, that I could not
have gotten my freight
on board any way. They
sent a tug over for Gen.
Chaffee, would not even
wait for the ferry. After
all their hurry something
broke just as they got
through the gate and

One of Shafter's Aides to
think. He asked me if
I was at the Occidental
and if I was hearing all
the talk of me of the
6th Cav. Radium! I told
him my home was here,
and fortunately just now
I had no talk of me. I guess
I am about the only one he
has seen lately who has not.
Every one is very nice to
me or I shall eventually
get safely started. Left
the freight that was left
last time up a freight
I shall have no back
coming. It includes all
John's official papers,
the loss of which would
cause him a great deal
of trouble. It is the
same freight that got

left at Camp _____ a last
fall and _____ for it
is still there. I have written to
Chicago - I have written to
try and trace it. I have
just opened a box of rugs
packed last summer and
not a moth anywhere. My
freight allowance this
trip will be even less than
when I went to Porto Rico.
I shall just camp and
not try to fix up. If we
have enough to eat and
a comfortable place to
sleep I think we will
enjoy it.

I do hope we are not going
to have a lot of trouble with
China. Volunteers are evidently
not wanted there.

I enclose the 10 John gives

I am so much obliged
for all the trouble you
have taken. Your loving daughter

Dear General,

Will you please write me a letter, stating that I was Senior Captain, of two Companies of Volunteers organized immediately after the Key River, Indians, broke out and remained so until we left Kansas. I was in every battle except the Meadows, where we lost our Horses. I would be pleased to hear you say that I had two horses with me all the time until we sent our horses back at Geddes-Person. When I sent my horses back to Idaho, and rode a Government horse afterwards, this will help me in getting pay for my horses.

Hoping that this letter will find the General in good health

Dear General,

I returned two weeks ago from France, sick, with kidney trouble, and cannot attend the session at Atlanta to my regret.

I met at this place, a Mrs. Latham of Memphis Tenn. wife of a Judge, who is a leader of the daughters of the American Revolution and many Societies of Ladies, in various good works. She asked me what Federal General she could write to, who was broadminded, and liberal, and who would probably at an opportune time bring the subject of "The Forest Monument" before the session meeting at Atlanta, naturally I named you, and Mrs. Latham will write to you. The memory of Forrest in the Southwest, is very popular, and has grown since the war, and everything you do will be highly appreciated.

Mr Latham is an earnest
and good woman and
you can rely on her
good sense and honor,
I hope to meet in
health and to see you
again in time.

Dear General;--

You have perhaps got the letter I sent to the Ebbett House and answered it but as there so many chances of slipping as one is traveling I duplicate one or two ideas that were in that letter. According to vote of annual meeting I was to be paid my salary promptly the first of each month, the June pay falling due the first of July. Mr. Eager should have attended to this in some way, if I rightly understand his duties. My success is crippled in this way. If you have any way of helping me out at this juncture I know you will do it.

I fear that I shall have to go back to the Gap earlier than I had planned. I hope some day to find a strong man for that end of the line and that I can be spared more for the field. But I shall have to learn that field, at any rate how to cultivate it in hot weather. By what route do you go to Atlanta?

Mrs. L---would be kindly remembered.

You no doubt are acquainted with the aims & objects of our noble order. The members of that Grand Order, the Grand Army of the Republic are fast passing away, and I feel that by your words you will draw us closer & instill into our minds a fuller realization of our duty to those noble men who made it possible for us to have an organization of Sons of Veterans. To this invitation, I add my own entreaty & trust it will be so that you ^{can} accept.

Dear Sir:-

My father, when a boy, was promised an appointment by my uncle, Ockren Howard, through your kindness and influence. But through difficulties arising from your position as head of the Freedman's Bureau, not your fault but through envy, you did not feel like asking favors when you were under a cloud, as it were, hence, when you felt compitent to ask, my father was over age and did not get the appointment.

My father has told me about the circumstance ever since I can remember, and, being of age, now the height of my ambition is to go to Annapolis; and, for that purpose I have Judge Reid, a good friend of mine, and Alderman Rayner working for my interests and they have made an appointment to meet Foss when he comes back from Philadelphia, for that purpose. Foss is a member of, and acting chairman of The House Committee on Naval Affairs.

Knowing my position, what can you do for me?
Hoping to hear favorably from you, I am,

Yours very truly,

Wm. B. Howard.
