Dear Judge Howard,

I have very little to write about except to say that I plan to be in N.Y. by the middle of next week. I expect to leave here by Thursday and visit some towns in Conn. I have not taken in one cent before I wrote you last, but feel sure I have done some good work. I have not seen the "Boston Herald" that will bear fruit in the future. I saw in this morning's "Boston Herald" that J. R. Forster had left by will $5,000. Debra, I found him some years ago and he began by giving $5, a year, and gave about that amount every year. Debra has a large and regular constituency, as most of the older institutions have, and I think it will not be long before he will have a good constituency. But people are a little slow about asking for anything new. But all speak in the highest terms of the work and give encouragement that they may do something in the future. I shall sort of a Boston conference yesterday and one lady said of the B.N. $100,000. I give she would give every cent of it to the P.A. She seemed very much enthused and I think some good will come from it. I have or two plans for N.Y., which I will speak of when I come.

Most sincerely yours,

Dear Sir:—

I have a friend (Dr. W. F. Hathaway of Weymouth) who has a
son (Lt. H. S. Hathaway) in the Signal Corp at Manilla.
The latter has been in the service since the Cuban War commenced, and
has been promoted from the Ranks from time to time to his present
position of Lt. He is now on the Staff of Gen. Hare. He likes the
service as a profession, and desires to remain in the Regular Army with
his present rank. He is well educated, a good Electrician, and will
fill with credit any position that may fall to him. His Father is a
prominent citizen of Weymouth, and was in a Western Regt., for over three
years in the Civil War. If you can do anything to help Lt. Hathaway in
retaining his rank in the service, you will confer a great favor.
I have communicated with Congresaman Lovering from this Rep. District,
and expect his co-operation. I shall personally appreciate anything you
can do, and believe that the U. S. Army will gain an able and devoted
officer by the addition of Lt. Hathaway to the Regular Service.

Dear General:

After leaving you yesterday, I hurried around to see Dr. Marton, who is Sec. Root's friend and Surgeon. He received me very cordially and said that he would write at once recommending me highly as his former protégé. He hoped that this letter would reach the Sec. in time for your visit upon him.

I also obtained a fine recommendation from Col. Byrne (Chief Surgeon Dep't) asking that my age be waived. etc. This letter he sent directly to the Surgeon General for signature.

Recommendations from Col. French and
Major Common, my immediate commanding officer, was sent last night to you.

Enclosed, please find letter of introduction from Cleveland Dodge to Senator Depew.

I trust dear General that you will be able to do something big for me. Your idea of going into the volunteer is the proper one. If I could be made a captain in that, then I could drop back to a captain in the regular service which is the place that I desire to occupy.

With much love and praying that you may be successful I remain yours,

Very respectfully,

Charles P. Gill
As I look at the matter now there are three ways of entering or becoming an officer in the army. First: through West Point. Second: through working up the rank of sergeant and taking a passing examination. Third: by serving as long in the civil service and then taking examination for lieutenant. Am I right? Or is there any other possible opening? Which of these is the more suitable for me?

If you could do so for me to endeavor to get any twenty or twenty-five to give persons to promise to become members of the classes before it is started, with their number as a nucleus, the classes might in time grow into something worth while.

I have also received your letter of the 3d enclosing check for $1000, for which I send you my receipt.

I am pleased to learn that funds are coming in so liberally.

Mr. Larry is getting better.

That Hamilton springs water is not good; it is dangerous to use it. We hope to have better very soon.

Dear Mr. President,

I am writing to express my concern about the recent developments on campus. It appears that there has been a significant decrease in student enrollment, which is putting a strain on our financial resources. I believe that we need to take immediate action to address this issue.

I have been in touch with several of our faculty members, and they have shared concerns about the quality of instruction and the perceived value of the education offered at our institution. It is clear that we need to improve our curriculum and teaching methods to remain competitive.

I suggest that we consider implementing a tuition increase to offset the financial losses. Additionally, we should explore ways to attract more students, such as expanding our outreach efforts and offering more online courses.

I would appreciate it if you could discuss these concerns with the faculty and administration and take the necessary steps to address them. I am confident that with your support, we can turn this situation around.

Sincerely,

Dear Gen. Howard:

Mrs. Larry seems to be some better though she is still very ill, not taking solid food yet. My type writer is her muse which accounts for a written letter.

I enclose you a letter which speaks for itself. I passed the check on to Mr. Eager. As I do not know when I can get away will you kindly remit the money you reserved for me here, subject to my call.

Where I last wrote you, as I had sent the cash costs here, it is Sunderland had gone to Harrow School & took Mrs. Tucker’s place. She did not wish to remain there, in fact would leave the school rather than do so. I took her back here and do our cash expense should be $20.00 per month more than I gave you there.

Dear Mr. President:

I have been asked to attend a meeting of the Board of Trustees of the University of the State of California, which will be held in Sacramento on Monday, November 12th. I am writing to let you know that I will be unable to attend the meeting. I am very sorry, but I have important business to attend to.

I understand that the meeting will be held at the State Capitol, and that you will be in attendance. I hope to be able to attend the meeting on another occasion.

Sincerely,

I replaced her this morning by one who works for board. I let the superintendents keep Mr. Nehri in charge of the girls, although he isn't very well. Some of the teachers were absent, so I went over it in last week's reports. I am working on a new spring which seems very promising.

Everything seems to be moving very well all along the line. Of course, we cannot give as many pupils a chance to keep their way as we did last year, but that is simply because we are limited in scholarships. Cannot Mr. Fairchild find no places where we can present this work? I know churches have their regular societies who are somewhat jealous of outside things, but there are many glad to hear of such a romantic field. I will be glad to go anywhere to speak as soon as I can leave. Thank you for sending the check for $100 to the Methodist Church.
