My dear General Howard:-

I have read the enclosed letter, sent you by Mr. Solomons. The Mission to which he refers, namely; the De Witt Memorial Chapel, on Rivington Street, is one of the mission chapels sustained by the City Missionary Society and is in no way related to this Society. The only work of that kind which has any relation to our Congregational churches is the Camp Memorial, with which you are perfectly familiar. That, I suppose, is still aided by the New York State Home Missionary Society, but the National Society does not have any relation to it.

Sincerely yours,

Dear General;--

I am just back from a visit to Mrs. Larry's home and find your letter written from the A.M.A. office in N.Y. You ask why the church at the Gap is not co-operating. I think they will in due time. They do not wish to see Mr. Sumner turned adrift and that is all right. We must get a man to present and get the A.M. A. to agree to work with us when all is ready and then we must turn to the church. I do not know of any better way to work, do you? Rev. George McCollum, the man I am after, is pastor of the Dundee, Ill. Cong. Church. He is a Berea graduate and was settled there as pastor but because Mr. Frost tried to handle him he resigned. He is very successful where he is but I feel sure that he will make a success as a teacher and is strong enough to carry the work at the Gap. He has a common sense piety, too, that is very much needed in such a field. The A.M.A. need just such a man for their work. Our family entertained him here in Providence during the last meeting of the American Board and we were all delighted with him. He also preached for me one evening and his sermon was a very practical one and I do think that he will well fill the double position of pastor and teacher. Even suppose they should not want to make any change at the Gap, there is enough that such a man can do in the region around about. There is need of work at Shawanee, and at Arthur, as well as at Hamilton Springs. He could organize the Christian Boys into squads of workers who could do grand work for the Master all up and down those valleys.

I shall return to the Gap next week to get things in readiness for the coming year. I am to preach in Keene, N. H. next Sunday, August ~~11~~ 12-12, I wish I could meet you there, but I see you are to be in the West about that time. I had hoped to hear from Mr. Nettleton e'er this but he evidently finds it hard to get a conference with Mr. Myers, whom they wish to consult before they make any overtures.

Yours fraternally, John Hale Larry.

My Dear General Howard:

I saw in the daily papers not long since the pleasant news that Mr. Rockefeller was to give a considerable amount of money to Lincoln University, and that other money had been raised in quite satisfactory amounts. I congratulate you on this progress toward achieving the desire of your heart.

I am also reminded of our conversation concerning my sister. She has substantially decided to take a position at Thomasville, Ga., for the coming year, as principal of one of the girls' schools under the charge of the American Missionary Association. It is entirely probable that this may be a pleasant connection, and I assume that she is likely to remain there for some time, unless her interest is diverted by some other more attractive opportunity. It just occurs to me that possibly the improved financial prospect may bring nearer the building of the girls' dormitory of which you spoke to me, and that it might be worth while for my sister to see you before she goes south. If so, I should be glad to have a line from you. If not, the letter requires no reply.

Yours sincerely,

I would like very much to take part in the Natl Campaign this fall - to go along with you. Think I can keep my end up.

I have spoken in every County in this State since 1864 & 5. The State Committee have always employed me and paid fairly well.

During the last Campaign of 1896 in the State the Comm. owed me a balance and I had to work hard to get it out of them. Finally I did so. Do not know as Odell feels very friendly towards me on that account. Would dislike to apply and be turned down. Thinking perhaps you could get me on the Natl List of speakers I so address you.

Please let me know what you could do for me in the matter.

Dear Sir. Some friends of mine contemplate forming a business association with Capt Edward S. Harrow and he has given you as one of his references. I am informed that Capt Harrow graduated from the West Point Military Academy in 1876 - was Assistant Instructor of Tactics at West Point from 1879 to 1885, & commanded Indian Scouts in the Dept of Columbia until he resigned from the U. S. Army in 1894.

Will you kindly advise me what you know of Capt Harrow's character & general standing during & since his service in the U. S. Army - his business ability &c. Your answer to this letter will be considered strictly confidential.

Very respy
Heth Lorton
