My dear General:

I have just been advised by Mr. Adair that he was detained and could not get back to the hotel in Washington to see you before taking the train for Atlanta, and for this reason he did not get from you an account of your expenses incurred on visit to Washington on our behalf. I am writing, therefore, to beg that you will let me know the amount of your expense at your early convenience, and I will immediately send check to cover same.

I regretted exceedingly that I was unable personally to be with you in Washington, but Capt. Howell and Mr. Adair have told me of your very earnest and efficient work in our behalf, and I can assure you of the very sincere gratitude of all of our people for this and for your many evidences of kind consideration. I trust that we may be successful in securing the Park, and if we do, the credit will be yours.

Thanks for your letter of the 12th. Hope you will get your stenographer back soon because it must be hard work for you to write.

I did not mean to have you go way up to Columbia College to see Low for he lives not far from Senator Depew and I intended for you to drop him on him as you came down town in the morning exactly as you did upon the Senator. However, it is all right and I have written Seth Low to-day. I hardly think it possible at this late hour that he can come over, but we will have a pleasant time together at the Massachusetts Club on Saturday afternoon, the 22nd, and I am glad you were pleased at the Brookline engagement in Dr. Reuben Thomas' church. I am working hard to make it a success and hope you will have some interesting incidents from the mountains to relate.

Mrs. Blanchard is away but I have sent her your invitation to be a "patroness" at the Lincoln birthday celebration. Of course, it will be impossible for her to accept but I thank you just the same.

Hon. E. S. Converse is at the Lakewood Hotel, Lakewood, N.J., and I do not see why he will not be willing to be one of the general committee that you refer to. I think you can use the Boston list very generally if you wish to, but we will have

than those enclosed in your letter,
I shall be glad to read them
and to share them with my
friends.

Yours sincerely

Louisa G. Lane.
(Mrs. George W. Lane)

You may be pleased to know
that he was also much interested
in the dinner given in your honor,
and wished to have the newspapers
of a certain date looked up, because
it would undoubtedly contain the
report of it.

In regard to the Lincoln
Memorial University, I am
already interested, and shall
be glad to know more definitely
of its progress. I drove through
the Gap last year, in company
with my sister and niece, and

we called upon one of the teachers
at Harrow School. We had no
opportunity to visit the other
buildings of the University, - and
indeed, I do not know that they
were then occupied.

A memorial Tablet is not
exactly within my range, but
I hope I may sometime contri-
bute something toward the current
expenses of the University.

Do you furnish any estimate
of the cost of a scholarship,
as at Hampton and Berea?
If you have printed other statements

Genl. Curtis has forwarded me a copy of your letter to Genl. Beck about his lecture. I am thinking of arranging a patriotic service in the Central Congregational Church for the first Sunday evening in February. May I trouble you to drop me a line informing me whether in your opinion his lecture would be a proper one for an occasion of this kind in a Church of our Sunday evening?

Your favor of the 13th reached me in due course, and I am sending New York draft herewith for \$20.60, to cover expense of your trip to Washington in our behalf.

I did not know that you had an office in New York, consequently, I have been addressing you at Burlington. I wrote you there several days ago, explaining that Mr. Adair had been disappointed in getting back to the hotel at Washington to see you before his train left, and asking you to forward bill of expense.

I took occasion in that letter to thank you for your very earnest and efficient efforts on behalf of the Atlanta National Military Park, and I can but repeat that expression here. We do most highly appreciate your generous services in our behalf and thank you again for your liberal work and for the very practical suggestions made in your letter just received.

Very truly yours,

I have the honor to acknowledge the receipt of your letter of the 28th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. It is true that the celebration of Lincoln's birthday will be a success, and will result in a liberal legislation on the part of Congress which we need so much. Everything is moving nicely here, but much more work is to be done.
